These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

**CERTIFIED PUBLIC ACCOUNTANTS' SUPPLEMENTARY REPORT  
OF INTERNAL ACCOUNTING CONTROL**

To the Board of Directors  
KRK LIMITED

We have audited the financial statements of KRK Limited, (the "Company") for the year ended December 31, 2001, and have issued our report thereon dated February 20, 2002. As part of our audit, we made a study and evaluation of the Company's internal control structure to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards and Rule 17a-5 of the Securities Exchange Commission. This study and evaluation included the accounting system, the procedures for safeguarding securities, and the practices and procedures followed by the Company (I) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3 (a) (11); (ii) in complying with the requirement for prompt payment for securities of Section 4c of Regulation T of the Board of Governors of the Federal Reserve System. Rule 17a-5 states that the scope of the study and evaluation should be sufficient to provide reasonable assurance that any material weaknesses existing at the date of my examination would be disclosed. The purpose of our study and evaluation were to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the Company's financial statements, to provide a basis for reporting material weaknesses in internal accounting control under Rule 17a-5, and with respect to Rule 15c3-3 to provide reasonable assurance of compliance, in all material respects, with the possession and control requirements of the Rule. Our study and evaluation was more limited than would be necessary to express an opinion on the internal control structure taken as a whole.

As part of the study and evaluation required by Rule 17a-5, we reviewed the descriptions of the procedures required to be maintained by KRK Limited for obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers to determine if those procedures would provide reasonable assurance of compliance in all material respects with the possession of control requirement of Rule 15c3-3.

The Management of KRK Limited is responsible for establishing and maintaining the internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objective of a system is to provide management with reasonable, but not absolute, assurances that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitation in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system of internal accounting control to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the purpose described in the first paragraph above would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of KRK Limited taken as a whole. Our study and evaluation disclosed no condition that we believe to be a material weakness.

Our review of the description of the procedures required to be maintained for obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers for the year ended December 31, 2001 was made for the purpose set forth in the second paragraph above. Based on our review, the procedures appear to provide reasonable assurance of compliance in all material respects with the possession or control requirement of Rule 15c3-3.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose.
