PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS

To Be Held on December 14, 2007

GENERAL INFORMATION FOR STOCKHOLDERS

The enclosed proxy ("Proxy") is solicited on behalf of the Board of Directors (the "Board") of Pharmacyclics, Inc., a Delaware corporation (the "Company"), for use at its 2007 Annual Meeting of Stockholders (the "Annual Meeting") to be held at 12:00 P.M. local time on December 14, 2007, at the Company's facility, 995 E. Arques Avenue, Sunnyvale, CA 94085 and at any adjournment or postponement thereof.

This Proxy Statement and the accompanying form of Proxy were first mailed to all stockholders entitled to vote at the Annual Meeting on or about November 2, 2007.

The Company's principal executive offices are located at 995 East Arques Avenue, Sunnyvale, California 94085. Its telephone number is (408) 774-0330.

Record Date and Voting

Stockholders of record at the close of business on October 22, 2007 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. As of the close of business on the Record Date, there were 25,968,189 shares of the Company's Common Stock (the "Common Stock") outstanding and entitled to vote. No shares of the Company's preferred stock are outstanding. Each stockholder is entitled to one vote for each share of Common Stock held by such stockholder as of the Record Date.

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date. Shares that are voted "FOR," "AGAINST," "ABSTAIN" or "WITHHELD FROM" a matter are treated as being present at the meeting for purposes of establishing a quorum. Broker non-votes (i.e., the submission of a Proxy by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter) are also counted for purposes of determining the presence of a quorum for the transaction of business. Shares voted "FOR" or "AGAINST" a particular matter presented to stockholders for approval at the Annual Meeting will be treated as shares entitled to vote ("Votes Cast") with respect to such matter. Abstentions also will be counted towards the tabulation of Votes Cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast (such as an amendment to, or adoption of, a stock purchase plan).

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Stockholders may not cumulate votes in the election of directors. If a choice as to the matters coming before the Annual Meeting has been specified by a stockholder on the Proxy, the shares will be voted accordingly. If a Proxy is returned to the Company and no choice is specified, the shares will be voted IN FAVOR OF each of the Company's nominees for director and IN FAVOR OF the approval of each of the proposals described in the Notice of Annual Meeting of Stockholders and in this Proxy Statement.

Any stockholder or stockholder's representative who, because of a disability, may need special assistance or accommodation to allow him or her to participate at the Annual Meeting may request reasonable assistance or accommodation from the Company by contacting Leiv Lea, Vice President, Finance and Administration and Chief Financial Officer and Secretary, in writing at 995 East Arques Avenue, Sunnyvale, California 94085 or by telephone at

(408) 774-0330. To provide the Company sufficient time to arrange for reasonable assistance, please submit such requests by December 1, 2007.

Revocability of Proxies

Any stockholder giving a Proxy pursuant to this solicitation may revoke it at any time prior to the meeting by filing with the Secretary of the Company at its principal executive offices at 995 East Arques Avenue, Sunnyvale, California 94085-4521, a written notice of such revocation or a duly executed Proxy bearing a later date, or by attending the Annual Meeting and voting in person.

Solicitation

The Company will bear the entire cost of this solicitation, including the preparation, assembly, printing and mailing of the Notice of Annual Meeting, this Proxy Statement, the Proxy and any additional solicitation materials furnished to stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. To assure that a quorum will be present in person or by proxy at the Annual Meeting, it may be necessary for certain officers, directors, employees or other agents of the Company to solicit proxies by telephone, facsimile or other means or in person. The Company will not compensate such individuals for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by mail.

Deadline for Receipt of Stockholder Proposals

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's fiscal 2008 annual meeting of stockholders is the close of business on July 7, 2008. Proposals of stockholders intended to be presented at the Company's fiscal 2008 annual meeting of stockholders without inclusion of such proposals in the Company's proxy statement and form of proxy relating to the meeting must be received by the Company no later than the close of business on September 15, 2008 and no earlier than the close of business on August 15, 2008.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of "householding" proxy statements. This means that only one (1) copy of this proxy may have been sent to multiple stockholders in a stockholder's household. The Company will promptly deliver copies of the proxy statement and annual report to any stockholder who contacts the Company's investor relations department at 408-774-0330 or by mail addressed to Investor Relations, 995 East Arques Avenue, Sunnyvale, California 94085, requesting such copies. If a stockholder is receiving multiple copies of the proxy statement and annual report at the stockholder's household and would like to receive a single copy of the proxy statement and annual report for a stockholder's household in the future, stockholders should contact their broker, other nominee record holder, or the Company's investor relations department to request mailing of a single copy of the proxy statement and annual report.

IMPORTANT

Please sign and return the enclosed Proxy in the accompanying postage-prepaid envelope as soon as possible so that your shares may be voted if you are unable to attend the Annual Meeting.

The Company's Annual Report to Stockholders for the fiscal year ended June 30, 2007 (the "Annual Report") and the Annual Report on Form 10-K (the "Form 10-K") for the fiscal year ended June 30, 2007, as filed with the Securities and Exchange Commission (the "SEC"), have been included with the mailing of the Notice of Annual Meeting and Proxy Statement to all stockholders entitled to notice of and to vote at the Annual Meeting. Neither the Annual Report nor the Form 10-K is considered proxy-soliciting material and neither is incorporated into or is a part of this Proxy Statement.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL ONE - ELECTION OF DIRECTORS

At the Annual Meeting, a Board of Directors consisting of six (6) members will be elected to serve until the Company's next Annual Meeting or until their successors shall have been duly elected and qualified or until their earlier death, resignation or removal. The independent members of the Board have selected six (6) nominees, all of whom are current directors of the Company. Each person nominated for election has agreed to serve if elected, and the Company has no reason to believe that any nominee will be unavailable to serve. Unless otherwise instructed, the Proxy holders will vote the Proxies received by them IN FAVOR OF each of the nominees named below. The six (6) candidates receiving the highest number of affirmative votes of all of the Votes Cast at the Annual Meeting will be elected. If any nominee is unable to or declines to serve as a director, the Proxies may be voted for a substitute nominee designated by the Nominating and Corporate Governance Committee. As of the date of this Proxy Statement, the Board is not aware of any nominee who is unable or will decline to serve as a director.

The Board has determined that all of the director nominees, other than Dr. Miller, are "independent" as that term is defined in the Nasdaq Marketplace Rules. Dr. Miller is not considered independent because he is an executive officer of the Company. The Board has further determined that director nominees Miles R. Gilburne and James L. Knighton, both of whom are members of the Company's Audit Committee, satisfy the more restrictive independence requirements for Audit Committee members set forth in United States securities laws. See "Board Meeting, Independence and Committees" below for further discussion of these independence determinations.

Vote Required and Board Recommendation

The six (6) nominees receiving the highest number of affirmative votes of the shares present in person or represented by Proxy and entitled to vote at the Annual Meeting shall be elected as directors of the Company.

Board Meetings, Independence and Committees

During the fiscal year ended June 30, 2007, the Board held seven (7) meetings. During the fiscal year ended June 30, 2007, all directors attended at least seventy-five percent (75%) of the meetings of the Board and of the committees on which they served that were held during the period for which they were a director or committee member, respectively. Although the Company does not have a formal policy regarding attendance by members of the Board at its Annual Meeting, the Company encourages directors to attend and historically many of them have done so. To facilitate attendance and reduce travel costs, the Company usually schedules its Annual Meeting to occur immediately before or

after a periodic meeting of the Board. All members of the Board attended the annual stockholder meeting in December 2006.

The Board has determined that all of the members of the Board, other than Dr. Miller, are "independent" as that term is defined in the Nasdaq Marketplace Rules. Dr. Miller is not considered independent because he is an executive officer of the Company. As required under applicable Nasdaq Marketplace Rules, the Company's independent directors meet regularly in executive session at which only they are present. The Board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The Board has adopted a charter for each of the three standing committees.

Audit Committee

The primary purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Audit Committee is also charged with the review and approval of all related party transactions involving the Company. The Audit Committee acts pursuant to a written charter that has been adopted by the Board attached as Exhibit A to this proxy statement. A more complete description of the powers and responsibilities delegated to the Committee is set forth in the Audit Committee charter. Mr. Knighton, as the chairperson, Mr. Gilburne and Dr. White presently serve on the Audit Committee. Mr. Gilburne served on the Audit Committee throughout fiscal year 2007, Mr. Knighton was appointed to the Audit Committee in August 2006, Dr. White was appointed to the Audit Committee in December 2006. The Audit Committee met four (4) times during the fiscal year ended June 30, 2007. The Board has determined that all members of the Audit Committee are "independent" as that term is defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules. The Board has further determined that Mr. Knighton is an "audit committee financial expert" as defined by Item 401(h) of Regulation S-K of the Securities Act of 1933, as amended (the "Securities Act").

Compensation Committee

The Compensation Committee reviews and approves the Company's general compensation policies, sets compensation levels for the Company's executive officers and administers the Company's 2004 Equity Incentive Award Plan (the "2004 Plan") and the Employee Stock Purchase Plan. Dr. Levy, as chairperson, Mr. Rohn, Dr. White and Mr. Duggan, presently serve on the Compensation Committee. Dr. Levy and Mr. Rohn served on the Compensation Committee throughout fiscal year 2007, while Dr. White and Mr. Duggan joined the Compensation Committee in August 2006 and September 2007, respectively. The Compensation Committee met two (2) times during the fiscal year ended June 30, 2007. The Board has determined that all of the members of the Compensation Committee are "independent" as defined in the Nasdaq Marketplace Rules.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance ("NCG") Committee establishes qualification standards for Board membership, identifies qualified individuals for Board membership and considers and recommends director nominees for approval by the Board and the stockholders. The NCG Committee has adopted a written charter that is available on the Company's website at www.pharmacyclics.com. The NCG Committee considers suggestions from many sources, including stockholders, regarding possible candidates for director. The NCG Committee also takes a leadership role in shaping the corporate governance of the Company. Mr. Gilburne, as chairperson, Mr. Rohn, Mr. Knighton, Dr. Levy and Dr. White presently serve on the NCG Committee. Mr. Gilburne, Dr. Levy and Mr. Rohn served on the NCG Committee throughout fiscal year 2007 while Mr. Knighton and Dr. White joined the NCG Committee in August 2006 and Mr. Duggan joined the NCG Committee in September 2007. During the fiscal year ended June 30, 2007, the NCG Committee met two (2) times. The Board has determined that each of the members of the NCG is "independent" as defined in the Nasdaq Marketplace Rules.

Director Nomination and Communication with Directors

Criteria for Nomination to the Board

In evaluating director nominees, the NCG Committee considers the following factors:

- the appropriate size of the Board;
- the level of technical, scientific, operational, strategic and/or economic knowledge of the Company's business and industry;
- experience at the senior executive or board level of a public company;

- integrity and commitment to the highest ethical standards;
- whether the candidate possesses complimentary skills and background with respect to other Board members; and
- the ability to devote a sufficient amount of time to carry out the duties and responsibilities as a director.

The objective of the NCG Committee is to structure a Board that brings to the Company a variety of skills and perspectives developed through high-quality business and professional experience. In doing so, the NCG Committee also considers candidates with appropriate non-business backgrounds. Other than the foregoing, there are no stated minimum criteria for director nominees. The NCG Committee may, however, consider such other factors as it deems are in the best interests of the Company and its stockholders.

The NCG Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining new perspectives. If any member of the Board does not wish to continue in service, or if the NCG Committee decides not to nominate a member for re-election, the Committee will identify the desired skills and experience of a new nominee as outlined above, providing that the Board determines to fill the vacancy. To date, the Company has not engaged a third party to identify or evaluate or assist in identifying potential nominees, although the Company reserves the right to do so in the future.

Stockholder Proposals for Nominees

The NCG Committee will consider proposed nominees whose names are submitted to it by stockholders, providing that the stockholder has held Company stock at least one (1) year and holds a minimum of 1% of the Company's outstanding voting securities. If a stockholder wishes to suggest a proposed name for consideration, he or she must follow our procedures regarding the submission of stockholder proposals. Our amended and restated bylaws permit stockholders to nominate directors for election at our annual meeting of stockholders as long as stockholders provide the Company with proper notice of such nomination. Any notice of director nomination must meet all of the requirements contained in our bylaws and include other information required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), including the nominee's consent to serve as a director. Stockholders may send recommendations for director nominees or other communications to the Board or any individual director c/o Secretary, Pharmacyclics, Inc., 995 East Arques Avenue, Sunnyvale, California, 94085. All communications received are reported to the Board or the individual directors, as appropriate. For any stockholder to make a director nomination at next year's annual meeting, the stockholder must follow the procedures described in this Proxy Statement under "Deadline for Receipt of Stockholder Proposals."

Code of Ethics and Committee Charters

The Board has also adopted a formal code of conduct that applies to all of our employees, officers and directors. The latest copy of our Code of Business Conduct and Ethics, as well as the Charters of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee of the Board are available in the "Investors" section of our website at www.pharmacyclics.com.

PROPOSAL TWO - RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected the firm of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2008, and has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited the Company's financial statements since 1993. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting to respond to appropriate questions, and will be given the opportunity to make a statement if he or she so desires.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm is not required by law or the Company's bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. In the event the stockholders fail to ratify the appointment, the Audit Committee of the Board will reconsider its selection. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Independent Registered Public Accounting Firm Fees

The following table sets forth the aggregate fees billed or to be billed by PricewaterhouseCoopers LLP for the following services during fiscal 2007 and 2006:

	Fiscal 2007	Fiscal 2006
Audit fees	\$ 297,200	\$ 263,900
Audit-related fees	-	-
Tax fees	20,000	18,500
All other fees	-	-
Total	<u>\$ 317,200</u>	<u>\$ 282,400</u>

In the above table, "audit fees" for professional services for the audit of the Company's financial statements included in its Annual Report on Form 10-K for the years ended June 30, 2007 and 2006, and review of financial statements included in its quarterly reports on Form 10-Q and for services that are normally provided in connection with statutory and regulatory filings. "Tax fees" are fees for tax compliance, tax advice and tax planning. All fees described above were approved by the Audit Committee, pursuant to the pre-approved policy described below.

Pre-Approval Policy and Procedures

In accordance with the Audit Committee charter, the Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accounting firm, including the estimated fees and other terms of any such engagement. These services may include audit services, audit-related services, tax services and other services. Any pre-approval is detailed as to the particular service or category of services. The Audit Committee may elect to delegate pre-approval authority to one or more designated Committee members in accordance with its charter. The Audit Committee has delegated to Mr. Knighton the ability to pre-approve certain audit and non-audit services. The Audit Committee considers whether such audit or non-audit services are consistent with the SEC's rules on auditor independence. The Audit Committee has considered whether the provision of the services noted above is compatible with maintaining PricewaterhouseCoopers LLP's independence.

Vote Required and Board Recommendation

The affirmative vote of a majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the selection of PricewaterhouseCoopers LLP.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Objectives

The Compensation Committee's overall policy as to executive compensation is to ensure that an appropriate relationship exists between the total compensation package established for each executive officer and the creation of stockholder value, while at the same time assuring that compensation is sufficiently competitive to motivate and retain key executives. We compensate our executive officers through a combination of base salary, discretionary cash bonuses and equity compensation in the form of stock options. Our overall compensation packages are structured so that an executive officer receives a significant part of their potential compensation through stock options whose potential value is directly related to the performance of our common stock. We do not have any formal Pharmacyclics stock ownership guidelines for our executive officers or Board of Directors, although we believe our Employee Stock Purchase Plan and 2004 Equity Incentive Award Plan encourage stock ownership.

Determination of Compensation

Our Compensation Committee, which is composed entirely of Independent outside directors, is responsible for setting and administering the policies which govern all the compensation programs of Pharmacyclics. Regarding most compensation matters, including executive officer and director compensation, our Chief Executive Officer provides recommendations, excluding himself, to the Compensation Committee. The Compensation Committee does not delegate any functions to others in setting compensation. We do not currently engage any consultant related to executive and/or director compensation matters, although we may choose to do so in the future.

Since the Company is in the development stage, the use of traditional performance standards (such as profit levels and return on equity) are not appropriate in evaluating the performance of the executive officers. In particular, the unique nature of the biotechnology industry, specifically the absence of revenues and the fact that the Company's stock performance is often more a consequence of larger market forces than of actual Company achievements, makes it difficult to tie performance objectives to standard financial considerations. The Company has not established specific compensation targets or used a specific formula to set the Company's executive compensation based on survey data, or benchmarked its executives' compensation against a particular set of comparable companies. The establishment of executive compensation has been highly subjective and has been based primarily upon the extensive company experience of the members of the Compensation Committee, which evaluates other indications of performance such as research progress, clinical development results, company financing activity and business development results.

Elements of Executive Compensation

Annual executive officer compensation consists of the following elements which are described in more detail below:

- Base salary
- Incentive cash bonuses
- Equity awards in the form of stock options
- Other generally available benefit programs

Base Salary. The base salary for executive officers is set to be commensurate with their professional status, experience and accomplishments and the scope of their responsibilities as compared to the responsibilities of executive management in other companies of similar size and stage of development. The Compensation Committee reviews base salary levels on an annual basis. In setting base salaries for executive officers, the Compensation Committee reviewed compensation data on biotechnology companies of similar size and of comparable product development stage as published in the Radford Biotechnology Survey; historical adjustments in executive base pay; and internal equity in base pay among the executive officers. As described above, there is no specific benchmark target for purposes of establishing base salary levels, and the Compensation Committee reviewed the Radford survey data only as a means to provide a general context for executive compensation levels. Based on their review, the Compensation Committee did not change the level of base pay for executive officers in fiscal 2007.

Incentive Cash Bonuses. Beginning in fiscal 2005, all executive officers were eligible for annual performance bonuses. At the beginning of fiscal 2007, the Compensation Committee established a list of specific corporate and individual goals as well as specific bonus amounts tied to each goal. For fiscal 2007, the bonus targets were divided into three categories: 1) clinical development, 2) corporate development, and 3) individual goals. Bonus targets were payable in an

aggregate amount of up to 30% of an executive's base salary with 21% associated with clinical development, 3% with corporate development and 6% with individual goals. The Compensation Committee retained the discretion to increase, reduce or eliminate the bonus that might otherwise be payable to any individual based on actual performance as compared to the pre-established goals. The Compensation Committee did not approve the payment of any cash bonuses to executive officers for fiscal 2007. Currently, the Compensation Committee has not yet established an executive bonus plan for fiscal 2008.

Equity Awards

As discussed above, the Company believes that long-term incentive compensation consisting of equity awards are a critical component of a competitive compensation package in the biotechnology industry. This is particularly true given the long development periods associated with developing new pharmaceutical drugs and the competition for executive talent from the large number of biotechnology companies located in the San Francisco Bay Area. The Company also believes that equity awards effectively reward employees for Company success over time and encourage retention of executive officers by the Company.

The Company's 2004 Equity Incentive Award Plan allows for the grant of stock options, restricted stock units and stock appreciation rights. To date, the Company has only granted its executive officers "incentive stock options" within the meaning of the Internal Revenue Code and non-qualified stock options. We selected this form of equity awards because stock options provide a straight-forward long-term incentive for our executive officers, provide a competitive form of equity awards because they are awarded to employees of other companies in our industry and result in less immediate dilution of existing stockholders' interest.

Award Criteria

As described above, the Company does not have specific benchmark targets for purposes of determining the level of equity awards to executives. Generally, the Compensation Committee grants options at a level that the Compensation Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, on its perception of the executive's ability to affect future stockholder value the executive's outstanding options and competitive conditions in the market for highly-qualified executives who typically command compensation packages which include significant equity incentive. In setting the amount of option grants for individual executive officers, the Compensation Committee also takes into account the number of expiring options, underwater options, and in-the-money options held by individual executive officers.

Exercise Price

The Company believes that stock options priced at the fair market value of the Company's stock strongly align the interests of its Executive Officers with long-term Company performance and stockholder interests. Therefore, the Company has priced all of its stock option grants with exercise prices equal to the closing price of the Company's stock on the date of grant, which is how the 2004 Plan defines fair market value.

Timing of Equity Awards to Named Executive Officers

The Compensation Committee's general practice is to review Named Executive Officer performance and to set annual compensation for the Named Executive Officers once a year, near the end of the Company's fiscal year. Historically, equity awards to the Named Executive Officers have generally been approved in connection with these annual reviews with awards granted in May or June for fiscal years 2004 through 2006. In fiscal 2007, the Compensation Committee determined that it was important for employee retention purposes, following the February 2007 refuse to file letter from the FDA, to grant options in March 2007 to all employees, including Named Executive Officers. The Compensation Committee has not granted, nor does it intend in the future to grant, equity compensation awards to executives in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common stock, such as a significant positive or negative earnings announcements. Similarly, the Compensation Committee has not timed, nor does it intend in the future to time, the release of material nonpublic information based on equity award grant dates.

Other Compensation

Medical, Life and Disability Insurance. The Named Executive Officers participate in a variety of health, welfare and paid time-off benefits designed to enable the Company to attract and retain its workforce in a competitive marketplace.

As a result, the Company provides to each Named Executive Officer such health, welfare and paid time-off benefits as are provided to the Company's other employees.

401(k) Plan. We maintain a 401(k) Plan that is a defined contribution plan intended to qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended. In fiscal 2007, the Company matched 50% of all participant contributions up to a maximum of \$1,500 per employee.

Tax Considerations

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly held companies for compensation exceeding \$1 million paid to certain of the corporation's executive officers. The limitation applies only to compensation that is not considered to be performance-based. The non-performance-based compensation to be paid to the Company's executive officers for the 2006 fiscal year did not exceed the \$1 million limit per officer, nor is it expected that the non-performance-based compensation to be paid to the Company's executive officers for fiscal 2006 will exceed that limit. The 2004 Plan is structured so that any compensation deemed paid to an executive officer in connection with the exercise of options granted under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation, which will not be subject to the \$1 million limitation. Because it is very unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limit, the Compensation Committee has decided at this time not to take any other action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual compensation of any executive officer approach the \$1 million level.

Severance and Change in Control Arrangements

We do not currently have employment agreements with any of our Named Executive Officers. The Company's 2004 Plan provides that 50% of all unvested options shall become fully vested upon a change in control of the Company. The plan further provides that if the employee's employment is terminated within twelve (12) months of a change in control, the remaining balance of unvested options shall become fully vested. The Company has entered into agreements with each of Dr. Miller, Mr. Inouye, Dr. Renschler and Mr. Lea that provide for certain payments and accelerated vesting of the shares of Common Stock subject to the outstanding options held by each officer in the event of certain changes in control of the Company or a subsequent termination of employment. The types of changes in control causing payments to be made and accelerated stock vesting to occur consist of certain mergers or consolidations; the sale, transfer or other disposition of all or substantially all of the Company's assets; and hostile take-overs. In the event of such officer's involuntary termination within thirty-six (36) months following the change in control, the officer will be entitled to receive severance payments for a period of twelve (12) months in an aggregate amount equal to the officer's base salary at the time of termination plus the bonus paid to the officer in the fiscal year preceding the year of termination. The payments will be made in installments over the twelve (12) month period unless the officer elects to receive a lump-sum payment equal to the present value of the installment payments. In addition, in the event of a change in control, all outstanding options held by the officer that would fully vest or become fully exercisable at least eighteen (18) months after the change in control will accelerate as follows: 50% of the unvested or unexercisable portion immediately upon the change in control; 25% of the portion unexercisable or unvested at the time of the change in control one (1) year after the change in control (if the officer is then still employed by the Company or its successor); and 25% of the portion unexercisable or unvested at the time of the change in control eighteen (18) months after a change in control (if the officer is then still employed by the Company or its successor). All options held by the officer at the time of a change in control that otherwise become fully exercisable or fully vest within eighteen (18) months following the change in control will become exercisable and vest in accordance with the following schedule: 50% of the previously unexercisable or unvested portion immediately upon the change in control; the remaining portion will continue to become exercisable and vest in accordance with the exercise/vesting schedule applicable to those options at the time of the change in control. Similarly, any repurchase rights exercisable by the Company with respect to shares of Common Stock held by the officer will lapse depending upon when the repurchase rights would have otherwise lapsed. In the event of the officer's involuntary termination during the eighteen (18) month period after the change in control, all previously unexercisable options (including options that did not accelerate at the time of the change in control) will become immediately exercisable and the repurchase rights will lapse as to all shares then held by the officer. The change-of-control and severance-related provisions in the Company's 2004 Plan and the individual severance agreements with Dr. Miller, Mr. Inouye, Dr. Renschler and Mr. Lea are intended to retain and motivate employees and allow the Company to remain competitive with companies with whom we may compete for talent.

Potential Payments Upon Termination or Change in Control

The following table provides potential payments that may be made to each Named Executive Officer upon a change of control as defined and pursuant to individual agreements. The amounts shown in the table below assume that the executive was terminated on June 30, 2007 and that the effective date of the change of control was June 30, 2007, and do not include amounts in which the Named Executive Officer had already vested as of June 30, 2007. The amounts shown below are hypothetical payments calculated using the assumptions required under applicable regulations, and do not represent actual payments to any Named Executive Officer. The actual compensation to be paid can only be determined at the time of a Named Executive Officer's termination of employment or upon a change of control, as applicable. In the table below, "N/A" indicates that there is no applicable payment.

Name	Benefit	Before Change of Control: Termination w/o Cause or for Good Reason	After Change of Control: Termination w/o Cause or for Good Reason
Richard A. Miller, M.D.	Severance payments	N/A	\$ 438,973 (1)

Markus F. Renschler, M.D.	Severance payments	N/A	283,980 (1)

(1) In the event of the Named Executive Officer's involuntary termination within thirty-six (36) months following the change in control, the Named Executive Officer will be entitled to receive severance payments for a period of twelve (12) months in an aggregate amount equal to the Named Executive Officer's base salary at the time of termination plus the bonus paid to the officer in the fiscal year preceding the year of termination. The payments will be made in installments over the twelve (12) month period unless the Named Executive Officer elects to receive a lump-sum payment equal to the present value of the installment payments.

(2) The closing price of the Company's common stock was \$2.72 on June 29, 2007, the last trading day in fiscal 2007. The exercise prices of all stock options held by the Named Executive Officers as of that date were above \$2.72. Committee chairmen receive an additional \$1,000 per Committee meeting attended. Board members are paid quarterly and may elect to receive their compensation in the form of non-qualified stock options with a face value equal to three (3) times the amount of cash compensation earned.

Equity Compensation

Each non-employee Director receives an automatic option grant to purchase 10,000 shares on the day they become a member of the Board with an exercise price of one hundred (100%) of the fair market value on the date of grant ("Initial Option"). Each non-employee Director of the Company receives an annual automatic grant on the day of the Company's Annual Meeting of a non-qualified stock option to purchase 7,500 shares with an exercise price of one hundred (100%)

of the fair market value on the date of grant (“Annual Replenishment Option”), providing that the Director has served as a Director for at least the six (6) months prior to the Annual Meeting.

All Director option grants are nonstatutory stock options subject to the terms and conditions of the 2004 Plan. Each Initial Option vests at the rate of 1/50th per month over sixty (60) months from the date of grant of the Initial Option, and each Annual Replenishment Option vests at the rate of 1/12th per month over twelve (12) months from the date of grant of the Annual Replenishment Option. Furthermore, Initial Options and Annual Replenishment Options vest only during the optionholder’s service as a Board member; provided however, that the Compensation Committee has the power to accelerate the time during which an option granted to a Director may vest.

Initial Options and Annual Replenishment Options terminate upon the earlier of (i) ten (10) years after the date of grant or (ii) thirty-six (36) months after the date of termination of the optionholder’s service as a Board member.

During the fiscal year ended June 30, 2007, Annual Replenishment Options to acquire 7,500 shares of common stock at an exercise price of \$5.53 per share were granted to Mr. Gilburne, Dr. Levy and Mr. Rohn.
