REPORT OF INDEPENDENT ACCOUNTANT

Mr. George P. Morris, President
Morris Financial, Inc.
Garden Grove, California

I have audited the accompanying statement of financial condition of Morris Financial, Inc., as of December 31, 2001 and related statements of operations, cash flows, and changes in shareholder's equity for the year then ended. These financial statements are being filed pursuant to Rule 17a-5 of the Securities Exchange Act of 1934 and include the supplemental schedule of the net capital computation required by rule 15c3-1. These financial statements are the responsibility of Morris Financial, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, such financial statements referred to above present fairly, in all material respects, the financial condition of Morris Financial, Inc. as of December 31, 2001 and the results of it's operations, cash flows and changes in shareholder's equity for the year then ended in conformity with the United States generally accepted accounting principles.

George Brenner, C.P.A.

MORRIS FINANCIAL, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2001

NOTE 1 - NATURE OF BUSINESS

Morris Financial, Inc. (the "Company") was incorporated on October 20, 1986 in the State of California. The Company is a broker-dealer registered with the Securities and Exchange Commission. To date the Company has been inactive.

NOTE 2 - NET CAPITAL

The Company is subject to a \$5,000 minimum capital requirement under SEC Rule 15c3-1, which also requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. At December 31, 2001 the Company had complied with both requirements. See page 7 for the computation of net capital requirements.

NOTE 3 - INCOME TAXES

The Company has elected to be taxed as a small business corporation. As such, income and losses pass through to the shareholder and are taxable to the individual. The Company is required to pay a minimum state tax of \$800.

NOTE 4 - RELATED PARTY TRANSACTION

The Company performs consulting work for an affiliate company.

PART II

MORRIS FINANCIAL, INC.

STATEMENT OF INTERNAL CONTROL

DECEMBER 31, 2001

George Brenner, CPA
A Professional Corporation
10680 W. PICO BOULEVARD., SUITE 260
LOS ANGELES, CALIFORNIA 90064
310-202-6445 FAX 310-202-6494

Report of Independent Accountant
on Internal Accounting Control Required by SEC Rule 17a-5

Board of Directors
Morris Financial, Inc.
Garden Grove, California

In planning and performing my audit of the financial statements of Morris Financial, Inc. (hereafter referred to as the "Company") for the year ended December 31, 2001, I have considered its internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements, and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practice and procedures (including tests of compliance with such practices and procedures) followed by the Company that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (aggregate debts) and net capital under rule 17a-5(a)(11) and for determining compliance with the exemptive provisions of Rule 15c-3. I did not review the practice and procedures followed by the Company: (1) in making the quarterly securities examinations, counts, verifications, and comparisons, and recordation of differences required by Rule 17a-13; (2) in complying with the Governors of Federal Reserve System; or (3) in obtaining and managing physical possession or control of all fully paid and excess margin securities of customers, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The Management of the Company is responsible for establishing and maintaining an internal control structures and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practice and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide responsibility and safeguard against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles.

Rule 171-5(g) lists additional objectives of the practice and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weakness under the standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk the errors or irregularities in amounts that would be material in relationship to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the accounting system and control procedures that I considered to be material weaknesses as defined above. In addition, the Company, was in compliance with the exemptive provisions of Rule 15c3-3 as of December 31, 2001 and no facts came to my attention indicating that such conditions had not been complied with during the year then ended.

I understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2001 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on Regulation 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purpose.

George Brenner, C.P.A.
