Dear Ms. Gendron:

We have limited our review of your filing to the financial statements and related disclosures and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to these comments within ten business days by providing the requested information or advise us as soon as possible when you will respond. If you do not believe our comments apply to your facts and circumstances, please tell us why in your response.

After reviewing your response to these comments, we may have additional comments.

Note 4. Fair Value Disclosures, page F-20

1. It appears that your disclosure in Note 4 relates only to assets and liabilities measured at fair value on a recurring basis. Please revise to include the disclosures required by ASC 820-10-50-2 for assets and liabilities measured at fair value on a nonrecurring basis, such as the Juneau oil field assets which were impaired during 2016.

Note 10. Loans to and Investments in Associated Companies, page F-47

2. Please provide us with your analysis of whether your equity method investments met the requirements in Rule 3-09 of Regulation S-X to provide separate audited financial statements. If any of the investments met the requirements to be considered significant, please revise your filing to include these audited financial statements.
