INDEPENDENT AUDITORS' REPORT

JWH Securities, Inc.:

We have audited the accompanying statement of financial condition of JWH Securities, Inc. (the "Company") as of December 31, 2001, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of JWH Securities, Inc. at December 31, 2001 in conformity with accounting principles generally accepted in the United States of America.

JWH SECURITIES, INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION YEAR ENDED DECEMBER 31, 2001

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

JWH Securities, Inc. (the "Company") is a broker-dealer registered under the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers, Inc. ("NASD"). The Company was incorporated on April 6, 1998.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

The Company files its Federal and state income tax returns under the provisions of Subchapter S of the Internal Revenue Code, pursuant to which its operations are reportable on the income tax return of its stockholder and any income taxes thereon are payable by the stockholder.

2. RELATED PARTY TRANSACTIONS

The Company's officers and directors are also officers of John W. Henry & Company, Inc. ("JWH"), an affiliated company. During 2001, the Company reimbursed JWH \$25,000 for a portion of its personnel and operating expenses in accordance with an expense sharing agreement.

3. NET CAPITAL REQUIREMENTS

The Company is subject to the Uniform Net Capital Rule (Rule 15c3-1) under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital of \$5,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rules of the NASD also provide that equity capital may not be withdrawn or cash dividends paid if the resulting net capital would exceed 10 to 1). At December 31, 2001, the Company had net capital of \$30,716, which was \$25,716 in excess of its required net capital. The Company's net capital ratio was .65 to 1. The stockholder has committed to provide the necessary funds to maintain the minimum net capital amount for the year ended December 31, 2002.

SUPPLEMENTAL REPORT ON INTERNAL CONTROL

JWH Securities, Inc.:

In planning and performing our audit of the financial statements of JWH Securities, Inc. (the "Company") for the year ended December 31, 2001 (on which we issued our report dated February 11, 2002), we considered its internal control, in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the Company's internal control.

Also, as required by Rule 17a-5(g)(1) under the Securities Exchange Act of 1934, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, *estimates and judgments by management are required to assess the expected benefits and related costs of internal control and of the practices and procedures, and to assess whether those practices and procedures can be expected to achieve the Securities and Exchange Commission's (the "Commission") above-mentioned objectives.* Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized acquisition, use or disposition, and that transactions are executed in accordance with management's authorization and are recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

JWH Securities, Inc.

February 11, 2002

Page 2

Because of inherent limitations in any internal control or the practices and procedures referred to above, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal control or of such practices and procedures to future periods are subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with the practices or procedures may deteriorate.

Our consideration of the Company's internal control would not necessarily disclose all matters in the Company's internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the Company's internal control and its operation that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001 to meet the Commission's objectives.

This report is intended solely for the information and use of the board of directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
