INDEPENDENT AUDITOR'S REPORT

To the Member
SIG Securities, L.L.C.
(Formerly Churchill Securities L.C.)

We have audited the accompanying statement of financial condition of SIG Securities, L.L.C. (formerly Churchill Securities L.C.) as of December 31, 2001, and the related statements of income, changes in member's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SIG Securities, L.L.C. (formerly Churchill Securities L.C.) as of December 31, 2001, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2001

Note 1 - Summary of Significant Accounting Policies

SIG Securities, L.L.C. (formerly Churchill Securities, L.C.) (the "Company"), was formed in July 1998 for the purpose of providing financial services, including securities brokerage and insurance services. The Company is a broker-dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). The Company operates under (SEC) Rule 15c3-3(k)(2)(i). Substantially all of the Company's business is conducted with customers located throughout the United States.

The Company operates as a Texas Limited Liability Company (L.L.C.) and has as a sole member, Summit Alliance Investment Group, L.L.C. (the "Parent"). Its member has limited personal liability for the obligations or debts of the entity.

The Company dissolves in July 2028, unless earlier dissolved in accordance with the articles of organization.

Insurance commissions are recorded when policies are funded by the customer.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2001, the Company had net capital of approximately \$7,565 and net capital requirements of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .14 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 3 - Possession or Control Requirements

The Company holds no customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(i).

SIG SECURITIES, L.L.C.
(Formerly Churchill Securities, L.C.)
Notes to Financial Statements
December 31, 2001

Note 4 - Income Taxes

The Company is a single member limited liability company and as such is consolidated for income tax purposes with its Parent. Its Parent is taxed as a partnership, therefore all taxable income or loss of the Company and its Parent are included in the income tax returns of the Parent's partners, therefore, no income tax expense or benefit is recorded.

Note 5 - Related Party Transactions/Economic Dependency

The Company and its Parent are under common control and the existence of that control creates operating results and financial position significantly different than if the companies were autonomous.

Under a services agreement effective October 1998, Summit Alliance Investment Group, LLC, formerly Churchill Financial Group, L.C. (Parent), provides the Company with personal property, support staff and office space. The Parent incurs general and administrative expenses on behalf of the Company. For providing these services, the Parent is entitled to receive compensation from the Company on a monthly basis upon presentation of a monthly invoice which includes a breakdown of expenses being billed. The services and support agreement is automatically renewed on a year-to-year basis unless terminated by written notice not less than 30 days prior to the expiration of an annual term. The Company did not reimburse the Parent, nor did the Parent seek an reimbursement for any services provided under this agreement.

The Company is economically dependent on its Parent.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5

To the Member
SIG Securities, L.L.C.
(Formerly Churchill Securities L.C.)

In planning and performing our audit of the financial statements and supplemental schedules of SIG Securities, L.L.C. (formerly Churchill Securities L.C.) (the "Company"), for the year ended December 31, 2001, we considered its internal control, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
