Independent Auditor's Report

We have audited the accompanying statement of financial condition of BCR Capital Corporation as of December 31, 2001 and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We have conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of BCR Capital Corporation as of December 31, 2001, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained on page 7 through 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a - 5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BCR CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2001

1. NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

BCR Capital Corporation (the "Company") was organized and incorporated on June 21, 1989, and is engaged in the business of debt placement and selling of limited partnership interests primarily in Indiana.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INCOME TAXES

Federal income taxes have not been provided because the stockholders elected to be treated to an S Corporation for income tax purposes as provided in Section 1362(a) of the Internal Revenue Code. As such, the corporate income or loss and credits are passed to the stockholders and combined with their personal income and deductions to determine taxable income on their individual tax returns. The election continues unless the Company becomes disqualified or until the election is revoked voluntarily. The Company has been an S Corporation since inception and therefore is not subject to the built-in gains tax on the sale of any of its assets. There are no significant temporary differences between reporting for tax and financial statement purposes.

REVENUE

Fees and commissions are recognized when the applicable transaction is completed.

2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission uniform net capital rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2001, the Company had net capital of \$ 18,613 which was \$ 13,613 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0 to 1.

BCR CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2001

3. LEASES

The Company is obligated under an operating lease for its office facilities. Rent expense for 2001 was \$ 58,153. Future minimum obligations on the lease in effect at December 31, 2001 are:

2002	\$ 55,821
2003	<u>37,214</u>
	<u>\$ 93,035</u>

The Company shares its office with others. Payments received from these companies for their share of the occupancy expenses and certain other expenses in 2001 were \$ 63,305. There is no written agreement.

PRICE & GARTRELL, P.C.

CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors of
BCR Capital Corporation
Indianapolis, Indiana

In planning and performing our audit of the financial statements of BCR Capital Corporation for the year ended December 31, 2001, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

As required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and procedures determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry security accounts or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial function relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practice and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Stephen D. Price, C.P.A.
H. Lynn Gartrell, C.P.A.

Joseph G. Miller, Jr., C.P.A.
Frank T. Crislip, Jr., C.P.A.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected.

Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
