**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholder of  
Caterpillar Financial Services Corporation:

We have examined management's assertion, included in the accompanying Management's Report on Compliance with Regulation AB Criteria, that Caterpillar Financial Services Corporation (the Company) complied with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for equipment leases other than those securitized prior to January 1, 2006 (the Platform) as of and for the year ended December 31, 2008, excluding criteria 1122 (d)(1)(ii) through 1122 (d)(1)(iv), 1122 (d)(2)(ii), 1122 (d)(2)(iii), 1122 (d)(2)(vi), 1122 (d)(3)(ii) through 1122 (d)(3)(iv), 1122 (d)(4)(ix) through 1122 (d)(4)(xiii), and 1122(d)(4)(xv), which the Company has determined are not applicable to the servicing activities performed by them with respect to the Platform. Appendix A to management's assertion identifies the individual asset-backed transactions and securities defined by management as constituting the Platform. Management is responsible for the Company's compliance with the servicing criteria. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the applicable servicing criteria and performing such other procedures as we considered necessary in the circumstances. Our examination included testing of selected asset-backed transactions and securities that comprise the Platform, testing of selected servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the applicable servicing criteria. Our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to detect noncompliance arising from errors that may have occurred prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

In our opinion, management's assertion that the Company complied with the aforementioned applicable servicing criteria as of and for the year ended December 31, 2008 for the Platform is fairly stated, in all material respects.

## **Report of Independent Registered Public Accounting Firm**

The Board of Directors  
U.S. Bank National Association

We have examined management's assertion, included in the accompanying Report on Assessment of Compliance with SEC Regulation AB Servicing Criteria, that U.S. Bank National Association (the Company) complied with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for the Corporate Trust Asset-Backed Securities platform (the Platform) as of December 31, 2008, and for the period from January 1, 2008 through December 31, 2008, except for servicing criteria 1122(d)(1)(iii), 1122(d)(4)(i)–(ii), and 1122(d)(4)(iv)–(xiv), which the Company has determined are not applicable to the activities performed by them with respect to the servicing Platform covered by this report. Management is responsible for the Company's compliance with those servicing criteria. Our responsibility is to express an opinion on management's assertion about the Company's compliance with the servicing criteria based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, as adopted by the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the applicable servicing criteria and performing such other procedures as we considered necessary in the circumstances. Our examination included testing of less than all of the individual asset-backed transactions and securities that comprise the Platform, testing of less than all of the servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the servicing criteria. Furthermore, our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to determine whether errors may have occurred either prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report for the selected transactions or any other transactions. Although the Company is responsible for assessing compliance with Items 1122(d)(1)(ii) and 1122(d)(2)(iii) of Regulation AB, there were no servicing activities performed by the Company during the period January 1, 2008 through December 31, 2008, that required these servicing criteria to be complied with. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

In our opinion, management's assertion that the Company complied with the aforementioned servicing criteria as of December 31, 2008, and for the period from January 1, 2008 through December 31, 2008, for the Corporate Trust Asset-Backed Securities platform is fairly stated, in all material respects.
