**Re: Deutsche Telekom AG
Form 20-F for the Fiscal Year Ended December 31, 2008
Filed February 27, 2009
File No. 1-14540**

Dear Mr. Obermann:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as state sponsors of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note in the International Carrier Sales and Solutions (ICSS) section of your website that Iran and Syria are linked with your bilateral voice network. We are also aware of publicly available information that you have active roaming agreements with network operators in Cuba, Iran, Sudan, and Syria, which are countries that are identified by the U.S. Department of State as state sponsors of terrorism, and are subject to U.S. economic sanctions and export controls. We note that your Form 20-F does not include disclosure regarding contacts with Cuba, Iran, Sudan, or Syria. Please describe to us the nature and extent of your past, current, and anticipated contacts with Cuba, Iran, Sudan, and Syria, if any, whether through subsidiaries, distributors, resellers, mobile virtual network

- operators, or other direct or indirect arrangements. Your response should describe any services that you have provided into Cuba, Iran, Sudan, or Syria, directly or indirectly, and any agreements, commercial arrangements, or other contacts you have had with the governments of those countries or entities controlled by those governments.
2. Please discuss the materiality of any contacts with Cuba, Iran, Sudan, and Syria, and whether those contacts constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of revenues, assets, and liabilities associated with Cuba, Iran, Sudan, and Syria for the last three fiscal years and any subsequent period. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you may be aware, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with U.S.-designated state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Cuba, Iran, Sudan, and Syria.
