INDEPENDENT AUDITOR'S REPORT

To the Shareholders and
Board of Directors
The Riderwood Group Incorporated
And Subsidiaries

We have audited the accompanying consolidated statement of financial condition of The Riderwood Group Incorporated and Subsidiaries (the Company) as of December 31, 2001, and the related consolidated statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. The consolidated financial statements of The Riderwood Group Incorporated and Subsidiaries as of December 31, 2000, were audited by other auditors whose report dated January 12, 2001, expressed an unqualified opinion on these statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of The Riderwood Group Incorporated and Subsidiaries as of December 31, 2001, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The information contained in Schedules I and II (including information relating to the possession or control requirements), is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE RIDERWOOD GROUP
INCORPORATED AND SUBSIDIARIES
Notes to Consolidated Financial Statements
For the Years Ended December 31, 2001 and 2000

1. ORGANIZATION

The Riderwood Group Incorporated (the Company) was incorporated under the laws of the state of Maryland effective May 13, 1985. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is also a member of the National Association of Securities Dealers, Inc. (NASD). The Company's two subsidiaries BASE Management Company (BASE) and Inner Harbor Asset Management, Incorporated (Inner Harbor) are registered investment advisors with the SEC. BASE and Inner Harbor provide investment advisory services to individuals and institutions.

The Company and its subsidiaries, like other securities firms, are directly affected by general economic and market conditions, including fluctuations in volume and price levels of securities, changes in interest rates and securities brokerage services, all of which have an impact on the Company's liquidity. The Company's office is located in Towson, Maryland.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation -The consolidated financial statements include the accounts of the Company and its two wholly-owned subsidiaries, BASE and Inner Harbor. All material intercompany balances and transactions have been eliminated in consolidation.

Cash and Cash Equivalents -The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Property and Equipment - Property is recorded at cost. Depreciation and amortization are generally computed using straight-line and accelerated methods over their estimated useful lives.

Revenue - Securities transactions (and related revenue and expense, if applicable) are recorded on a settlement date basis, generally the third business day following the transaction date. This is not materially different from trade date basis.

Income Taxes - The Company's method of accounting for income taxes conforms to Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes ("SFAS No. 109") (Note 9). This method requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting basis and tax basis of assets and liabilities.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

THE RIDERWOOD GROUP
INCORPORATED AND SUBSIDIARIES
Notes to Consolidated Financial Statements (Continued)
For the Years Ended December 31, 2001 and 2000

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassifications – Certain 2000 financial statement items have been reclassified to conform to the current year's presentation.

3. DEPOSIT WITH CLEARING BROKER

The Company maintains a clearing agreement with National Financial Services Corporation (NFSC). Under the agreement the Company maintains a clearing deposit of \$50,000.

4. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS

The Company will operate in accordance with the exemptive provisions of Paragraph (k)(2)(B) of SEC Rule 15c3-3. All customer transactions are cleared through NFSC.

5. SUBORDINATED LOAN AGREEMENT

Effective August 30, 1996, the Company entered into an agreement whereby a subsidiary, BASE, loaned the Company \$50,000 to maintain compliance with net capital requirements. The Company repaid \$30,000 in 1999 and negotiated an extension of the balance. The new agreement expires September 30, 2002, and bears interest at 6%. Repayment of this note is subordinate to all other operating liabilities of the Company. The note and related interest have been eliminated for the consolidated financial statements.

6. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the applicable exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). The Company is also subject to the Commodity Futures Trading Commission's (CFTC's) minimum financial requirements (Regulation 1.17), which require the Company to maintain net capital, as defined, equal to that calculated under SEC Rule 15c3-1. At December 31, 2001, the Company had net capital, as defined, of \$220,126 that was \$120,126 in excess of its required net capital requirement of \$100,000. The Company's net capital ratio (aggregate indebtedness to net capital) was .03 to 1.00 at December 31, 2001. At December 31, 2000, the Company had net capital, as defined, of \$175,824 that was \$75,824 in excess of its required net capital requirement of \$100,000. The Company's net capital ratio was .10 to 1.00 at December 31, 2000.

The Company, with the approval of the NASD is permitted to calculate its net capital under SEC Rule 15c3-1 on an unconsolidated basis.

THE RIDERWOOD GROUP
INCORPORATED AND SUBSIDIARIES
Notes to Consolidated Financial Statements (Continued)
For the Years Ended December 31, 2001 and 2000

7. PROPERTY AND EQUIPMENT

Property and equipment consists of the following:

	2001	2000
Computer Equipment	\$ 37,180	\$ 37,538
Furniture and Equipment	34,957	50,986
Leasehold Improvements	16,628	16,627
	88,765	105,141
Less: Accumulated Depreciation	88,765	105,078
	\$ -	\$ 63

8. LEASEHOLD COMMITMENTS

In October 1994, the Company entered into a 5-year lease for office space. The lease was renewed on October 1, 1999, for an additional 5-year period, with a right to cancel after 3 years. Rent expense was \$23,913 and \$23,390 for the years ended December 31, 2001 and 2000, respectively.

Future minimum rentals under the non-cancelable portion of this lease are as follows:

2002	\$18,468
------	----------

9. INCOME TAXES

For federal income tax purposes, the Company has available unused operating loss carryforwards of approximately \$128,355 that may be applied against future taxable income. These losses expire as follows:

Operating Loss Carryforward	Expiration Date
\$ 20,429	2004
68,354	2005
18,259	2007
21,313	2008

THE RIDERWOOD GROUP
INCORPORATED AND SUBSIDIARIES
Notes to Consolidated Financial Statements (Continued)
For the Years Ended December 31, 2001 and 2000

9. INCOME TAXES (Continued)

Under SFAS No. 109, an entity would generally record a deferred tax asset for the future tax benefits of net operating loss carryforwards, assuming that the generation of future net income would be offset by the loss of carryforwards. Using a combined income tax rate of 22%, the deferred tax asset at December 31, 2001 and 2000, would be approximately \$28,238 and \$36,700, respectively. Since the Company's future profitability and the related application of the net operating losses cannot be projected with any degree of certainty at this time, a valuation allowance has been established for the entire potential future tax benefits.

The Company files a consolidated federal income tax return that reports the activity of the Company and its subsidiaries. The Company and its subsidiaries file separate state tax returns. Income tax expense of \$114 and \$609 for 2001 and 2000, respectively, resulted from income generated by the subsidiaries that do not have net operating loss carryforwards available for state purposes.

Board of Directors
The Riderwood Group Incorporated
and Subsidiaries

In planning and performing our audit of the consolidated financial statements and supplemental schedules of The Riderwood Group Incorporated and Subsidiaries ("the Company") for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC) we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1) Making quarterly securities examinations, counts, verifications, and comparisons.
- 2) Recordation of differences required by Rule 17a-13.
- 3) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the NASD Regulation, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
