INDEPENDENT AUDITORS' REPORT

To the Board of Directors
The Strategic Alliance Corporation
Albemarle, North Carolina

We have audited the accompanying statements of financial condition of The Strategic Alliance Corporation (a wholly-owned subsidiary of Bank of Stanly) as of December 31, 2001 and 2000, and the related statements of operations, changes in stockholder's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Strategic Alliance Corporation as of December 31, 2001 and 2000 the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Strategic Alliance Corporation (the Company) is a North Carolina corporation formed on May 1, 1989 for the purpose of conducting business as a broker/dealer in securities. On June 24, 1993, the Company's application for broker/dealer status was granted by the Securities and Exchange Commission. The Company was granted broker/dealer status by the NASD on October 25, 1993. The Company serves primarily individual and institutional customers throughout the State of North Carolina.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer and promptly transmit all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

A summary of the Company's significant accounting policies follows:

Revenue and Expense Recognition

Commission revenue and related expenses are recorded on a trade-date basis.

Cash Equivalents

For purposes of the statement of financial condition, the Company defines cash equivalents as short-term, highly liquid debt instruments purchased with a maturity of three months or less. Cash equivalents are carried at cost which approximates fair value.

Restricted Cash

Restricted cash consists of funds held in reserve by the clearing broker/dealer against outstanding clearing charges owed to the broker/dealer.

Marketable Securities

The Company has implemented FAS 115 for the accounting for investments. Marketable equity securities are accounted for as trading securities and are stated at market value with unrealized gains and losses accounted for in current income from operations.

Investments Not Readily Marketable

Investments not readily marketable include investment securities for which there is no market on a securities exchange or no independent publicly quoted market.

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Furniture and Equipment

Furniture and equipment are stated at cost, net of accumulated depreciation. Depreciation is computed by the straight-line method over estimated useful lives of three to seven years.

Income Tax Status

The Company and its parent file a consolidated tax return for federal income tax purposes. The Company files a separate unconsolidated tax return for state income tax purposes.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1) which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2001, the Company had net capital and minimum net capital requirements of approximately \$852,282 and \$100,000, respectively. At December 31, 2000, the Company had net capital and minimum net capital requirements of approximately \$248,621 and \$50,000, respectively.

NOTE C - OFF-BALANCE SHEET RISK AND CONCENTRATION OF CREDIT RISK

As discussed in Note A, the Company's customer securities transactions are introduced on a fully-disclosed basis with its clearing broker/dealer. The Company also has direct selling agreements with certain mutual fund companies whereby transactions are introduced on a fully-disclosed basis. The clearing broker/dealer and the mutual fund companies carry all of the accounts of the customers of the Company and are responsible for the execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance sheet risk exists with respect to these transactions due to the possibility that the customers may be unable to fulfill their contractual commitments, wherein the clearing broker/dealer and the mutual fund companies may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the creditworthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer and the mutual fund companies.

THE STRATEGIC ALLIANCE CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE D - MARKETABLE SECURITIES

Marketable securities classified as trading securities are recorded at fair value on the balance sheet, with the change in net unrealized holding gain or loss included in income from operations. Following is a summary of information relating to marketable securities classified as trading as of December 31, 2001.

Market value	\$ 40,320
Cost	<u>37,040</u>
Holding gain	<u>\$ 3,280</u>

NOTE E - INVESTMENTS NOT READILY MARKETABLE

The Company has an ownership interest in Uwharrie Heritage, LLC ("Uwharrie Heritage"), a North Carolina limited liability company. Uwharrie Heritage was formed on February 27, 1998 to purchase tracts of land with significant historic and/or scenic value in the Uwharrie Lakes Region of North Carolina. There is no market on a securities exchange and no independent publicly quoted market for this investment and, accordingly, its fair value is not readily determinable. The Company's ownership interest in Uwharrie Heritage was approximately 46% at December 31, 2000 and less than 3% at December 31, 2001. The Company accounted for its investment using the equity method through July 26, 2001 at which time the Company's ownership interest was reduced to less than 3% through a redemption of capital by Uwharrie Heritage in the amount of \$780,946. Accordingly, subsequent to July 26, 2001, the Company began accounting for its investment using the cost method. As of December 31, 2001 and 2000, the carrying value of the Company's investment in Uwharrie Heritage was \$20,669 and \$801,615, respectively.

NOTE F - TRANSACTIONS WITH AFFILIATES

The Company provides management and administrative support services to an insurance agency and a registered investment advisor affiliated through common ownership. The Company receives management fees in exchange for these services. Management fee income amounted to \$237,787 and \$307,554 for the years ended December 31, 2001 and 2000, respectively.

The Company also receives management and administrative support services from Uwharrie Capital Corp which wholly owns the Company's sole stockholder, Bank of Stanly. During 2001, the Company began paying management fees in exchange for these services. Management fee expense amounted to \$58,500 in 2001 and is included in the caption "General and administrative" in the accompanying 2001 statement of operations.

NOTE G - INCOME TAX MATTERS

The Company is a member of a group that files a consolidated federal income tax return. The members of the consolidated group allocate payments to any member of the group for the income tax reduction resulting from the member's inclusion in the consolidated return, or the member makes payments for its allocated share of the consolidated income tax liability. This allocation approximates the increase or decrease in consolidated income taxes resulting from each member's taxable income or loss, computed at the effective tax rate of the consolidated group.

INDEPENDENT AUDITORS' REPORT ON THE SUPPLEMENTARY INFORMATION

To the Board of Directors
The Strategic Alliance Corporation
Albemarle, North Carolina

Our report on our audits of the basic financial statements of The Strategic Alliance Corporation for the years ended December 31, 2001 and 2000 appears on page one. These audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on page 10 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Certified Public Accountants and Consultants

INDEPENDENT AUDITORS' REPORT ON THE INTERNAL CONTROL STRUCTURE

To the Board of Directors
The Strategic Alliance Corporation
Albemarle, North Carolina

In planning and performing our audit of the financial statements of The Strategic Alliance Corporation (a wholly-owned subsidiary of Bank of Stanly) for the year ended December 31, 2001, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purposes of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) and (2) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by The Strategic Alliance Corporation that we considered relevant to the objectives stated in Rule 17a-3(11) and procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3 because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in conformity with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph. Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may nevertheless occur and

A member of
Moore's Rowland International

An association of independent
accounting firms throughout the world.

not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for determining compliance with the exemption provisions of Rule 15c3-3, that we consider to be material weaknesses as defined above.

We understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

Dixon Odom PLLC
