INDEPENDENT AUDITORS' REPORT

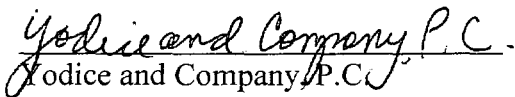

Board of Directors and Stockholders
Walter J. Dowd, Inc.
350 Albany Street, Suite 4B
New York, NY 10280

We have audited the accompanying statement of financial condition of Walter J. Dowd, Inc. as of December 31, 2001, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Walter J. Dowd, Inc. at December 31, 2001, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1, 2, and 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Exchange Act of 1934. Such information, as well as the information contained in Schedule 4, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WALTER J. DOWD, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2001

NOTE 1: ORGANIZATION AND OPERATIONS

The Corporation was formed on December 16, 1975 under the laws of the State of New York for the purpose of operating as a broker-dealer. The Corporation is a member of the New York Stock Exchange, Inc. The Corporation leases seats on the floor of the New York Stock Exchange and owns a commodity membership on the Dublin Commodities Exchange. Its customer base extends throughout the United States, Canada and Europe, with an approximately 30% concentration in the eastern region of the United States.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Furniture and Equipment:

Furniture and Equipment is stated at cost. Depreciation is provided using the straight line method over a period of 5 years. Expenditures for major renewals and betterments that extend the useful lives of furniture and equipment are capitalized. Expenditures for maintenance and repair are charged to expense as incurred.

Recognition of Income and Expenses:

Customers' securities transactions are recorded on a settlement date basis in accordance with the general practices of the industry, with related income and expenses recorded on a trade date basis.

Income Taxes:

The Company, with the consent of its shareholders, has elected to have its income taxed under Section 1362 of the Internal Revenue Code, which provides that, in lieu of corporation income taxes, the shareholders are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for Federal Income Taxes is presented in these financial statements. This election became effective December 1, 1986. The Company has also elected to be treated as a New York S-Corporation which provides for a lower corporate tax rate and that stockholders are required to report their pro-rata share of S-corporation income on their New York Income Tax returns. The Company has adopted Statement of Financial Accounting Standards No. 109 (SFAS 109), "Accounting for Income Taxes", which requires the use of the liability method of accounting for income taxes. The liability method measures deferred income taxes by applying enacted statutory rates in effect at the balance sheet date to the differences between the tax bases of assets and liabilities and their reported amounts in the financial statements. The resulting deferred tax asset or liability is adjusted to reflect changes in tax laws as they occur.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents:

For the purpose of the statement of cash flows, cash equivalents include time deposits, and all highly liquid debt instruments with original maturities of three months or less.

NOTE 4: DUE FROM BROKERS AND DEALERS

Commissions receivable from brokers and dealers clear primarily through Henderson Brothers, Inc., and the National Securities Clearing Corporation. A good faith deposit of \$50,000 is required to be maintained at Henderson Brothers, Inc. Effective January 2, 2002, Henderson Brothers, Inc. will be known as LaBranche Financial Services, Inc. Some commissions are paid directly to the Corporation by the broker or dealer clearing the transaction.

NOTE 5: COMMODITY EXCHANGE MEMBERSHIP

This asset represents the cost of a membership on the Dublin, Ireland Commodities Exchange. The seat is currently inactive.

This balance consists of loans payable to the Company's five stockholders. The loans are unsecured, non-interest bearing and anticipated to be repaid in the current year.

NOTE 7: DEFERRED TAXES PAYABLE

NOTE 8: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2001, the Company had net capital, as defined under SEC Rule 15c3-1, of \$266,379, which was \$ 204,289 in excess of its required net capital of \$62,090 and the Company's net capital ratio was 3.50 to 1.

NOTE 9: MONEY PURCHASE AND PROFIT SHARING PENSION PLANS

Effective January 1, 1996, the Company sponsors a qualified money purchase and profit sharing pension plan that covers substantially all full time employees. Contributions to the profit sharing plan are discretionary and determined annually by management. Pension contributions are computed at 7.8% of annual compensation plus 5.7% of salaries that exceed the Social Security taxable wage base. The total expenses for the above plans amounted to \$274,527 for the year ended December 31, 2001.

NOTE 10: COMMITMENTS

The Company has entered into separate lease agreements for seats on the New York Stock Exchange. One seat is leased from the estate of a former stockholder at the rate of \$28,750 per month through December 28, 2001, and has been renewed through December 28, 2002. Another seat is leased under an agreement which expires March 4, 2002 at the rate of \$ 27,000 per month. This lease will automatically renew for one year periods at the same lease rate unless otherwise negotiated or terminated within thirty days of the end of that year. Management anticipates that this lease will be renewed. A third seat had been leased for a one year period at the rate of \$26,250 per month, and expired on December 31, 2001. The lease has been renewed through December 31, 2002. A fourth seat has been leased for a one year period effective May 11, 2001 at the rate of \$28,000 per month. The fifth seat is a physical access seat with the New York Stock Exchange through September 13, 2002.

For the year ended December 31, 2001, the expense for seat leases was \$1,289,935.

NOTE 11: INCOME TAXES

New York City does not recognize S-Corporation status. Accordingly, a provision has been made for such taxes based upon the applicable statutory rates. New York State taxes have been provided for utilizing the reduced rate applicable to New York State S-Corporations.

The components of the provision for income taxes consists of the following:

	<u>New York State</u>	<u>New York City</u>	<u>Total</u>
Current	\$ 5,250	\$ 95,978	\$ 101,228
Deferred	500	28,725	29,225
	<u>\$ 5,750</u>	<u>\$ 124,703</u>	<u>\$ 130,453</u>

Deferred taxes are provided for timing differences between the bases of assets and liabilities for financial statements and income tax purposes. The differences arise primarily from recognition of income and expense under the cash basis for tax purposes and different depreciation methods for financial statement and tax purposes.

WALTER J. DOWD, INC.
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2001

NOTE 11 (CONTINUED)

The Company's provision for income taxes differs from applying the statutory income tax rate to income before income taxes. The primary differences result from deducting certain expenses for financial statement purposes but not for income tax purposes.

NOTE 12: RELATED PARTY TRANSACTIONS

The Company rents office space from the wife of a former stockholder on a month to month basis at the rate of \$2,500 per month. Utilities are the responsibility of the Company.

Rent expense for the year ended December 31, 2001 totaled \$30,000.

INDEPENDENT AUDITORS' REPORT
ON
INTERNAL ACCOUNTING CONTROL
REQUIRED BY THE
SECURITIES AND EXCHANGE COMMISSION
RULE 17a -5

Board of Directors and Stockholders
Walter J. Dowd, Inc.
350 Albany Street, Suite 4B
New York, NY 10280

In planning and performing our audit of the financial statements and supplementary information of Walter J. Dowd, Inc. (the Company) for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance

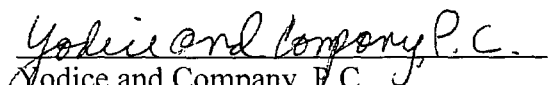

that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended and should not be used by anyone other than these specified parties.
