**INDEPENDENT AUDITORS' REPORT**

Randy P. Koehler  
C/O Koehler Financial, LLC

I have audited the accompanying statement of financial condition of Kohler Financial, LLC as of December 31, 2001 and the related statements of income, and statement of changes in financial condition for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audits.

I conducted an audit in accordance with generally accepted auditing standards. Those standards require that I perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial presentation. I believe that my audits provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly the financial condition of Koehler Financial, LLC as of December 31, 2001, and the results of its operations and its changes in financial condition for the year then ended in conformity with generally accepted accounting principles.

The information contained in Schedule I is presented for purposes of conforming with information required by rule 17a-5 under the Securities Exchange Act of 1934. This information has been subjected to the auditing procedures applied in the audit of the financial statements, and in my opinion, is fairly stated in all material aspects.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING  
CONTROL AS REQUIRED BY SEC RULE 17a-5**

Randy P. Koehler  
Koehler Financial, LLC

As required by rule 17a-5(g)(91) of the Securities and Exchange Commission (SEC), I studied the accounting practices and procedures followed by the Company. This included tests relevant to the objectives stated in rule 17a-5(g)(1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a) (11) and for determining exemptive procedures of rule 15c-3. Because the Company does not carry securities or perform custodial functions relating to customer securities, we did not review practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with requirements for prompt payment for securities under section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management is responsible for establishing and maintaining an internal control structure, and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, management are required to assess expected benefits and related costs of this structure practices and procedures referred to in the preceding factor. The ultimate goal is to determine that those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

The two main objectives in the internal control structure and the practices and procedures are:

1. Provide management with reasonable assurance that assets of the Company are safeguarded against loss from unauthorized use or disposition, and
2. Transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

I did not note any matters involving the internal control structure and its operations that I consider to be reportable under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the internal control structure that could adversely affect the Company's ability to record, process, summarize, and report financial data consistent with

**INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING  
CONTROL AS REQUIRED BY SEC RULE 17a-5 (Continued)**

the assertions of management in the financial statements.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. However, I believe there are no material weaknesses, and that the Company's practices and procedures were adequate at December 31, 2001 to meet the Securities and Exchange Commission's objectives referred to in the second paragraph.

This report is intended solely for the use of management, the Securities and Exchange Commission, The National Association of Securities Dealers, Inc., and other regulatory agencies which rely on rule 17a-5(g) under the Securities and Exchange Act of 1934 on their regulation of registered brokers. This should not be used for any other purpose.
