Board of Directors
Gramercy Securities, Inc.

Charlestown, RI 02813

I have audited the financial statements of Gramercy Securities, Inc. for the year ended March 31, 2002 and have issued my report thereon dated May 7, 2002. As part of my audit, I made a study and evaluation of the Company's systems of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study and evaluation, which included obtaining an understanding of the accounting system was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5 (g) (1) of the Securities and Exchange Commission, I have made a study of the practice and procedures (including test of compliance with such practices and procedures) followed by Gramercy Securities, Inc., that I considered relevant to the objectives stated in Rule 17a-5 (g) (1) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3 (a) (11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

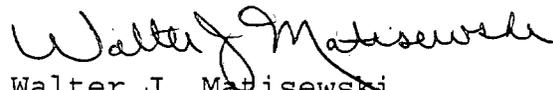

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weakness in the system. Accordingly, I do not express an opinion on the system of internal accounting control of Gramercy Securities, Inc. taken as a whole. However, my study and evaluation disclosed no condition that I believed to be material weakness.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such adequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at March 31, 2002 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose.

Respectfully submitted,

Walter J. Matisewski
