CORINTHIAN PARTNERS, LLC

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS ACTIVITY

Company Operations

Corinthian Partners, LLC (the “Company”) is engaged in the securities and investment banking business. The Company is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and the Financial Industry Regulatory Authority (“FINRA”). The Company is also a member of the Securities Investor Protection Corporation (“SIPC”).

The Company is a single member Delaware limited liability company and is a wholly-owned subsidiary of Corinthian Holdings, LLC (the “Parent Company”) which is the sole managing member.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts at high quality financial institutions. The balances, at times, may exceed the Federal Deposit Insurance Corporation’s (the “FDIC”) current \$250,000 limit. At December 31, 2019 the Company did not exceed the federally insured limit.

Accounting Method

The Company’s financial statements are prepared using the accrual basis as specified in the AICPA’s Audit and Accounting Guide – “Audits of Brokers and Dealers in Securities”. Customer transactions are recorded on a settlement date basis for financial statement and tax purposes. Direct business transactions are recorded on the cash basis as payment is received from the carrier. Revenues from investment banking related transactions are recognized when the performance obligations have been met. Securities owned and securities sold, but not yet purchased, are reported at fair value.

Revenue Recognition

On January 1, 2019, the Company adopted ASU 2014-09 *Revenue from Contracts with Customers* and all subsequent amendments to the ASU (collectively, “ASC 606”), which creates a single framework for recognizing revenue from contracts with customers that fall within its scope.

Revenue is measured based on a consideration specified in a contract with a customer. The Company recognizes revenue when it satisfies a performance obligation by transferring control over goods or service to a customer. Services within the scope of ASC 606 include the following:

Investment Advisory Fees

The Company earns Investment Advisory Fees from its contracts with brokerage customers to manage assets for investment, and/or to transact on their accounts. The Investment Advisory Fees are primarily earned over time as the Company provides the contracted quarterly services and are generally assessed based on a tiered scale of the market value of assets under management (AUM) at month-end.

These financial statements and schedules are deemed confidential pursuant to subparagraph (e)(3) of Rule 17a-5 of the Securities Exchange Commission.

CORINTHIAN PARTNERS, LLC

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Investment Brokerage Fees

The Company earns brokerage fees from its contracts with brokerage customers to transact on their account. Fees are transaction based, including trade execution services, are recognized at the point in time that the transaction is settled, i.e., the settlement date.

Mutual Fund and 12b1 Fees

Mutual Funds or pooled investment vehicles (collectively, "funds") have entered into agreements with the Company to distribute/sell its shares to investors. Fees are paid up front and over time (12b-1 fees) on the basis of a contractual rate applied to the monthly or quarterly market value of the fund (that is, net asset value [NAV]), the fund may also pay, upon investor exit from the fund (that is, a contingent deferred sales charge [CDSC]), or as a combination thereof. Revenue is recognized monthly as services are provided.

Investment Banking Services

These services include agreements to provide advisory services to customers for which they charge the customers fees. The Company provides advisory services/corporate finance activity including mergers and acquisitions, reorganizations, tender offers, leveraged buyouts, fundraising activity and the pricing of securities to be issued.

The agreement contains nonrefundable retainer fees or success fees, which may be fixed or represent a percentage of value that the customer receives if and when the corporate finance activity is completed ("success fees"). In some cases, there is also an "announcement fee" that is calculated on the date that a transaction is announced based on the price included in the underlying sale agreement. The retainer fees, announcement fee, or other milestone fees reduce any success fee subsequently invoiced and received upon the completion of the corporate finance activity. The Company has evaluated its nonrefundable retainer payments, to ensure its fee relates to the transfer of a good or service, as a distinct performance obligation, in exchange for the retainer. If a promised good or service is not distinct, the Company combines that good or service with other promised goods or services until it identifies a bundle of goods or services that is distinct. In some cases, that would result in the broker-dealer accounting for all the services promised in a contract as a single performance obligation and the retainer revenue is classified as deferred revenue on the Statement of Financial Condition.

Customer Accounts

Customer Accounts – Fully Disclosed Basis

The Company operates pursuant to paragraph (k)(2)(ii) of Rule 15c3-3 and does not carry customer accounts or clear customer transactions. Accordingly, all customer transactions for client assets held at the clearing firm are executed and cleared on behalf of the Company by RBC Correspondent Services ("RBC") on a fully disclosed basis. The Company's agreement with RBC provides that as a clearing broker, RBC will make and keep such records of the transactions affected and cleared in the customer accounts as are customarily made and kept by a clearing broker pursuant to the requirements of Rules 17a-3 and 17a-4 of the Securities Exchange Act of 1934, as amended, and will perform all services customarily incident thereto. All customer funds and securities received, if any, are promptly transmitted directly to RBC. As a result, the Company is exempt from the remaining provisions and requirements of Rule 15c3-3.

These financial statements and schedules are deemed confidential pursuant to subparagraph (e)(3) of Rule 17a-5 of the Securities Exchange Commission.

CORINTHIAN PARTNERS, LLC

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Customer Accounts – Directly Held Assets

Certain client assets are held away from RBC (i.e. investments in annuities, life insurance policies, mutual funds, REIT's, etc.). All customer funds received, if any, are promptly transmitted directly to the carrier.

Use of Estimates

The preparation of these financial statements in conformity with generally accepted accounting principles requires the use of estimates based on management's knowledge and experience. Due to their prospective nature, actual results could differ from those estimates.

Marketable Securities

Proprietary securities transactions are recorded on the trade date and valued at fair market value. Amounts receivable and payable for security transactions that have not yet reached their contractual settlement date are recorded net on the statement of financial condition and marked-to-market as needed.

Receivables

Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. At December 31, 2019 no allowance was deemed necessary by management. There were no write-offs of uncollectable amounts recognized during 2019.

Property and Equipment

Purchases of property and equipment are recorded at cost. Items with a purchase price of less than \$2,500 are expensed in full at the time of purchase. Depreciation is provided on the straight-line method which is considered adequate for the recovery of the assets over their estimated useful lives, which ranges between 3 and 7 years. There was no depreciation expense for the year ended December 31, 2019, and no assets were disposed of during the year.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. At December 31, 2019, there were no cash equivalents.

New Accounting Pronouncements

The Financial Accounting Standards Board ("FASB") issued ASU 2016-02 *Leases* ("ASC 842") on February 25, 2016. ASC 842 replaces ASC 840 and is effective for public business entities for annual periods beginning December 15, 2018. The Company is evaluating this new lease accounting standard and will implement as required.

These financial statements and schedules are deemed confidential pursuant to subparagraph (e)(3) of
Rule 17a-5 of the Securities Exchange Commission.

CORINTHIAN PARTNERS, LLC

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Subsequent Events

The Company has evaluated events and transactions that occurred between January 1, 2020 and February 25, 2020, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. The Company has determined that there were no subsequent events.

NOTE 3 – NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum level of net capital, as defined under such provisions. Additionally, the Company is required to maintain a net capital ratio (a ratio of aggregate indebtedness to net capital) of not more than 1500%. At December 31, 2018, the Company had net capital of \$77,832 which was \$69,890 in excess of its required capital of \$7,942. The Company's ratio of aggregate indebtedness to net capital was 1.53 to 1 as of December 31, 2018. The Company does not handle cash or securities on behalf of customers. Therefore, the Company is exempt from the requirements of SEC Rule 15c3-3.

NOTE 4 – RELATED PARTY TRANSACTIONS

The Company had a \$1,095 payable to its parent, Corinthian Holdings, LLC, at December 31, 2019. Collision Capital, LLC, a minority owner of Corinthian Holdings, LLC, has represented that they will continue to fund the operations the Company.

NOTE 5 – LEASE COMMITMENTS

The Company leases office space in New York, NY for \$8,700 per month under a month-to-month lease.

In February 2016, FASB issued ASU 2016-02, Leases (Topic 842). FASB issued ASU 2016-02 to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. Certain qualitative and quantitative disclosures are required, as well as a retrospective recognition and measurement of impacted leases. The new guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2019, with early adoption permitted. The Company does not have any leases that meet the requirements of ASU 2016-02.

Rent expense for 2019 was \$104,400.

NOTE 6 – COMMITMENTS AND CONTINGENCIES

In the normal course of business, customer complaints may arise. Some of these complaints may lead to civil actions. The Company is subject to at least one FINRA arbitration matter as of December 31, 2019 stemming from the actions of registered representatives who are no longer with the Company. At this time, the Company does not believe any pending litigation will have a material effect on the financial position of the firm. The Company has not established a reserve at this time, as the amount of any potential loss is undeterminable.

These financial statements and schedules are deemed confidential pursuant to subparagraph (e)(3) of
Rule 17a-5 of the Securities Exchange Commission.

CORINTHIAN PARTNERS, LLC

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE 6 – COMMITMENTS AND CONTINGENCIES (*Continued*)

The Company is also subject to a breach of contract action pending the Supreme Court for the State of New York. The Company has reported a contingent liability in the amount of \$34,430 in its net capital computation pending a potential settlement of this matter.

NOTE 7 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad areas:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

The Company owned two securities at December 31, 2019, priced using Level 1 inputs and valued at \$8,953.

The Company has not issued any guarantees during the year ended December 31, 2019.

To the Members
of Corinthian Partners, LLC

We have reviewed management's statements, included in the accompanying SEC Rule 15c3-3 Exemption Report, in which (1) Corinthian Partners, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which Corinthian Partners, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (the "exemption provisions") and (2) Corinthian Partners, LLC stated that Corinthian Partners, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. Corinthian Partners, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Corinthian Partners, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Corinthian Partners LLC's management is responsible for its Form SIPC-7 and for its compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with standards established by the Public Company Accounting Oversight Board (United States) and in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. - 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
- 4) Recalculated the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences; and
- 5) Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on Corinthian Partners LLC's compliance with the applicable instructions of the Form SIPC-7 for the year ended December 31, 2019. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
