Cable network operator in Hessen with new first-in-command

iesy appoints Chief Executive Officer

Weiterstadt, 27. February 2002

iesy (eKabel – Kabel Hessen GmbH & Co. KG), the cable network operator in Hessen, has appointed a Chief Executive Officer. He is leading telecom and computer expert, Lutz Meyer-Scheel, who will be responsible for the company's drive to introduce new broadband products and services. He starts on 2nd April.

iesy is placing high priority on the rapid expansion of the cable network in Hessen to provide reverse-channel multimedia broadband cable. At the same time it is re-organizing its departments and management structure to ensure the entire company is customer-focused.

"There could not be a more exciting time to take up this position", Lutz Meyer-Scheel says. "With its highly advanced cable network in Hessen, iesy can take advantage of the new broadband technologies to provide customers with the very latest telephone, television and internet services."

Lutz Meyer-Scheel, 59, is a prominent Telecommunications manager. Prior to his move to iesy, he was CEO at RSLCOM GmbH in Frankfurt, in charge of the consolidation of the private customer division and the integration of the Motorola Telco business divisions in RSLCOM.

Before that, he held CEO positions at such British Telecom subsidiaries as Telenordia (Scandinavia) and VIAG Interkom (Germany). Mr. Meyer-Scheel gathered further experience as a CEO at INFO AG (1990-1995) and at ENATOR INTERNATIONAL AB (1983-1990), as well as holding numerous managerial positions at SCS and Eurokai KGaA. Before becoming involved in the telecom and IT industries, Lutz Meyer-Scheel worked as a marine and first officer in the German Merchant Navy for Hapag-Lloyd AG (Hamburg).

A. Gary Klesch, Chairman of the Board, explains: "The appointment of such a highly qualified CEO is a key milestone in the transformation of iesy into a company capable of delivering the products of tomorrow. He will ensure the continuing integration of customer care, marketing and networks so that iesy is 100 per cent customer focused. Though the appointment of a CEO means that the acting head of the company, Doug Giesen, has now successfully completed his work, I am delighted that we can continue to benefit from his expertise as a consultant."

About iesy

iesy (eKabel - Kabel Hessen GmbH & Co. KG) is the cable network operator in Hessen and is building a full service digital broadband communications network. Currently with a workforce of more than 300 employees, the company located in Weiterstadt near Frankfurt am Main provides multimedia and entertainment programming. In August 2000 a investor consortium led by NTL acquired 65 percent of the Hessen cable network from Deutsche Telekom AG serving 1.8 million households. iesy is upgrading the existing network to provide two-way broadband communications. iesy's products will include digital television, high-speed internet and IP telephony via a single link.

Certain statements in this press release contain "forward-looking statements" as that term is defined under the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company, or industry results, to be materially different from those contemplated, projected, forecasted, estimated or budgeted, whether expressed or implied, by such forward-looking statements. Such factors include the following: general economic and business conditions, the Company's ability to continue to design networks, install facilities, obtain and maintain any required governmental licenses or approvals, finance construction and development and the ability to complete certain pending acquisitions, all in a timely manner and reasonably basis and on satisfactory terms and conditions, as well as assumptions about customer acceptance, churn rates, over all market penetration and competition from providers of alternative services, the impact of new business opportunities requiring significant up-front investment, and availability, terms and deployment of capital. We undertake no obligation to update the forward-looking statements contained this material to reflect subsequently occurring events or circumstances.
