Footnote to Part C - Question 5

Salaries and Fees

The Issuer will pay to the Managing Member a management fee based on the performance of the Issuer relative to a predetermined "Adjusted Index Return." The management fee is adjusted on a symmetrical fulcrum basis when the Issuer return either exceeds or falls short of the Adjusted Index Return. If the Issuer return is equal to the Adjusted Index Return, the management fee is equal to an annual rate of 0.40% of the net asset value of the Issuer. If the Issuer return is higher than the Adjusted Index Return, the management fee will be increased by 50% of the excess, but in no event increased to more than 0.60% per year. If the Issuer return is less than the Adjusted Index Return, the management fee will be decreased by 50% of the deficit, but in no event decreased to less than 0.20% per year. The Issuer's management fee is calculated weekly except at the end of each calendar month when the fee is calculated for a period from the previous calculation period through the last day of the month.
