News Release

Webcast of CSFB Energy Summit presentation available on
February 6

Calgary, February 5, 2002 — Mr. Michael Grandin, President, PanCanadian Energy Corporation and Mr. Gwyn Morgan, President and CEO, Alberta Energy Company Ltd., will be presenting at the Credit Suisse First Boston 2002 Energy Summit conference in Vail, Colorado, on February 6 at 8:50 a.m. Mountain Standard Time. Mr. Grandin and Mr. Morgan will discuss the proposed merger of their respective companies.

A live audio Webcast of this presentation will be available on February 6 at 8:50 a.m. Mountain Standard Time via PanCanadian's web site, www.panCanadianenergy.com, under "Investor Hub".

PanCanadian is a premier North American energy company active in the exploration, development, production and marketing of natural gas, crude oil and natural gas liquids. The company's core areas are the Western Basin including land in Western Canada and the United States, the East Coast of Canada, the Gulf of Mexico and the United Kingdom. These areas are complemented by focused international exploration programs.

On January 27, 2002, PanCanadian and Alberta Energy Company Ltd. announced that their Boards of Directors had unanimously agreed to merge the two companies. The combined organization will be a Canadian-headquartered, world-class independent oil and gas company with an enterprise value of more than C\$27 billion. Upon completion of the transaction, expected in early April, the combined organization will operate under the name EnCana Corporation. The proposed merger is subject to shareholder, Court of Queen's Bench of Alberta and regulatory approvals.

ADVISORY - Certain information regarding the company set forth above, including management's assessment of the company's future plans and operations, may constitute forward-looking statements under applicable securities law. The energy business necessarily involves risks associated with oil and gas exploration, development and production, generation of electricity, and marketing and transportation of energy. These risks include loss of market, volatility of prices, currency fluctuations, imprecision of reserves estimates, environmental risks, competition from other producers and ability to access sufficient capital from internal and external sources. As a consequence, actual results may differ materially from those anticipated in the forward-looking statements.
