VISION BROKERAGE SERVICES, L.L.C.  
NOTES TO FINANCIAL STATEMENT  
JUNE 30, 2002

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Vision Brokerage Services L.L.C. (the "Company") was organized in the State of New York on July 15, 1999. The Company is registered as a broker-dealer with the Securities and Exchange Commission (the "SEC") and is a member of the National Association of Securities Dealers, Inc. (the "NASD"), the Municipal Securities Rulemaking Board (the "MSRB") and the Securities Investor Protection Corporation ("SIPC"). Also, the Company is registered to conduct securities business in all fifty states and Puerto Rico. The Company does not hold funds or securities for, or owe funds or securities to, customers. Any funds or securities received by the Company are promptly transmitted to the clearing broker.

The Company executes all of its customer trades through a New York Stock Exchange member firm as an introducing broker that earns commissions on its introduced customers.

For purposes of the statement of cash flows, the Company has defined cash equivalents as highly liquid investments with original maturities of less than three months that are not held for sale in the ordinary course of business. The Company maintains its cash and cash equivalents at highly accredited financial institutions with balances that, at times, may exceed federally insured limits.

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities and the related revenue and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

The Company records securities transactions and commission revenue and related expenses on a settlement-date basis.

No provision for federal and state income taxes has been made since the Company is not a taxable entity. The members are individually liable for the taxes on their share of the Company's income or loss. The Company is, however, subject to the New York City Unincorporated Business Tax on its business income.

NOTES TO FINANCIAL STATEMENT  
JUNE 30, 2002  
(continued)

NOTE 2 – RECEIVABLE FROM CLEARING BROKER

The Company clears all its introduced customers' transactions through FiServ Securities, Inc., their clearing broker, pursuant to a clearance agreement. The amount shown on the statement of financial condition that is due from the Company's clearing broker consists of the following at June 30, 2002:

Net commissions receivable	\$ 9,623
Good faith deposits	<u>50,000</u>
Total	<u>\$ 59,623</u>

The Company has agreed to indemnify its clearing broker for losses the clearing broker may sustain as a result of the failure of the Company's introduced customers to satisfy their obligations in connection with their delivery versus payment for securities transactions.

As of June 30, 2002, there were no customer accounts with deficiencies that presented any significant risks.

NOTE 3 – NET CAPITAL REQUIREMENT

As a registered broker-dealer and member of the NASD, the Company is subject to the Uniform Net Capital Rule 15c3-1 of the SEC, which requires the maintenance of minimum net capital, as defined. At June 30, 2002, the Company had net capital of \$723,434 which was \$623,434 in excess of its requirement.

NOTE 4 – RELATED PARTY TRANSACTIONS

The Company has rent and certain other costs paid by an affiliated company for which no reimbursement is made. The Company and its affiliated company believe that reimbursement is not required or necessary due to the disproportionate size of the affiliate to the Company. The Company also has certain expenses for administrative staff paid by this affiliated company for which a \$500 monthly reimbursement is made. At June 30, 2002, the amount due to the affiliated company was \$7,000 and is included in the accompanying financial statements.

NOTE 5 – SIGNIFICANT GROUP CONCENTRATION OF RISK

In the normal course of its business, the Company enters into financial transactions where the risk of potential loss due to changes in the market (market risk) or failures of the other parties to the transaction to perform (credit risk) exceeds the amounts recorded for the transaction.

The Company's policy is to continuously monitor its exposure to the market and counterparty risk through the use of a variety of financial, position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the customers and/or other counterparties with which it conducts business.

As of June 30, 2002, there were no customer accounts having debit balances which presented any significant risks nor was there any significant exposure with any other transaction conducted with any other broker.
