INDEPENDENT AUDITORS' REPORT

Board of Directors
Western Municipal Securities Corporation

We have audited the accompanying statement of financial condition of Western Municipal Securities Corporation, (a California corporation) as of December 31, 2001, and the related statements of income and changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Generally Accepted Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Western Municipal Securities Corporation at December 31, 2001, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Board of Directors
Western Municipal Securities Corporation

In planning and performing our audit of the financial statements and supplemental schedule of Western Municipal Securities Corporation for the year ended December 31, 2001, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Western Municipal Securities Corporation (the Company) that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Corporation has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, the SEC and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.

WESTERN MUNICIPAL SECURITIES CORPORATION

Notes to Financial Statements

Year Ended December 31, 2001

Note 1 - Significant Accounting Policies:

Nature of Business

Western Municipal Securities Corporation is owned and operated by Marc Stocks. The corporation engages in municipal debt security transactions and is a member firm of the National Association of Securities Dealers, Inc. The Company is a California corporation, incorporated as of August 2, 1996.

Directors and Officers of the corporation are as follows:

Marc Stocks	President/Secretary/Treasurer
-------------	-------------------------------

The Articles of Incorporation indicate 1,000,000 no par value shares of common stock are authorized. As of December 31, 2001, 500,001 shares of common stock are issued and outstanding in the name of Marc Stocks.

Method of Accounting

The Company accounting records are maintained on an accrual basis, an accounting system wherein recognition is given to revenues and expenses in the period to which they relate.

Use of Estimates

The financial statements have been prepared in conformity with Generally Accepted Accounting Principles and, as such, include amounts based on informed estimates and judgments of management with consideration given to materiality. Actual results could differ from those estimates.

Property and Equipment

Property and equipment are stated at cost. Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance, repairs, and other renewals of items are charged to expense as incurred.

WESTERN MUNICIPAL SECURITIES CORPORATION

Notes to Financial Statements

Year Ended December 31, 2001

Note 1 - Significant Accounting Policies (Continued):

Depreciation

Depreciation of property and equipment is provided for using the straight-line and declining balance methods over the estimated useful lives of the assets.

Cash

The Company considers all highly liquid investments with a maturity of three months or less at the time of purchase to be cash equivalents.

Concentrations

The Company maintains cash balances at Wedbush Morgan Securities, a financial institution located in Los Angeles, California. Cash balances are insured by the Securities Investor Protection Corporation up to \$100,000.00. At December 31, 2001, the Company had uninsured cash balances of \$69,429.78.

Federal and State Income Taxes

Income taxes are recorded using Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes. Under this statement, income taxes are provided for the tax effects of transaction reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of accumulated depreciation for financial and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences which will either be deductible or taxable when the assets and liabilities are recovered or settled.

Investment

During the year ended December 31, 2000, the Company purchased 1,500 shares of common stock and 1,000 warrants to purchase common stock in THE NASDAQ STOCK MARKET, INC. The investments are recorded using Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities. Under this standard, marketable securities classified as available-for-sale are reported at fair market value with unrealized gains and losses excluded from current earnings and reported as a separate component of Stockholder's Equity. At December 31, 2001, the aggregate fair market value of the securities was equal to the company's cost of \$32,600.00. Accordingly, no unrealized gain or loss was reported.
