Independent Auditors' Report

Board of Directors
Cuscatlan Securities Corp.

We have audited the accompanying statements of financial condition of Cuscatlan Securities Corp., f/k/a Centrica Securities Corp., as of June 30, 2002 and 2001, and the related statements of income, changes in stockholder's equity, and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cuscatlan Securities Corp. as of June 30, 2002 and 2001, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS**

June 30, 2002 and 2001

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General – Cuscatlan Securities Corp., f/k/a Centrica Securities Corp., (the Company) was incorporated in the State of Florida in September 1989. The Company became a member of the National Association of Securities Dealers, Inc. on August 9, 1990, and is registered with the Securities and Exchange Commission. The Company acts as an introducing broker, referring customers to Donaldson, Lufkin and Jenrette Securities Corporation (DLJ) and clearing transactions through Pershing, a division of DLJ. The Company primarily operates from an office in Guatemala, and its customers are primarily located in Central America. In January 2002, the Company got approval to open a branch office in Costa Rica.

Cash and Cash Equivalents - For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents, except for funds included in “deposits with clearing organizations.” Funds on deposit exceed the federally insured limits.

Securities – Securities are valued at market value. Any difference between cost or amortized cost and market is included in income.

Furniture and Equipment – Furniture and equipment are recorded at cost and are depreciated over the useful lives of the assets of 5 to 7 years on an accelerated method. These assets are located in Guatemala.

Commission Revenue and Transaction Trading - Commission revenue and transaction trading profits are recorded on a trade date basis as securities transactions occur. A substantial portion of transaction trading profits in the year ended June 30, 2002 were realized on sales of Guatemala Republic Euro Notes to entities in Guatemala.

Income Taxes - Income taxes are accounted for in accordance with the provisions of Statement of Financial Accounting Standards Number 109. The Company files United States Federal and Florida income tax returns.

Fair Value of Financial Instruments - The carrying amounts of all financial instruments approximate fair values. The following assumptions are used for securities:

Securities - money funds: because of the short maturity of those instruments, cost approximates fair value.

Securities – U.S. Treasuries and Bonds and Stocks: the carrying value is based upon quoted market prices, a reasonable estimate of fair value.

Board of Directors
Cuscatlan Securities Corp.

In planning and performing our audit of the financial statements and supplemental schedules of Cuscatlan Securities Corp., f/k/a Centrica Securities Corp., for the year ended June 30, 2002, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Cuscatlan Securities Corp., including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities account for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2002 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
