INDEPENDENT AUDITOR'S REPORT

To the Partners
CapRock Services, Ltd.

We have audited the accompanying statement of financial condition of CapRock Services, Ltd. as of December 31, 2001, and the related statements of operations, changes in partners' capital, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CapRock Services, Ltd. as of December 31, 2001, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Partnership will continue as a going concern. The Partnership has suffered recurring losses from operations, which raises substantial doubt about the Partnership's ability to continue as a going concern. Management's plans in regard to this matter include the contribution of additional capital. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained in the Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CAPROCK SERVICES, LTD.
Notes to Financial Statements
December 31, 2001

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

CapRock Services, Ltd. (the Partnership) is registered as a broker/dealer with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers, Inc. (NASD). The Partnership was formed and their broker/dealer registration with the SEC became effective February 1999 and July 1999, respectively. The Partnership was approved as a member of the NASD in March 2000.

The general partner of the Partnership is CapRock Associates, LLC (General Partner). The General Partner has the authority to manage and control the business affairs of the Partnership.

The Partnership terminates on January 1, 2049, unless terminated earlier or extended as provided in the partnership agreement.

The Partnership provides investor communication and finder services to investment management firms in connection with the placement of limited partner interests. The Partnership was under contract to provide communication and finder services to one investment management firm, located in Northern California. This client was the Partnership's only significant client, until this agreement was terminated during this financial year.

Significant Accounting Policies:

Basis of Accounting

The Partnership operates under the provisions of paragraph (k)(2)(i) of rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of paragraph (k)(2)(i) provide that the Partnership's business is limited to the sale of tax shelters or limited partnerships in primary or secondary markets and the raising of capital for hedge fund clients.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CAPROCK SERVICES, LTD.
Notes to Financial Statements
December 31, 2001

Note 1 - Nature of Business and Summary of Significant Accounting Policies
(continued)

Equipment

Equipment is carried at cost less accumulated depreciation. Depreciation is calculated using accelerated methods over an estimated life of five years.

Revenues

As compensation for the Partnership's communication and finder services, the Partnership is entitled to 20% of both the special profit allocation and the management fee allocated to the General Partner from the capital account of each new investor for the fiscal year the new investor becomes a limited partner and for each of the next nine years. The special profit allocation to the General Partner is 20% of the profit earned by the limited partners on an annual basis, paid in arrears. There were no special profit allocations due to the Partnership for 2001 as the limited partners incurred losses for the year. The management fees were waived due to these losses.

The Partnership's consulting fees were earned from marketing and promotional services provided to the investment management firm to which it provides finder services.

Income Taxes

The Partnership is a Texas limited partnership and is not subject to federal income tax. The Partnership's members individually are required to file federal and state income tax returns recognizing their allocable portion of the Partnership's taxable income.

Note 2 - Net Capital Requirements

The Partnership is subject to the SEC uniform net capital rule (rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2001, the Partnership had net capital and net capital requirements of \$12,462 and \$5,000, respectively. The Partnership's net capital ratio was 0.84 to 1.

CAPROCK SERVICES, LTD.
Notes to Financial Statements
December 31, 2001

Note 3 - Equipment

Equipment is carried at a cost of \$19,009, less accumulated depreciation of \$6,252. Depreciation expense for the year totaled \$3,804 and is reflected in the accompanying statement of operations as occupancy and equipment costs.

Note 4 - Related Party Transactions

The Partnership and the General Partner are under common control and the existence of that control may create a financial position and operating results that are significantly different than if the companies were autonomous.

The Partnership has a non-interest bearing receivable totaling \$11,231 due from the General Partner. The amount is due on demand.

Schedule I

CAPROCK SERVICES, LTD.
Computation of Aggregate Indebtedness and
Net Capital Pursuant to Rule 15c3-1
December 31, 2001

Total partners' capital qualified for net capital	<u>\$ 45,615</u>
Deductions and/or charges	
Non-allowable assets:	
Receivable from General Partner	11,231
Equipment, net	12,757
Deposit	<u>9,015</u>
Total deductions and/or charges	<u>33,003</u>
Net capital before haircuts on securities positions	12,612
Haircuts on securities	
Money Market	<u>150</u>
Net Capital	<u>\$ 12,462</u>
Aggregate indebtedness	
Accrued expenses	\$ 5,795
Note payable to Limited Partner	<u>\$ 4,611</u>
Total aggregate indebtedness	<u><u>10,406</u></u>
Computation of basic net capital requirement	
Minimum net capital required (greater of \$5,000 or 6 2/3% of aggregate indebtedness)	<u>\$ 5,000</u>
Net capital in excess of minimum requirement	<u>\$ 7,462</u>
Ratio of aggregate indebtedness to net capital	<u>0.84 to 1</u>

Note: The above computation does not differ materially from the computation of net capital under Rule 15c3-1 as of December 31, 2001 as filed by CapRock Services, Ltd. on Form X-17A-5. Accordingly, no reconciliation is deemed necessary.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL**

Board of Directors
CapRock Services, Ltd.

In planning and performing our audit of the financial statements of CapRock Services, Ltd. (the Partnership) for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Partnership does not carry securities accounts for customers or perform custodial functions related to customer securities, we did not review the practices and procedures followed by the Partnership in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2001 to meet the SEC's objectives.

This report is intended solely for use of the General Partner, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
