Notes to Financial Statements

December 31, 2001

(i) ***Statement of Changes in Subordinated Liabilities***

The financial statements do not include a statement of changes in liabilities subordinated to the claims of general creditors as required under Rule 17a-5 of the Securities and Exchange Commission, and Commodity Futures Trading Commission (CFTC) Regulation 1.16(c)(5), since no such liabilities existed at December 31, 2001 or at any time during the year then ended.

(j) ***Derivative Financial Instruments***

The Partnership has entered into brokered interest rate swap agreements to assist customers in reducing exposure to market risks from changing interest rates. The Partnership has also entered into interest rate swap agreements with other counterparties whose terms are identical to the brokered customer interest rate swap agreements.

(k) ***Fair Value of Financial Instruments***

Substantially all of the Partnership's financial instruments are carried at fair value.

(l) ***Management Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(m) ***Recent Accounting Pronouncements***

The Financial Accounting Standards Board issued, in June 1998, Statement No. 133 *Accounting for Derivative Instruments and Hedging Activities* (FAS 133). The new Statement established accounting and reporting standards for derivative instruments and hedging activities and requires recognition of all derivatives as either assets or liabilities measured at fair value. This statement was adopted for the year 2001 and did not have a material effect on the partnership's financial condition or results of operations.

(2) **Cash and Securities Segregated Under Federal Regulations**

The Partnership maintains special reserve bank accounts for the benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission. As of December 31, 2001, cash of \$4,637,131 has been segregated into this account.

Notes to Financial Statements

December 31, 2001

MemphisFirst Bank

The Partnership has an agreement with MemphisFirst Bank ("Bank") wherein the Bank is principal in securities transactions conducted by its bond dealer division and the Partnership agrees to guarantee the Bank's performance of said transactions and supports the securities management and back office functions for the Bank. Under terms of the agreement, all expenses related to such activities, including management of the related accounts, are borne by the Partnership. During 2001 the Partnership paid such expenses and received revenue from business generated from this relationship. The Partnership's guaranty of the Bank's performance specifically excludes any transactions in which the Bank acts in the capacity of a securities underwriter.

(8) Net Capital Requirements

The Partnership is subject to the Securities and Exchange Commission Uniform Net Capital Rule which requires the maintenance of minimum net capital. The Partnership has elected to use the alternative method which requires the Partnership to maintain minimum net capital, as defined, equal to the greater of \$250,000 or 2 percent of aggregate debit balances, arising from customer transactions, as defined. At December 31, 2001, the Partnership had net capital of \$14,872,670 which was \$14,622,670 in excess of required net capital.

(9) Commitments and Contingencies

Leases

At December 31, 2001, the Partnership was obligated under non-cancelable operating leases for office space with remaining terms in excess of one year. Estimated future annual commitments are as listed below:

2006		1,148,782
Thereafter		<u>4,105,229</u>
		<u>\$ 11,442,393</u>

The Partnership incurred rent expense of approximately \$2,021,000 for the year ended December 31, 2001.

VINING-SPARKS IBG, LIMITED PARTNERSHIP

Notes to Financial Statements

December 31, 2001

Litigation

The Partnership is a defendant in certain lawsuits which have arisen in the ordinary course of business. Management of the Partnership is of the opinion, based in part on consultation with legal counsel, that the ultimate resolution of these lawsuits will not have a material adverse effect on the Partnership's financial statements.

(10) Financial Instruments with Off-Balance-Sheet Risk

The Partnership enters into various transactions involving derivatives and other off-balance-sheet financial instruments. These financial instruments include mortgage-backed to-be-announced securities (TBAs), securities purchased and sold on a when-issued basis (when-issued securities) and interest rate swaps. These financial instruments are used to meet the needs of customers, conduct trading activities, and manage market risks and are, therefore, subject to varying degrees of market and credit risk. Derivative transactions are entered into for trading purposes or to hedge other positions or transactions.

TBAs and when-issued securities provide for the delayed delivery of the underlying instrument. Management does not anticipate that losses, if any, as a result of credit or market risk would materially affect the Partnership's financial position due in part of the short-term nature of the commitments. The extent of Partnership's involvement in TBA and when-issued financial instruments with off-balance sheet risk as of December 31, 2001 was a commitment to purchase of \$2,067,839,611 and a commitment to sell of \$2,122,625,281.

Interest rate swaps involve the exchange of payments based on fixed or floating rates applied to notional amounts. The contractual or notional amounts related to these financial instruments reflect the volume and activity and do not reflect the amounts at risk. The Partnership brokers interest rate swap arrangements for customers. The Partnership enters into interest rate swap agreements, with other counterparties, whose terms are identical to the brokered customer interest rate swap agreements. At December 31, 2001, the gross contractual or notional amounts of interest rate swaps (with both the customer and counterparty) was \$33,000,000 with a weighted average maturity of approximately 3.79 years. The weighted average fixed rate on the customer arrangements at December 31, 2001 was 7.50%. The counterparty arrangements have variable interest payments based upon LIBOR.

In the normal course of business, the Partnership's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Partnership to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Partnership has to purchase or sell the financial instrument underlying the contract at a loss.

(11) Employee Benefits

The Partnership has a 401k plan (the Plan) which covers substantially all employees. The Plan provides for contributions for all employees who have been employed by the Partnership for a minimum of one year. The Partnership contribution is equal to 50% of certain employee contributions up to 6% of employee's salary. Contributions to the Plan were approximately \$88,000 during 2001.

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2001, to meet the SEC's objectives.

This report is intended solely for the use of the Partners, management, the Securities and Exchange Commission, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING
CONTROL REQUIRED BY REGULATION 1.16
OF THE COMMODITY FUTURES TRADING COMMISSION**

Board of Directors
Vining-Sparks IBG, Limited Partnership:

In planning and performing our audit of the financial statements of Vining-Sparks IBG, Limited Partnership (the Partnership) for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding customer and firm assets, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on internal control. Also, as required by Regulation 1.16 of the Commodity Futures Trading Commission (CFTC), we have made a study of the practices and procedures followed by the Partnership including tests of such practices and procedures that we considered relevant to the objectives stated in Regulation 1.16 in making the following:

1. The periodic computations of minimum financial requirements pursuant to Regulation 1.17
2. The daily computations of the segregation requirements of section 4d(2) of the Commodity Exchange Act and the regulations thereunder, and the segregation of funds based on such computations

The daily computations of the foreign futures and foreign options secured amount requirements pursuant to Regulation 30.7 of the CFTC were not reviewed since no such transactions were made by the Partnership during 2001.

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the CFTC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Regulation 1.16 lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding customer and firm assets, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the CFTC to be adequate for its purposes in accordance with the Commodity Exchange Act and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2001, to meet the CFTC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the CFTC, and the National Futures Association, and is not intended to be and should not be used by anyone other than these specified parties.
