INDEPENDENT AUDITOR'S REPORT

Board of Directors  
American Landmark Securities, Inc.

We have audited the accompanying statement of financial condition of American Landmark Securities, Inc., as of December 31, 2001, and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U. S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of American Landmark Securities, Inc., as of December 31, 2001, and the results of its operations and its cash flows for the year then ended in conformity with U. S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AMERICAN LANDMARK SECURITIES, INC.  
Notes to Financial Statements  
December 31, 2001

Note 1 - Summary of Significant Accounting Policies

American Landmark Securities, Inc. (the "Company") is a direct participation broker-dealer in securities registered with the Securities and Exchange Commission under (SEC) Rule 15c3-3(k)(2)(i). The Company is a member of the National Association of Securities Dealers (NASD). Substantially, all the Company's concession income (\$670,589) is generated through the sale of oil and gas development programs for EPIC Oil and Gas, Inc. ("affiliate"). The Company's customers are located throughout the United States.

Compensated absences have not been accrued because the amount cannot be reasonably estimated.

Depreciation on property and equipment is computed on an accelerated basis over the estimated useful lives of the assets. Depreciation expense for the year ended December 31, 2001 was \$7,321 and is reflected in occupancy and equipment costs.

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

At December 31, 2001, the Company had net capital of approximately \$31,660 and net capital requirements of \$6,914. Company's ratio of aggregate indebtedness to net capital was 3.27 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

AMERICAN LANDMARK SECURITIES, INC.  
Notes to Financial Statements  
December 31, 2001

Note 2 - Net Capital Requirements, continued

Capital distributions to shareholders can be made under a capital distribution policy approved by the Company's board of directors. Periodic distributions approved by the board of directors are made to enable shareholders to pay federal income taxes on company profits, among other purposes.

Note 3 - Possession or Control Requirements

The Company holds no customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(i).

Note 4 - Federal Income Taxes

The Corporation files as an "S" corporation for Federal income tax purposes. The Corporation's net income is taxed at the shareholder level rather than at the corporate level for Federal income tax purposes, and thus, no provision for Federal income taxes has been made in the accompanying financial statements.

Note 5 - Related Party Transactions

The Company is provided office space, office facilities and administrative help from the affiliate. The Company has a reimbursement agreement with the affiliate in which the Company receives reimbursements for certain out of pocket costs. The Company received \$707,294 of such reimbursements during 2001.

Note 6 - Concentration

At December 31, 2001, and at various other times throughout the year, the Company had cash balances in excess of federally insured limits.

Note 7 - Commitments and Contingencies

The Company has been named as a defendant in a wrongful termination lawsuit by a former salesperson. The lawsuit is in the early stages of discovery and the ultimate outcome cannot be determined. Management intends to present a vigorous defense. Accordingly, no provision for any liability related to this matter has been made in these financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL REQUIRED BY SEC RULE 17a-5

The Board of Directors  
American Landmark Securities, Inc.

In planning and performing our audit of the financial statements and supplemental information of American Landmark Securities, Inc., (the "Company"), for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with U. S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
