INDEPENDENT AUDITOR'S REPORT

Board of Directors and Stockholders
Massie Capital, Ltd.

We have audited the accompanying statement of financial condition of Massie Capital, Ltd. as of December 31, 2001 and the related statements of income, changes in partners' capital, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U. S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Massie Capital, Ltd. as of December 31, 2001, and the results of its operations and its cash flows for the year then ended in conformity with U. S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 - Summary of Significant Accounting Policies

Organization

Massie Capital, Ltd. (the "Partnership") was organized on June 13, 1996, as a Texas limited partnership. The Partnership agreement provides that the Partnership terminates in the year 2020 unless otherwise terminated.

The Partnership operates under SEC Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belong to the Company's customers would be handled by a correspondent broker-dealer.

Management Estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

No provision for income taxes is required since the partners report their proportionate share of partnership taxable income or loss on their respective income tax returns. Such income or losses are proportionately allocated to the partners based upon their ownership interests.

Allocation of Income and Loss

Except for certain events provided for in the Partnership agreement, income or loss of the Partnership is generally allocated 90% to the limited partner and 10% to the general partner.

Management Powers

The general partner is responsible for management of the Partnership including the timing and amount of all distributions to the partners.

Limited Liability

Except as otherwise provided by law, the Partnership agreement provides that the limited partner shall not be personally liable for obligations of the Partnership.

MASSIE CAPITAL, LTD.
Notes to the Financial Statements
December 31, 2001

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Partnership is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2001, the Partnership had net capital of approximately \$28,281 and net capital requirements of \$5,000. The Partnership's ratio of aggregate indebtedness to net capital was .01 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Capital distributions to partners can be made under a capital distribution policy approved by the partners. Periodic distributions approved by the partners are made to enable partners to pay federal income taxes on Partnership profits, among other purposes.

Note 3 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (S.E.C.) Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

Note 4 - Related Party Transactions

An affiliate company pays for and supplies the Partnership with office space, furniture, supplies, and clerical assistance. The Partnership incurred expenses of \$401,530 for those services during 2001.

Note 5 - Major Customers

During 2001, approximately 93% of the Partnership's revenues were generated from the placement of securities of one entity.

Note 6 - Commitments and Contingencies

Included in the Partnership's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the Partnership's customers fail to settle security transactions. In the event this occurs, the Partnership will indemnify the clearing broker-dealer to the extent of any net loss on the unsettled trades. At December 31, 2001, management of the Partnership had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5

Board of Directors
Massie Capital, Ltd.

In planning and performing our audit of the financial statements and supplemental information of Massie Capital, Ltd. (the "Partnership"), for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Partnership does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Partnership in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with U. S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2001, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
