News Release

NYC & Company Selects SolarNet NewsWire for Distribution of Tourist Information to Travel Agents Worldwide

*95% of the world's travel agents can now access and respond
to NYC & Company's Daily Bulletins through their GDS
terminal.*

New York, NY and Vancouver, BC, December 3, 2001 – NYC & Company, New York City's official tourism marketing organization, and SolarNet (Solars Computing Systems Inc.; SCS: CDNX), a leading provider of business-to-business information management and electronic distribution solutions for the travel industry, announced today the launch of NYC & Company's NewsWire.

NYC & Company's NewsWire is a source of real-time information from the New York City hospitality and travel industry that is now available to 95% of the world's retail travel agents through SolarNet's Global Distribution System (GDS) connectivity and its interactive communication tool NewsWire.

NewsWire allows a travel agent to view NYC & Company's daily bulletins from any GDS terminal. Should an agent want more information on a specific bulletin they can simply type "M" for "MAIL" on any GDS terminal and a one-way messaging function enables the agent to send an information request email back to NYC & Company.

New York City is coming back, but the city needs the support of the retail travel agent, now, and NewsWire is the perfect tool to communicate with the international travel agent community through their GDS terminal.

In order to help stimulate the New York City tourism recovery, NYC & Company along with the entire NYC hospitality and travel community have created **NYC Freedom Packages**, offering the very best of New York at unprecedented prices. These packages, part of the "Paint the Town Red White & Blue" savings promotion, are available through March 31, 2002 and are offered in one-, two- and four- night programs, each with three price categories, reflecting hotel category. The packages start as low as \$157 per person, which includes a one-night hotel stay, a Broadway show, a dinner certificate, a discount card valid at more than 350 New York City tourism businesses and a donation to Mayor Giuliani's Twin Towers Fund. All the packages are **commissionable to travel agents**.

"There's never been a more important time to visit New York City and support our wonderful icons such as Broadway, our cultural treasures and our wonderful attractions,"

said Cristyne L. Nicholas, President & CEO of NYC & Company. "Now more than ever, travel agents are playing a crucial role in encouraging their clients to visit New York City. The fact that almost every Agent in the world can get real time updates regarding the commissionable Paint the Town Red White & Blue promotion via SolarNet provides a fantastic boost for the entire city. We thank SolarNet for their generosity and support during this important time."

"SolarNet's sponsorship of NYC & Company's NewsWire is our way of contributing to NYC & Company's effort to invigorate the New York City economy," said Frank Wells, Chairman of SolarNet. "We urge other corporate citizens to do what they can to assist the international tourism industry."

For more information, travel agents can access NYC & Company's NewsWire, free of charge, simply by typing in the appropriate SolarNet GDS access code listed below and entering the keyword: **NYCVISIT**
