Superior Silver Mines, Inc.
(An Exploration Stage Company)
Notes to Financial Statements

1. *Basis of Presentation*

Our financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Although certain information normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America has been condensed or omitted, the Company believes that the disclosures are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the financial statements and notes thereto for the year ended December 31, 2009.

The financial statements included herein reflect all normal recurring adjustments that, in the opinion of management, are necessary for a fair presentation. The results for interim periods are not necessarily indicative of trends or of results to be expected for the full year ended December 31, 2010.

2. *Description of Business*

Superior Mines Company was incorporated under the laws of the State of Idaho on January 22, 1962, and was established for the purposes of mineral exploration in the states of Idaho and Montana. In 1964, the Company's name was changed to Superior Silver Mines, Inc. (the Company). The Company's purpose is to seek, investigate and, if such investigation warrants, acquire an interest in business opportunities presented to it by persons or firms who, or which, seek the perceived advantages of a publicly registered corporation. The Company will not restrict its search to any specific business, industry, or geographical location and may participate in a business venture of virtually any kind or nature.

3. *Related Party Transaction*

During the nine months ended September 30, 2010, the Company incurred office expense of \$3,800 from H.F. Magnuson & Company. H.F. Magnuson, deceased, was the father of a director of the Company. At September 30, 2010 and December 31, 2009, the Company owed H.F. Magnuson & Company \$980 and \$1,125, respectively.

4. *Fair Value Disclosures*

On September 30, 2010, the Company's financial assets and liabilities, which included cash and cash equivalents and accounts payable, had carrying values which approximated fair value. The Company had no non-financial assets or liabilities.

5. *Commitments and Contingencies*

Because the Company was historically engaged in the mineral exploration industry, the possibility exists that the Company may have environmental liabilities. Management has no knowledge of any actions by the Company that might give rise to such potential liabilities, and although the likelihood is deemed remote, and the amount and nature of any liabilities is impossible to estimate, there can be no assurance that the Company may not, at some future date, be deemed to have environmental liabilities.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations (“MD&A”)

Cautionary Statement

Some sections of this MD&A may contain forward-looking statements. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance and underlying assumptions that are not statements of historical facts. This document and any other written or oral statements made by the Company, or on our behalf, may include forward-looking statements, which reflect current views with respect to future events and financial performance. The words “believe,” “expect,” “anticipate,” “intends,” “estimates,” “forecast,” “project” and similar expressions identify forward-looking statements. The forward-looking statements in this document are based upon assumptions, and although we believe that these assumptions were reasonable when made, these statements are not guarantees of future performance and are subject to certain risks and uncertainties, some of which are beyond our control, and are difficult to predict. Actual results could differ materially from those expressed in forward-looking statements. Readers are cautioned not to place undue reliance on any forward-looking statements, which reflect management’s view only as of the date of this report.

Material Changes in Financial Condition and Results of Operations

There were no material changes in the Company’s financial condition during the quarter ended September 30, 2010, and the Company’s results of operations for the three and nine month periods ended September 30, 2010 and 2009, were materially the same for comparable interim periods.

The Company’s purpose is to seek, investigate, and, if such investigation warrants, acquire an interest in a business opportunity presented to it by persons or firms who, or which, seek the perceived advantages of a publicly registered corporation. The Company will not restrict its search to any specific business, industry, or geographical location and may participate in a business venture of virtually any kind or nature.

During the next twelve months, the Company expects to be able to satisfy its cash requirements, and does not foresee the need to raise additional capital during this period.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Smaller reporting companies are not required to provide this information.

ITEM 4. CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures designed to ensure that information is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms. In designing and evaluating these controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

The Company evaluated the effectiveness of the design and operation of its disclosure controls and procedures at September 30, 2010, and concluded that its disclosure controls and procedures were effective. There has been no change in the Company’s internal controls over financial reporting during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company’s internal controls over financial reporting.
