## INDEPENDENT AUDITORS' REPORT

Board of Directors and Shareholders  
Barrington Research Associates, Inc.  
Chicago, Illinois

We have audited the accompanying statement of financial condition of Barrington Research Associates, Inc. as of May 31, 2002, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Barrington Research Associates, Inc. as of May 31, 2002, and the results of operations and changes in cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit also included the schedules of computation of net capital and exemptive provision under Rule 15c3-3. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BARRINGTON RESEARCH ASSOCIATES, INC.

Notes to Financial Statements

May 31, 2002

1. GENERAL

Barrington Research Associates, Inc. (The "Company"), is an Illinois corporation formed on June 1, 1983. The Company is a registered securities broker/dealer which deals primarily in securities traded on recognized United States security exchanges.

2. SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition - Securities transactions, and the related revenues and expenses thereon, are recorded on a settlement date basis that does not differ materially from the trade date basis. Investment securities are recorded at market value which approximates fair value. Unrealized gains and losses on securities are included in the determination of net income.

Fixed Assets - Furniture and equipment are stated at historical cost and are depreciated on an accelerated basis that approximates straight line.

Income Taxes - Any available tax credits are accounted for using the flow-through method under which the benefit is used as a reduction to the tax provision in the year it can be utilized.

3. NET CAPITAL REQUIREMENTS

The Company, as a registered broker/dealer, is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1) and is required to maintain minimum capital, as defined, under the Rule. Under this Rule, the Company is required to maintain "minimum net capital" equivalent to the greater of \$100,000 or 6-2/3% of "aggregate indebtedness," as these terms are defined.

At May 31, 2002, the Company had net capital, as defined, of \$377,897, which was \$277,897 in excess of its required net capital of \$100,000.

BARRINGTON RESEARCH ASSOCIATES, INC.

Notes to Financial Statements

May 31, 2002

4. RECEIVABLE FROM CLEARING BROKER

The receivable from the clearing broker/dealer arises in the normal course of business from the settlement of securities transactions. The receivables are generally collected within thirty days. The Company utilizes one broker/dealer as its clearing broker. This clearing broker is nationally recognized and is a member of the major exchanges.

5. INCOME TAX PROVISIONS

The federal and state income tax provisions are as follows:

Current federal . . . . .	\$ 55,249
Current state . . . . .	<u>18,907</u>
	<u>\$ 74,156</u>

6. COMMITMENTS

The Company rents facilities in Chicago, Illinois under noncancelable operating leases through February 14, 2004. Rent expense for the year ending May 31, 2002 was \$189,158. Future minimum lease payments are as follows:

<u>Year ending</u>	
May 31, 2003	<u>147,088</u>
	<u>\$ 147,088</u>

7. RELATED PARTY TRANSACTIONS

During the fiscal year, the Company paid \$210,500 to HMR Publishing Company, an affiliated company, for research services. Also, the Company had income of \$30,000 from consulting services rendered to Barrington Asset Management, Inc., another affiliate.

BARRINGTON RESEARCH ASSOCIATES, INC.

Notes to Financial Statements

May 31, 2002

8. PENSION PLANS

The Company has a Profit Sharing/Salary Reduction Plan which covers all eligible employees. For those employees participating, up to 15% of annual compensation may be deferred up to the maximum prescribed by the Internal Revenue Code.

The Company may also contribute to the plan based upon a percentage of the participants' compensation determined at the discretion of the Board of Directors. No Company contribution or provision for a contribution is included in the financial statements.

Board of Directors and Shareholders  
Barrington Research Associates, Inc.  
Chicago, Illinois

We have audited the accompanying financial statements of Barrington Research Associates, Inc. as required by Rule 17a-5(d) as of May 31, 2002, and for the year then ended, and have issued a report thereon dated July 17, 2002. As part of our audit, we reviewed and tested the system for internal accounting control and the procedures for safeguarding securities to the extent we considered necessary to evaluate the system as required by auditing standards generally accepted in the United States of America and by Rule 17a-5 under the Securities Exchange Act of 1934. In addition, we reviewed the practices and procedures followed by the Company:

1. in making the periodic computations of aggregate indebtedness and net capital as required by Rule 17a-3 (a) (11).
2. in making the quarterly securities examinations, counts, verifications and comparisons and the recording of differences required by Rule 17a-13.

Rule 17a-5 contemplates that the scope of the review and tests should be sufficient to provide reasonable assurance that any material weaknesses existing at the date of our examination would be disclosed. Under these standards and that Rule, the purposes of such evaluation are to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements and to provide a basis for reporting material weaknesses in internal accounting control.

The objective of internal accounting control is to provide reasonable but not absolute assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgements by management. However, for the purpose of this report, under Rule 17a-5, the cost-benefit relationship has been disregarded in determining weaknesses to be reported.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the system of internal accounting control for the year ended May 31, 2002, which was made for the purposes set forth in the first paragraph and would not necessarily disclose all weaknesses in the system which may have existed during the period under review, disclosed no weaknesses that we believe to be material.

The Company claims exemption from Rule 15c3-3 under paragraph (k) (2) (ii). Conditions of the exemption were being complied with as of the examination date and no facts came to our attention to indicate the exemption had not been complied with during the period under examination.
