ROBERT E. HALLSTEIN, C.P.A.
1922-2001

March 25, 2002 -

To the Principal of Westcountry Financial:

We have examined the financial statements of Westcountry Financial for the year ended December 31, 2001, and have issued our report thereon dated March 25, 2002. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing and extent of the auditing procedure necessary for expressing an opinion on the financial statements.

Also, as required by rule 17a-5(g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Westcountry Financial that we considered relevant to the objectives stated in rule 17a-5(g), (1) in making the periodic computation of aggregate indebtedness and net capital under rule 17a-3(1) (11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. The Company was in compliance with the condition of the exemption; no facts came to our attention to indicate that such conditions had not been complied with during the period.

We also made a study of the practices and procedures followed by the Company in making the periodic computation of aggregate indebtedness and net capital under rule 17a-3(a) (11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company in making quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of the Regulation T of the Board of Governors of the Federal Reserve Systems, because the Company does not carry security accounts for customers of perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Westcountry Financial taken as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

We understand that practices and procedure that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedure that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes.

Based on this understanding and on our study, we believe that the Company's practices and procedure were adequate at December 31, 2001 to meet the Commission's objectives.

This report is intended solely for use of management and the Securities and Exchange Commission and should not be used for any other purpose.

To the Principal of Westcountry Financial

Independent Auditor's Report

We have audited the accompanying statement of financial condition of Westcountry Financial as of December 31, 2001, statements of income and changes in financial condition for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Westcountry Financial as of December 31, 2001, and the results of its operations and changes in its financial condition for the year then ended in conformity with generally accepted accounting principles.

In connection with our examination, we have also examined the supplementary schedules on pages 3, 4, 6, and 7 of the Financial and Operation Combined Uniform Single Report, Part IIA, as prescribed in Rule 17a-5 of the General Rules and Regulations of the Securities and Exchange Commission. Further, we have determined that the reconciliation pursuant of Rule 17a-5(d)(4) is not necessary. We also determined that Westcountry Financial during the period ended December 31, 2001 was in compliance with the exemptive provisions of Rule 15c-3-3, (k) (2) (A) in that it carried no margin accounts, handled no customer funds or securities, and held no funds or securities for, nor owed money or securities to, its customers. In our opinion, the supplementary schedules examined by us at December 31, 2001 present fairly the information included therein in conformity with the rules of the Securities and Exchange Commission.
