To the Members of
Greenwich Financial Services, L.L.C.

We have audited the accompanying balance sheet of Greenwich Financial Services, L.L.C. as of December 31, 2001 and the related statements of operations, changes in members' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Greenwich Financial Services, L.L.C. at December 31, 2001, and the results of its operations, changes in members' equity, and cash flows for the year then ended in conformity with U.S. generally accepted accounting principals.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained on page 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Company clears all of its transactions through security clearing brokers. The Company acts as a broker-dealer and is exempt from Securities and Exchange Commission Rule 15c3-3 under paragraph k(2)(ii) since it uses other security firms for clearing.

Pursuant to an agreement between the Company and Bear, Stearns Securities Corp. (BSSC), securities transactions of the Company are cleared through BSSC, and its customers are introduced and cleared on a fully disclosed basis. The Company is exempt from provisions of Rule 15c3-3 and is not responsible for compliance with Section 4(c) of Regulation T of the Board of Governors of the Federal Reserve System, as all customers' accounts, as defined by such rules, are carried by BSSC.

GREENWICH FINANCIAL SERVICES, L.L.C.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2001

Each member of the Company is individually responsible for reporting his share of the Company's income or loss.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. NET CAPITAL REQUIREMENTS

The Company is a member of the NASD and subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of \$100,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined shall not exceed 15 to 1. At December 31, 2001, the Company had net capital of \$789,042, which was in excess of its required net capital of \$100,000.

4. LEASES

The Company leases office space on a five-year lease expiring April 30, 2004, paying rental payments of \$48,254 in 2001, and future payments approximating \$47,000 in each of the next two years, and \$15,884 in 2004.

The Company also leases a vehicle under a 24-month operating lease for approximately \$2,000 per month.

5. CONTINGENCIES

In the normal course of business, the Company is engaged in various trading and brokerage activities on an agency basis through a clearing broker.

In connection with these activities, a customer's unsettled transactions may expose the Company to off-balance-sheet risk in the event the customer is unable to fulfill its contractual obligations.

Significant credit exposure may result in the event that the Company's clearing broker is unable to fulfill their contractual obligation.

COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1 OF THE
SECURITIES AND EXCHANGE COMMISSION
December 31, 2001

NET CAPITAL:

Investments, at cost	<u>46,100</u>	<u>65,114</u>
Net capital before haircuts on securities positions		<u>789,042</u>
Haircuts on securities positions		<u>-</u>
Net Capital		<u><u>\$ 789,042</u></u>
AGGREGATE INDEBTEDNESS:		
Items included in the statement of financial condition:		
Accounts payable and accrued expenses		<u><u>\$ 11,600</u></u>
COMPUTATION OF BASIC NET CAPITAL REQUIREMENT:		
Minimum net capital required		<u><u>\$ 100,000</u></u>
Excess net capital		<u><u>\$ 689,042</u></u>

The above computation does differ materially from the December 31, 2001 computation of net capital filed electronically by the Company on FOCUS Form X-17A-5 Part IIA primarily because the Company incorrectly reduced its net capital by its minimum net capital required.

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

To the Members of
Greenwich Financial Services, L.L.C.

In planning and performing our audit of the financial statements and supplementary information of Greenwich Financial Services, L.L.C. (the "Company") for the year ended December 31, 2001, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following: 1) Making quarterly securities examinations, counts, verifications and comparisons; 2) Recordation of differences required by Rule 17a-13, or, 3) Complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them

to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., (N.A.S.D.), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
