Doughty Hanson & Co Limited)
Statement of Financial Condition
December 31, 2001

Report of Independent Accountants

To the Board of Directors
and Stockholder of
Doughty Hanson & Co. Securities Inc.

In our opinion, the accompanying statement of financial condition presents fairly, in all material respects, the financial position of Doughty Hanson & Co. Securities Inc. (the "Company") at December 31, 2001 in conformity with accounting principles generally accepted in the United States of America. This financial statement is the responsibility of the Company's management; our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit of this statement in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying notes are an integral part of this statement of financial condition.

1. Organization and Significant Accounting Policies

Doughty Hanson & Co. Securities Inc. (the "Company") has been registered as a securities brokerage firm with the Securities and Exchange Commission and as a member of the National Association of Securities Dealers, Inc. ("NASD") since June 28, 2000. Upon registration, the Company commenced activity in 2000 engaging in private placements of securities, and financial advisory and other consulting services in connection with private placements and other corporate transactions. The Company is a wholly owned subsidiary of Doughty Hanson & Co. Holdings, Inc. (the "Parent") which in turn is a wholly owned subsidiary of Doughty Hanson & Co Limited (the ultimate "Parent"), a U.K. holding company.

Depreciation and amortization

Depreciation is provided on a straight line basis generally using estimated useful lives of up to five years. Leasehold improvements are amortized on a straight line basis over the lesser of the lease term or the estimated economic life of the improvement.

Income Taxes

The Company recognizes both the current and deferred tax consequences of all transactions recognized in the financial statements, calculated based upon on the provisions of enacted tax laws, including the tax rates in effect for the current and future years. Deferred income taxes are provided for the temporary differences between the financial statement and tax bases of assets and liabilities. Valuation allowances are established for deferred tax assets when it is more likely than not that they will not be realized.

Tax benefits are recognized to the extent that it is more likely than not that they will be utilized in the consolidated tax returns of the Parent.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Fixed Assets and Leasehold Improvements

Fixed assets and leasehold improvements are comprised of the following:

Doughty Hanson & Co. Securities Inc.
(An indirect wholly owned subsidiary of Doughty Hanson & Co Limited)
Notes to the Statement of Financial Condition

4

	2001
Artwork	\$ 6,650
Leasehold improvements	4,443
Equipment (computers and telephones)	31,167
Furniture & fixtures	<u>38,355</u>
	80,615
Less: accumulated depreciation and amortization	<u>44,188</u>
Total fixed assets and leasehold improvements	<u>\$ 36,427</u>

3. Commitments and Contingencies

The Company leases office space under a noncancellable operating lease expiring on January 31, 2004. The lease includes escalation clauses for operating costs and real estate taxes. The Company's future minimum lease payments are outlined below:

For the year ended December 31,

2002	\$ 35,448
2003	36,512
2004	<u>3,088</u>
	<u>\$ 75,048</u>

4. Net Capital Requirements

As a registered broker-dealer, the Company is subject to Rule 15c3-1 of the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness as defined. At December 31, 2001, the Company had net capital of \$67,329 which was \$58,442 in excess of required net capital. The Company's ratio of aggregate indebtedness to net capital was approximately 1.98 to 1.

5. Income Taxes

Deferred income taxes of \$11,385 arise due to temporary differences between the financial statement and tax bases of fixed asset and leasehold improvement depreciation and amortization. No deferred tax asset valuation allowance has been established since, based upon available evidence, it appears more likely than not that the deferred tax asset will be realized.

6. Fair Value of Financial Instruments

Management estimates that the fair value of the financial instruments recognized on the statement of financial condition (including receivables, payables and accrued expenses) approximates their carrying values as such financial instruments are short-term in nature, or bear interest at current market rates.
