Consolidated Financial Statements

Note 5 - Notes and Interest Payable, page 45

1. We have read your response to our comment. With respect to the returns to Metra partners from property operations and sales and pursuant to paragraph 28 of SFAS 66, supplementally advise us how these returns represent a guaranty of the Registrant, as seller, on the Metra Capital investment. In that regard, clarify the party responsible for payment of the distributions to Metra partners and the consequence, should cash flows from operations and property sales not be sufficient to provide the Metra partners with a 15% cumulative compound annual return. Finally, quantify the total distributions paid to Metra Capital partners as a return on investment through December 31, 2004 and tell us how the distributions were accounted for in your financial statements as well as the financial statement line items affected.

2. Further to our previous comment, it is unclear how you have considered paragraph 33 in accounting for this transaction. Supplementally advise us how the Registrant, as seller, is able to exert control over Metra Capital. In addition, clarify whether your Preferred Stock of Innovo represents an equity interest in Metra Capital and how this precludes you from recognizing profit on the transaction. Refer to paragraph 34 of SFAS 66.
