Independent Auditors' Report

The Partners
Q Investments, L.P.:

We have audited the accompanying statement of financial condition of Q Investments, L.P. (a Texas Limited Partnership) (the Partnership) as of December 31, 2001. This financial statement is the responsibility of the Partnership's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit of a statement of financial condition includes examining, on a test basis, evidence supporting the amounts and disclosures in that statement of financial condition. An audit of a statement of financial condition also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Q Investments, L.P. as of December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

Notes to the Statement of Financial Condition

(1) **Summary of Significant Accounting Policies**

(a) ***Basis of Accounting***

The accompanying statement of financial condition has been presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Marketable securities are recorded at quoted market value. Securities not readily marketable are valued at estimated fair value.

Q Investments, L.P. (the Partnership) records investment transactions on the trade date. Dividends are recognized on the ex-dividend date and interest income and expenses are accrued daily.

Management of the Partnership has made certain estimates and assumptions to prepare this statement of financial condition in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

(b) ***Income Taxes***

In accordance with Federal income tax regulations, no income taxes are levied on a partnership, but rather on the individual partners. Consequently, no liability for Federal income taxes has been reflected in the accompanying statement of financial condition.

(c) ***Securities Not Readily Marketable***

Securities not readily marketable include investment securities (a) that cannot be publicly offered or sold, except to certain qualified investors, unless registration has been effected under the Securities Act of 1933, or (b) that cannot be offered or sold, except to certain qualified investors, because of other arrangements, restrictions, or conditions applicable to the securities or the Partnership. Such securities are valued by the General Partner at its sole discretion. Because of the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for these securities existed, and the differences could be material.

(d) ***Due from Brokers and Clearing Organization and Concentrations of Credit Risk***

Due from brokers and clearing organization represents cash balances with prime brokers.

The Partnership is subject to credit risk to the extent any broker with which the Partnership conducts business is unable to deliver cash balances, securities, or clear security transactions on the Partnership's behalf.

(e) ***Exchange Membership***

The Partnership's exchange membership is recorded at cost. Such amount is included in other assets in the accompanying statement of financial condition.

(2) Organization and Allocation of Income

The Partnership, a substantially owned subsidiary of Q Funding, L.P., was organized as a Texas Limited Partnership in 1994 for the purpose of realizing capital appreciation by investing in securities. The Partnership is registered as a broker-dealer under the Securities Exchange Act of 1934, had no customers at any time during 2001, and trades on a fully disclosed basis through a contractual agreement with a clearing broker. The Partnership is also a member of the Chicago Board Options Exchange.

At the end of each accounting period, the capital account of each partner (including the General Partner) is adjusted by crediting or debiting the net capital appreciation or net capital depreciation for such accounting period, as the case may be, to the capital accounts of all partners (including the General Partner) in proportion to their respective partnership percentages.

(3) Net Capital Requirements

The Partnership is subject to the Securities and Exchange Commission's net capital rule which requires the Partnership to maintain minimum net capital, as defined, equal to the greater of 6 2/3% of aggregate indebtedness, or \$100,000. At December 31, 2001, the aggregate indebtedness ratio was 0 to 1 on computed, regulatory net capital of \$4,110,621. Net capital in excess of the minimum required was \$4,010,621.

The Partnership's aggregate indebtedness amounted to \$0 as of December 31, 2001.

The net capital computation was included in the FOCUS report as filed with the Chicago Board Options Exchange on January 10, 2002.

(4) Rule 15c3-3

The Partnership is exempt from Rule 15c3-3 under subsection (k). Under this exemption, the "Computation for Determination of Reserve Requirements" and "Information Relating to the Possession or Control Requirements" are not required.

(5) Regulatory Filings

The Partnership properly filed the required monthly regulatory reports in a timely manner during 2001.
