Report of Independent Accountants

To the Board of Directors and
Stockholders of
Funds Distributor, Inc.

In our opinion, the accompanying statement of financial condition and the related statements of operations, changes in stockholder's equity, and cash flows that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, present fairly, in all material respects, the financial position of Funds Distributor, Inc. (a wholly owned subsidiary of The BISYS Group, Inc.) (the Company) at December 31, 2001, and the results of its operation and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for the opinion expressed above.

The Company is a member of a group of affiliated companies and, as disclosed in the financial statements, has extensive transactions and relationships with its affiliates. Because of these relationships, it is possible that the terms of these transactions are not the same as those that would result from transactions among unrelated parties.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules on pages 8 and 9 are presented by management for purposes of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Funds Distributor, Inc.

(A wholly owned subsidiary of The BISYS Group, Inc.)

Notes to Financial Statements December 31, 2001

1. Organization

Funds Distributor, Inc. (the Company) is a wholly owned subsidiary of The BISYS Group, Inc. The Company is a registered broker/dealer which acts as a distributor for regulated investment companies.

2. Summary of Significant Accounting Policies

Revenue Recognition

The Company's revenues include distribution fees and reimbursement of expenses incurred to provide sales and distribution services to various investment companies. Revenue also includes fees earned for specific consulting and marketing contracts.

Income Taxes

BISYS and its affiliates file a consolidated federal income tax return that includes the Company. BISYS apportions income tax expense or benefit among all the affiliates based on their taxable income or loss and tax credits. No deferred tax provision is recognized as the Company does not have any temporary differences

Investments

Investments include money market mutual fund investments and 300 shares of NASD stock. The carrying values of the Company's investments approximate their fair values at December 31, 2001.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported results in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Net capital

As a registered broker-dealer engaged in the sale of redeemable shares of registered investment companies and certain other share accounts, the Company is subject to the SEC's Uniform Net Capital Rule 15c3-1 (the Rule), which requires the maintenance of minimum net capital, as defined, and requires that the ratio of aggregate indebtedness to net capital, as defined, shall not exceed 15 to 1. At December 31, 2001, the Company had net capital under the Rule of \$2,129,762, which was \$2,062,343 in excess of its minimum required net capital of \$67,419. The Company's ratio of aggregate indebtedness to net capital at December 31, 2001 was 0.47 to 1.

**Supplementary Schedule—Determination of Reserve Requirements and
Information Relating to Possession or Control Requirements Under
SEC Rule 15c3-3
As of December 31, 2001**

The Company has complied with the exemptive provisions of Rule 15c3-3 under subparagraph (k) (1) – all customer transactions are limited to the sale and redemption of redeemable securities of registered investment companies.

**Report of Independent Accountants on Internal Control
Pursuant to SEC Rule 17a-5**

To the Board of Directors and Stockholder of
Funds Distributor, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Funds Distributor, Inc. (a wholly owned subsidiary of The BISYS Group, Inc.) (the "Company") for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g) in the following:

1. Making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11);
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13;
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
