INDEPENDENT AUDITOR'S REPORT

The Board of Directors
American Securities Team, Inc.
Boston, Massachusetts

We have audited the accompanying balance sheet of American Securities Team, Inc. (a wholly-owned subsidiary of APT Financial Services, Inc.) as of December 31, 2001, and the related statements of operations, changes in stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of American Securities Team, Inc. as of December 31, 2001, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2001

1. Organization and summary of significant accounting policies:

Organization:

American Securities Team, Inc. (the "Company"), which was organized as a Massachusetts corporation on December 19, 1996, pursuant to Chapter 156B of the Massachusetts general laws, was formed to engage in and carry on the business of a broker-dealer in securities, including but not limited to the buying and selling, dealing and trading in, acquiring and disposing of, in every lawful manner whatsoever, as principal or as agent, any and all negotiable and non-negotiable instruments or securities; and, in general to carry on any and all businesses and activities permitted to corporations organized under the provisions of Chapter 156B wherever the same may lawfully be done. The Company will limit its broker/dealer operations to those described in Paragraphs (a)(2)(ii), (a)(2)(iii) and (a)(2)(iv) of SEC rule 15c3-1. The Company is licensed in Massachusetts, New York and Florida.

The Company also provides investor services to the limited partners of various residential rental entities located primarily in Massachusetts. These entities are affiliated with the Company. Investor service fees represent the Company's principal business activity for the year ended December 31, 2001.

The Company is a wholly-owned subsidiary of APT Financial Services, Inc. (the "Parent Company"). The Company is included in consolidated financial statements issued by the Parent Company and it files consolidated income tax returns with the Parent Company.

Summary of significant accounting policies:

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash equivalents:

The Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Income taxes:

The Company files consolidated income tax returns with its Parent Company. The Company computes its federal and state taxes utilizing the tax rates available to the Company as if it were a separate taxpayer and it remits these taxes to the Parent Company. Any additional tax expense or benefit resulting from the impact of consolidation is borne by the Parent Company. The state net worth tax is computed on the Company's allocable net worth and is paid directly to the state.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

YEAR ENDED DECEMBER 31, 2001

1. Organization and summary of significant accounting policies - continued:

Summary of significant accounting policies - continued:

Investor service fees:

Annual investor service fees received from the affiliates are recognized when earned. These fees include amounts for services in providing reports to the investor limited partners of the affiliates and a program management fee for one of the affiliates. In accordance with the respective partnership agreements, fees for providing reports to the investor limited partners are generally based upon annual amounts ranging from \$2,500 to \$6,000 per partnership. The program management fee is based upon an annualized amount of one-half of one percent of the outstanding balance of the affiliate's debt and contributed capital.

2. Cash and cash equivalents:

The Company maintains certain operating cash balances in a Massachusetts financial institution. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. At December 31, 2001, the Company's cash balances were fully insured.

3. Investments, at cost:

In April 2000, the Company invested \$3,300 in a private placement corporation, NASDAQ Stock Market, Inc., whose stock is not readily marketable. This amount represents 300 warrants purchased at \$11.00 per warrant.

In December 2000, the Company invested \$42,800 in a private placement corporation, NASDAQ Stock Market, Inc., whose stock is not readily marketable. Of this amount, \$26,000 represents 2,000 shares of common stock, and \$16,800 represents 1,200 warrants purchased at \$14 per warrant.

Each of the aforementioned warrants can be exercised to purchase one share of common stock at anytime during various exercise periods at varying exercise prices as follows:

Exercise Period Commencing	Exercise Price
June 28, 2002	\$ 13
June 30, 2003	\$ 14
June 28, 2004	\$ 15
June 28, 2005	\$ 16

AMERICAN SECURITIES TEAM, INC.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

YEAR ENDED DECEMBER 31, 2001

4. Transactions with affiliates:

The Company earned investor service fees from affiliated limited partnership entities aggregating \$79,246 during 2001. Of these fees, \$13,696 is receivable from these entities. The Company has a payable to the Parent Company of \$114 for prior year federal and state income taxes. This payable is net of the Company's current year tax benefit to the Parent Company for federal and state taxes. In addition, the Company has a miscellaneous payable to an affiliate in the amount of \$912.

In 1999, the Company advanced \$376,015, to an affiliate, of which \$333,215 is receivable at year end. These advances are noninterest bearing with no specified terms of repayment.

Personnel working for the Company are employees of the Company, paid by a common paymaster, therefore, the Company reimburses the Parent Company for the actual salaries and related benefits of these employees. Such costs expensed during the year totaled \$45,024.

The Company paid a consulting fee of \$27,840 to a related entity for various advisory services in 2001.

5. Income taxes:

The amount of income tax benefit differs from that computed using the statutory federal tax rate of 34% because of the application of the graduated federal tax rate of 15% on the first \$50,000 of taxable income, state income taxes net of federal tax benefit, and adjustment of prior year taxes reflected during the current period.

6. Stockholder's equity:

As a broker/dealer, the Company is subject to the "Net Capital Rule" (rule 15c3-1) of the Securities and Exchange Commission which requires the maintenance of minimum net capital and requires that the aggregate indebtedness, as defined, shall not exceed 15 times net capital, as defined. At December 31, 2001, the Company's net capital was \$10,319 and the required capital was \$5,000. The Company's net capital ratio was .142 to 1 at December 31, 2001.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17a-5 WHEN CLAIMING AN
EXEMPTION FROM SEC RULE 15C3-3

The Board of Directors
American Securities Team, Inc.
Boston, Massachusetts

In planning and performing our audit of the financial statements and supplemental schedules of American Securities Team, Inc. for the year ended December 31, 2001, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by American Securities Team, Inc. including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the SEC's objectives.

This report is intended solely for the information and use of the board of directors, management and others within the Company, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
