INDEPENDENT AUDITOR'S REPORT

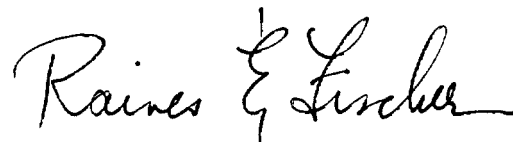

Board of Directors
World Market Equities, Inc.

We have audited the accompanying statement of financial condition of World Market Equities, Inc. as of December 31, 2001, and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of World Market Equities, Inc., as of December 31, 2001 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WORLD MARKET EQUITIES, INC.

Notes to Financial Statements

December 31, 2001

(1) Organization and Operation

World Market Equities, Inc. (the "Company") is a broker-dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). The Company operates under (SEC) Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers would be handled by a correspondent broker-dealer.

The majority of the Company's business is dependent upon a small number of customers in France.

(2) Summary of Significant Accounting Policies

Security transactions (and related commission revenue and expense) are recorded on a settlement date basis, generally the third business day following the transaction. If materially different, commission income and related expense are adjusted to a trade basis.

Furniture and equipment are recorded at cost. Depreciation is recorded using straight line and accelerated methods over periods ranging from 5 to 7 years. The cost of retired property and the related accumulated depreciation is removed from the accounts, and any loss is transferred to income.

Advertising costs are expensed as incurred.

Compensated absences have not been accrued because the amount cannot be reasonably estimated.

Income taxes are provided based upon earnings reported for financial statement purposes. Generally, the provision for income taxes differs from the amount currently payable because of temporary differences in the recognition of certain income and expense items for financial reporting and tax purposes. Deferred taxes are provided for these temporary differences which result from the use of the cash basis of accounting for income tax purposes (which recognizes income when received, and expenses when paid) and the accrual basis for financial reporting purposes.

For purposes of reporting cash flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days, that are not held for sale in the ordinary course of business.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from these estimates.

WORLD MARKET EQUITIES, INC.

Notes to Financial Statements

December 31, 2001

(3) Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2001, the Company had net capital of approximately \$136,693 and net capital requirements of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .08 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

(4) Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

(5) Capital Stock

The Company is authorized to issue 20,000 shares of preferred stock with no par value. No preferred stock is issued or outstanding.

(6) Furniture and Equipment

The classes of furniture and equipment and the related accumulated depreciation are as follows:

	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net</u>
Furniture	\$ 6,756	\$ 5,859	\$ 897
Equipment	<u>43,189</u>	<u>30,714</u>	<u>12,475</u>
	<u>\$49,945</u>	<u>\$36,573</u>	<u>\$13,372</u>

Depreciation expense for the year ended December 31, 2001 was \$6,514 and is included in occupancy and equipment cost.

WORLD MARKET EQUITIES, INC.

Notes to Financial Statements

December 31, 2001

(7) **Income Taxes**

The provision for income taxes consists of the following:

Federal Income Tax	\$2,393
NYS Franchise Tax	1,594
NYC General Corporation Tax	<u>4,841</u>
Total provision for income taxes	<u>\$8,828</u>

(8) **SEP-IRA**

The Company has a SEP-IRA which covers qualified employees. Contributions to the plan by the Company are discretionary. For the year ended December 31, 2001, the Company made a contribution of \$25,500.

(9) **Off Balance Sheet Risk**

Included in the Company's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At December 31, 2001, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

WORLD MARKET EQUITIES, INC.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL ACCOUNTING CONTROL**

REQUIRED BY SEC RULE 17a-5

YEAR ENDED DECEMBER 31, 2001

Independent Auditor's Report on
Internal Control Required by SEC Rule 17a-5

Board of Directors
World Market Equities, Inc.

In planning and performing our audit of the financial statements and supplemental information of World Market Equities, Inc. (the "Company"), for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly

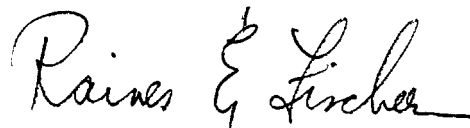

to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the SEC's objective.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in cursive script that reads "Raines & Fischer". The signature is written in dark ink and is positioned to the right of the main body of text.
