(Biella, Italy, October 31, 2001) - Fila Holding S.p.A. (NYSE:FLH) announced today that recent events and changing economic and industry conditions in markets where Fila had expected to improve substantially in the second semester of this year (particularly the US and South America) have impacted on Fila's expectations. These factors, coupled with the persisting difficulties in some key European markets, have significantly affected the operating level.

As a result, third quarter and consequently full-year results will be below expectations.

Further comments will be provided with the detailed third quarter results ended September 30, 2001 that will be released after the close of the market on Monday, November 12, 2001.

Fila Holding S.p.A., headquartered in Biella (Italy), is a leading designer and marketer of athletic and casual footwear, as well as activewear, casualwear and sportswear.
