INDEPENDENT AUDITORS' REPORT

Ms. Dixie Butler, President
U.S. Investors, Inc.:

We have audited the accompanying statement of financial condition of U.S. Investors, Inc. (the Company) as of December 31, 2001. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of U.S. Investors, Inc. at December 31, 2001, in conformity with generally accepted accounting principles.

William Batdorf & Company, P.C.

U.S. INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2001

NOTE 1 - ORGANIZATION

U.S. Investors, Inc. (Company) is a securities broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). The Company was incorporated in 1998 and commenced business as a broker-dealer in 1999.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Company are in accordance with generally accepted accounting principles and conform to general practices within the brokerage industry.

Revenue Recognition

Securities transactions and related commissions are recorded on a trade date basis.

Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents consisted of cash on deposit with established federally insured financial institutions. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents. At December 31, 2001, the Company had \$10,154 in money market mutual fund.

NOTE 3 - INCOME TAXES

The Company has elected to file income tax returns as a subchapter S Corporation as defined in the Internal Revenue Code. Generally, a S Corporation is not subject to income taxes but rather, items of income, loss, deduction and credit pass through to stockholders in determining their individual income tax liability.

NOTE 4 - RELATED PARTY TRANSACTIONS

The Company is affiliated with Butler Financial, Inc. through common stock ownership and control. The two companies have an arrangement whereby they share certain administrative costs. During the year the Company received \$1,500 from Butler Financial, Inc. under this agreement.

U.S. INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2001

NOTE 5 - NET CAPITAL REQUIREMENTS

As a broker-dealer, the Company is subject to the net capital rule adopted and administered by the National Association of Securities Dealers and the Securities and Exchange Commission. This rule is designed to require a broker-dealer to maintain a minimum amount of net capital, as defined, and a minimum ratio of aggregate indebtedness, as defined, to net capital. Under this rule, the ratio of aggregate indebtedness to net capital cannot exceed 15 to 1. The Company's aggregate indebtedness to net capital as of December 31, 2001, was 0 to 1. At December 31, 2001, the Company had net capital of \$17,627 which was \$12,627 in excess of its required net capital of \$5,000.

NOTE 6 - OTHER REGULATORY REQUIREMENTS

The Company does not hold any funds or securities for the accounts of customers and clears all its customers transactions through another broker-dealer on a fully disclosed basis. It is therefore exempt for the customer reserve requirements of the Securities and Exchange Commission Rule 15c3-3 under Section (k)(2)(ii).

SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS
ON INTERNAL ACCOUNTING CONTROL

Board of Directors
U.S. Investors, Inc.

In planning and performing our audit of the financial statements of U.S. Investors, Inc. for the year ended December 31, 2001, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)1 of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by U.S. Investors, Inc. including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirement for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are recorded in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001 to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and is not intended to be and should not be used by anyone other than those specified parties.

William Bathe & Company, P.C.
