INDEPENDENT AUDITORS' REPORT

To the Members of
Mercury Equity Group, LLC
New York, New York

We have audited the accompanying statement of financial condition of Mercury Equity Group, LLC as of December 31, 2001, and the related statements of income, changes in members' equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mercury Equity Group, LLC as of December 31, 2001 and the results of its operations and its cash flows for the year then ended in conformity with auditing principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule 1 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MERCURY EQUITY GROUP, LLC

NOTES TO FINANCIAL STATEMENTS**NOTE 1 - NATURE OF BUSINESS**

Mercury Equity Group, LLC (the Company) was formed as a limited liability company under the laws of New York State on September 3, 1998.

The Company is a registered broker dealer under the Security Exchange Act of 1934. The Company is also a member of the National Association of Security Dealers, Inc. as of March 2, 2000.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**(a) Income Taxes**

The Company is a limited liability company and therefore no provision for federal and state income taxes is required since the members report their proportionate share of the Company's taxable income or loss on their respective income tax returns.

(b) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

(c) Investment in Warrants

Investment in warrants is stated at market value as determined by management.

NOTE 3 - OPEN TRANSACTIONS

As of December 31, 2001 the Company did not have any open transactions with respect to its activities as a securities broker dealer.

NOTE 4 - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related ratio of aggregate indebtedness to net capital may fluctuate on a daily basis. At December 31, 2001 the Company had a net capital and net capital requirements, as reflected on the accompanying supplementary schedule of computation of net capital of \$27,770 and \$5,000, respectively. The Company's ratio of aggregate indebtedness to net capital is .14 to 1 at December 31, 2001.

MERCURY EQUITY GROUP, LLC

NOTES TO FINANCIAL STATEMENTSNOTE 5 - INVESTMENT IN WARRANTS

The Company's investment in warrants is not readily marketable and has been estimated to have no value at December 31, 2001.

The cost and fair value of warrants as of December 31, 2001 are as follows:

	<u>COST</u>	<u>UNREALIZED DEPRECIATION</u>	<u>FAIR VALUE</u>
Warrants	\$ <u>20,100</u>	\$ <u>(20,100)</u>	\$ <u>-</u>

NOTE 6 - BAD DEBT EXPENSE

During the year ended December 31, 2001, the Company entered into four revenue earning contracts. The Company received partial payment on all contracts, and has determined the remaining balances to be uncollectible.

SUPPLEMENTARY FINANCIAL INFORMATION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE

To the Members of
Mercury Equity Group, LLC
New York, New York

In planning and performing our audit of the financial statements of Mercury Equity Group, LLC for the year ended December 31, 2001, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Act of 1934, we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparison
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the Securities and Exchange Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness or their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Securities and Exchange Commission to be adequate for its purposes, in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the Securities and Exchange Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and is not intended to be and should not be used by anyone other than these specified parties.
