**2001 CONSOLIDATED SALES**

Consolidated sales for full-year 2001 totaled **2,799 million euros**, an increase of 5.9% as compared to 2000 (**4.0% at constant size and exchange rates**).

Those figures include our proportion of Zuari Cement sales incorporated at the beginning of 2001, but not Suez Cement, the participation of which was acquired at the end of the financial year.

In a difficult economic background, this shows a still favorable evolution in all of our markets, except for North America, in spite of a better than expected fourth quarter, and Turkey.

As forecasted, the Group will be able to maintain results at a level comparable to those recorded for 2000.

The Board of Directors will examine the 2001 results on February 14<sup>th</sup>, 2002.
