INDEPENDENT AUDITOR'S REPORT

To Stockholders
Pirrone & Company, Inc.

I have audited the accompanying statement of financial condition of Pirrone & Company, Inc. as of December 31, 2001, and the related statement of income and stockholders' equity, and statement of cash flows, for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

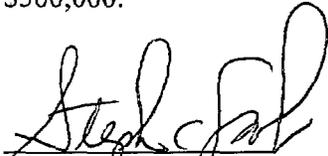

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pirrone & Company, Inc. as of December 31, 2001, and the results of its operations and cash flows for the year then ended in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Securities and Exchange Commission. Such information had been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements as a whole.

Pirrone & Company, Inc. is an introducing broker that clears all transactions on fully disclosed basis with Pershing (a division of Donaldson, Lufkin & Jenrette Securities Corporation). The company promptly transmits all customer funds and securities to Pershing, who carries all of the accounts of such customers and maintains and preserves such books and records pursuant to the requirements of Rules 17a-3 and 17a-4. As a result, the company is not required to report the computation for Determination of Reserve Requirements Pursuant to Rule 15c3-3, or Information Relating to the Possession or Control Requirements Under Rule 15c3-3.

The company is also exempt from filing the SIPC Supplemental Report pursuant to Rule 17A-5 (e) (4), which only applies to firms whose gross revenues are greater than \$500,000.

Adjustment to fee income and related receivables	(4,998)
Excess net capital (line 14) above	<u>\$ 17,353</u>

PIRRONE & COMPANY, INC.
Notes to Financial Statements
(See independent auditor's report)
For the year ended December 31, 2001

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Commission income and related expenses are recorded on a trade date basis.

Marketable securities held by the Company for its own account are valued at market value. The difference between cost and market is included in income.

Furniture, equipment and leasehold improvements are recorded at cost. Depreciation is provided on a double-declining balance basis using estimated useful lives of five to seven years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

2. COMMITMENTS

Under operating leases with the remaining non-cancelable term in excess of one year at December 31, 2001, rentals for office space are approximately \$970 a month through August 33, 2002.

3. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1) and rules of the NASD, which require the maintenance of minimum net capital equal to the greater of \$5000 or 6-2/3% of total aggregate indebtedness, as defined.

4. INCOME TAXES

The Company is an S Corporation for both the federal and New York State income taxes, and is only liable for the New York s corporation fixed dollar minimum tax of \$100. As a result, no provision has been made for income taxes.

5. SUBORDINATED LIABILITIES

The Company has no liabilities subordinated to the claims of general creditors. As a result, no statement of changes regarding such liabilities is presented.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
ACCOUNTING CONTROL REQUIRED BY RULE 17a-5
OF THE SECURITIES AND EXCHANGE COMMISSION

Stockholders
Pirrone & Company, Inc.

In planning and performing my audit of the financial statements of Pirrone & Company, Inc., for the year ended December 31, 2001, I considered its internal control structure in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Pirrone & Company, Inc. that I considered relevant to the objectives stated in rule 17a-5(g)(1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11). I did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment of securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry securities accounts of customers or perform custodial functions relating to customer securities.

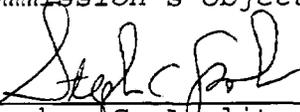

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use

or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be a material weakness under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph for this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the Commission's objectives.

Stephen C. Agolito
