### **Item 1.01 Entry into a Material Definitive Agreement**

On February 22, 2006, American Independence Corp. ("Company") entered into an agency agreement with First Integrated Health, Inc. ("FIH"). Under this agreement, FIH will begin writing employer Medical Stop-Loss through Independence American Insurance Company ("IAIC") as soon as practicable, and will move the majority of its existing block of fully-insured and stop-loss health insurance to IAIC in January 2007, with the balance moving by the end of 2007. IAIC will pay FIH \$2,500,000 by March 1, 2006, which FIH has agreed to simultaneously pay to Independence Holding Company ("IHC") in consideration of IHC issuing 125,000 shares of IHC common stock ("IHC Stock") to FIH. IAIC will hold the IHC Stock in escrow until such time as IAIC's aggregate annualized premiums written through FIH reaches \$30 million.

This Agreement terminates on December 31, 2011; provided, it will automatically be extended to December 31, 2016, subject to satisfaction of certain conditions as to premium volume and profitability. Assuming these conditions are satisfied, FIH would be entitled to up to an additional \$2,500,000 depending on the value of the IHC Stock as of December 31, 2011. If the Agreement is extended to December 31, 2016, subject to satisfaction of certain further conditions as to premium volume and profitability, FIH would be entitled to up to an additional \$5,000,000 depending on the value of the IHC Stock as of December 31, 2016. In addition, FIH could be entitled to a \$1,000,000 bonus on December 31, 2013 subject to satisfaction of certain conditions as to premium volume and profitability.

FIH will enter into a loss ratio slide arrangement whereby IAIC cedes a .35 to 1 two-way slide off of the pivot point of a 100% combined loss ratio risk share. All premiums with respect to the arrangement will be controlled by IAIC. FIH will collateralize this obligation with a letter of credit, cash or the IHC Stock. IAIC will receive customary carrier fees and Insurers Administrative Corporation will receive a management fee on the fully-insured business.

There is no material relationship between the Company and FIH, other than in respect of the agreement.

### NEWS RELEASE

#### **AMERICAN INDEPENDENCE CORP. ANNOUNCES AGREEMENT TO WRITE FULLY-INSURED AND MEDICAL STOP-LOSS HEALTH INSURANCE THROUGH INDEPENDENCE AMERICAN**

New York, New York, February 22, 2006. American Independence Corp. (NASDAQ: AMIC) today announced that it has executed an agency agreement for a marketing organization with a growing block of fully-insured health business, including Consumer Driven Health Plans (CDHPs) primarily sold to small employer groups, and Medical Stop-Loss to begin writing for Independence American Insurance Company. The agency that produces this business will immediately begin writing Employer Medical Stop-Loss through Independence American, and will move the majority of its existing block of fully-insured and stop-loss health insurance (currently approximately \$35 million and growing) to Independence American in January 2007, with the balance moving by the end of 2007. This block has averaged 8% risk profit over the past five years, although there is no guaranty that such results will be maintained. Independence American will be the exclusive issuing carrier for business underwritten by this agency through December 31, 2011. Subject to certain conditions, the agreement will automatically extend until December 31, 2016, and the agency could be entitled to additional cash consideration.

Roy Thung, Chief Executive Officer of AMIC, commented “This is a landmark event for AMIC. We have entered into a long-term arrangement to be the exclusive carrier for a marketing organization with an established captive agency force that has produced impressive underwriting results for many years, and is poised for accelerated growth. Based on historical results, we anticipate that this business will earn significant returns for AMIC for many years to come. We have been adding licenses and obtaining product approvals over the last several years so as to be prepared for an opportunity to become an issuing carrier. This block will significantly increase our fully-insured line of business, which tends to be less volatile than medical stop-loss, and will improve our overall mix of business.”
