RISK FACTORS

2. List in the order of importance the factors which the Company considers to be the most substantial risks to an investor in this offering in view of all facts and circumstances or which otherwise make the offering one of high risk or speculative (i. E., those factors which constitute the greatest threat that the investment will be lost in whole or in part, or not provide an adequate return).

(1). START UP AND DEVELOPMENT STAGE COMPANY:

There is a significant risk of losing your entire investment with the Del-Rene Co., also sometimes identified as GoToTheBusiness.com, a member of the Better Business Bureau, as it has only 17 months of operating history. GoToTheBusiness.com was formerly known as GoForTheDeal.com when company launched its' website July 4th, 2000. Company changed website name and design in November 2000 to better identify what the Company does and due to perceived negative connotation of the word "Deal". Thus, being an early stage business, you may be unable to effectively evaluate our business for investment purposes. We were organized and incorporated in Nebraska as an S Corporation in May 2000. In June 2001 we were created a C Corporation and incorporated in the state of Nevada. Nebraska S Corporation was merged into Nevada "C" Corporation in January 2002 and Nebraska "S" corporation was dissolved. Nancy Alsbury and Steve Alsbury, the President and Senior Vice President respectively, have experience in the areas of business management, the Internet, web site development, and various types of expertise that contribute to managing business startups. They also have considerable experience in product/service launches as well as marketing and sales. With these facts in consideration, there is no guarantee this experience will carry the Company to profitability. The Company will need to hire other key personnel who are willing to help a developmental company grow and have a knowledge base that is beneficial to the Company and its' investors. Accordingly, you should evaluate our business prospects based on the risks and uncertainties encountered by new companies in an early stage of development in new and rapidly evolving markets. This is an especially important consideration to weigh in view of the fact that Del-Rene Co. is engaged in a rapidly evolving market.

(2). CASH FLOW AND LIQUIDITY PROBLEMS:

Cash flow and liquidity problems are directly related to the short duration of operations of the Del-Rene Company. This can result in the loss of entire investment. With a limited client base and without necessary monies to hire new personnel and market our product and services it will be very difficult to grow at a rate necessary for market share development. Potential investors should be aware that significant growth is mandated by receipt of offering funds and without them there will be only limited small growth that will prevent sufficient cash flow and liquidity.

(3). NET LOSS SINCE INCEPTION:

Currently the Del-Rene Company is a net loss entity and has not shown net profit since its inception. This must be looked on as to the viability of the company's product and service and as to whether with significant funding this will allow for profitability. If not, it may mean the significant risk of losing the entire investment.

(4). INEXPERIENCE OF MANAGEMENT IN MANAGING A BUSINESS OF THIS NATURE:

Due to the newness or perceived difference of this business and its' core products and services, the management may have little or no practical experience in this area and must rely on current knowledge for judgment and growth in the operation of the Del-Rene Company. This, in itself, may be responsible for management to make decisions regarding the growth and profitability of the company that could adversely effect the investment, including the loss of the entire investment.

(5). DEPENDENCE OF THE COMPANY ON AN UNPROVEN PRODUCT OR SERVICE:

GoToTheBusiness.com that has not been proven to be a viable product and service beneficial to the U.S. or world-wide marketplace. Until the company achieves adequate market penetration and name brand recognition it will be a risk to investors including the loss of the entire investment amount.

(6). ABSENCE OF EXISTING MARKET FOR THE PRODUCT

Without a marketplace investors risk the loss of their investment. With the company being a developmental company and offering products and services that it perceives to currently not exist in its format, there is no guarantee that businesses and consumers will believe this to be a viable tool. The marketplace will dictate acceptance via business owners who sign on for the service, as well as usage by consumers will directly correlate with how businesses perceive its' benefit.

(7) NATURE OF THE BUSINESS THE COMPANY IS ENGAGED IN OR PROPOSES TO ENGAGE:

There is no guarantee that businesses will find being a part of this product beneficial to their business. Without acceptance, the investment may be lost in its entirety. Currently the Del-Rene Company is engaged in creating the "American" Business Encyclopedia, GoToTheBusiness.com. The company is attempting to build a comprehensive Internet presence of every business within the U.S. that would supply information to consumers and other businesses such as business name, phone, address, logo, business hours, business description, client references, pictures of the business, a motion view inside the business, listing employment opportunities, coupons, sales, newsletters, etc. We will be working with each business to incorporate this tool within the overall marketing of each business. We also have an internal search engine that is designed for a maximum search level at the state level, but can be utilized by city and zip code. It can define searches by business name, business category, zip, key word, coupon offers, sale offers, and employment offers.

(8). ARBITRARY ESTABLISHMENT OF OFFERING PRICE:

The arbitrary established offering price does not reflect current net loss or potential growth or lack of growth of company. The offering price of the shares has been arbitrarily set by the Directors of the Company for the purpose of raising funds for expansion in selected markets and to comply with the Statement of Policy of the North American Securities Administrators Association (NASAA) regarding Small Company Offering Registrations. The Company must set an offering price for common stock or common ownership interests that is equal to or greater than US \$1.00 per share or unit of interest and may not reflect actual value of stock and may create a loss of investment immediately, and prevent the liquidity of the investment.

(9). ABSENCE OF TRADING MARKET:

Currently there is no known market for the company's stock and no guarantee that there will be a market in the future within the generally accepted trading exchanges such as the NYSE, NASDAQ, Pacific Stock Exchange, Over The Counter Bulletin Boards, or any other known entities for the sale and purchase of common stock. The Del-Rene Company may or may not attempt at a later date to have its stocks listed on various entities for the purpose of providing a trading market, but there is no guarantee this will occur. This may prevent liquidity of investment if there is no viable market for the company's stock.

(10). SUBSTANTIAL DILUTION:

Investors face an immediate substantial dilution of investment within the company due to the Company

being a developmental operating company. Taken with risk 9 or by itself, there may be a significant loss of investment immediately due to management's arbitrary pricing of the shares.

(11) COMPETITION:

Investors may face of loss of all or part of their investment if the company is unable to compete against perceived competition. This may result in loss or no gain of market share, as well as reduced profit and operating margins. The Del-Rene Company's core business GoToTheBusiness.com, The "American" Business Encyclopedia could be adversely affected by competition from online local directories and guides perceived as similar to our product or service. These would include Thomas Register, Dun & Bradstreet, Hoovers.com, InfoUSA, Qwest, AOL-Digital Cities, Business.com and the Yellow Pages. We fully expect current and potential competitors that have longer operating history, larger customer bases, greater brand recognition, greater financial and marketing sources may enter into this market as defined by our product or service providing it proves viable. New technologies and expansion of existing technologies may increase competitive pressures on us.

(12) FUTURE OF THE INTERNET AS AN INFORMATIONAL RESOURCE:

This could result in the loss of your investment in part or in its entirety, since the Internet is a relatively new resource to the public and is in its development stage. There is no guarantee that some other technological advance will not be developed thus rendering the Internet as obsolete. The market for information is constantly undergoing change. Important factors to consider include: (1) Changes in user and client requirements and preferences; (2) Frequent new product and service introductions which embody new processes and technologies; (3) Evolving industry standards and practices that could render existing practices and methodologies obsolete. Del-Rene Co. will continue to monitor the business and industry sector to remain current with technical changes.

(13) SYSTEM FAILURES:

This could significantly effect any investment including loss of entire investment if there is no usage of our service due to equipment failures. If there are any system failures relating to Company's computer equipment or ISP provider, and if these are not addressed quickly and with due haste we could lose our client base and consumer usage would decrease, possibly dramatically. Del-Rene Co.'s success and its ability to facilitate electronic commerce depends on the efficient and uninterrupted operation of its Internet connectivity systems. Del-Rene Co. obtains its high-speed Internet access through third party Internet Service Providers (ISP). ISPs maintain physical and electronic systems that are vulnerable to failure, damage, or interruption resulting from any number of possibilities, ranging from: earthquakes, floods, fire, loss of power, telecommunication failures, break-ins, sabotage, vandalism, and similar events. The Company plans to have fully redundant systems, disaster recovery plan, and alternate ISPs including alternate hosting services.

(14) INTELLECTUAL PROPERTY RIGHTS MAY NOT PROTECT INVESTORS/COMPANY FROM LOSS:

Investors may face a of loss of investment if the Company is unable to countermand any infringements on copyrights, patents, or trade secrets in a timely fashion and thus causing unknown financial damage to the Company and its' investors. Company's copyrights, trademarks, trade secrets, methodologies, practices, tools, and other intellectual property rights are critical to success. The Company relies on a combination of trademark and copyright laws, trade secret protection, nondisclosure agreements, and other contractual agreements with its employees, affiliates, clients, strategic partners, acquisition targets, and others. There is no guarantee these will protect the Company from encroachment or similar acts that will render the Company's product and service no longer viable. It is a costly and time-consuming procedure to enforce copyrights, patents, and nondisclosure agreements. Damage to the Company may well be irreversible prior to rendering legal remedies to resolve these potential issues. It should be noted that foreign countries might not offer adequate intellectual property protection. Currently we have not entered into any partnerships with affiliates, acquisition targets, or contractual agreements except for employees who have signed nondisclosure agreements. (See Exhibit Index for copy on confidentiality agreement) Currently, trademark application is pending for GoToTheBusiness.com-TheBusiness Encyclopedia. under serial # 7805891.

Expected date of approval is estimated for 4/22/2002. The "American" is a designation for the U.S.A. market. This will allow for expansion into other countries under the banner of GoToTheBusiness.com-The Business Encyclopedia. Patent for software is pending under # 09/709262 and is docketed to Mr. Durita in the USPTO. Copyrights of website are inherent as a created and published design of the Del-Rene Company duly dated, per U.S. Copyright Office, Library of Congress and International copyright laws.

Note: In addition to the above risks, businesses are often subject to risks not foreseen or fully appreciated by management. In reviewing this Offering Circular potential investors should keep in mind other possible risks that could be important.

BUSINESS AND PROPERTIES

3. With respect to the business of the Company and its properties:
 - (a) Describe in detail *what* business the Company does and proposes to do, including what product or goods are or will be produced or services that are or will be rendered.

The Del-Rene Company owns and operates GoToTheBusiness.com, which is currently operational and is being developed across the country as the Business Encyclopedia portal which will also allow for various country designations, i.e. GoToTheBusiness.com THE "CANADIAN" BUSINESS ENCYCLOPEDIA, or THE "GERMAN" BUSINESS ENCYCLOPEDIA, etc. Currently it is under the "American" designation, The AMERICAN BUSINESS ENCYCLOPEDIA. It is a portal with a search engine that provides information to the Internet users about businesses and a marketing avenue for small and mid-size businesses. It is currently operational with businesses in Eastern Nebraska, Western Iowa, and select cities in Kansas. The public has access to business information that goes beyond the scope of the "typical business directory" of just business name, address, phone number, and map. Each business has its' own unique presence by listing their products and/or services, references, employment needs, coupons (if any), advertisements, and pictures of their business and/or products. Each business web site is customized in content, yet the information is in a standard format to find what people are looking for based upon feedback Management has received regarding our website. Their search is uninterrupted by banner ads, or flash ads or pop-up ads as we do not allow these types of advertising on our site except in one designated area where people are free to choose to view these types of advertising. People can concentrate on what they are searching for and not worry about intrusive advertising. We also do not track people who come to our site, as we have a privacy policy that is stated on our website that we will not track you, so a user does not need to worry about giving personal information unless they provide to a specific business on "Rate a Business". Each web site will be completed within 24 hrs of receiving the business information form providing business clients gives us relevant materials. The largest level a search can be performed is at a state level, but you can search by city, zip code, or products and services within that state. A business can be listed in all 50 states, so if they desire to do interstate commerce, they can be found under products and services in other states, but not by city or zip code unless they have another location in that specific state. We work with business to make it a interactive tool for a business via newsletters, and personal discussions as to how it can possibly benefit a business and thus incorporate it into their overall marketing strategy. A business can list up to 30 products, up to 25 services, any employment opportunities, coupons they may offer, and sales flyers or promotions. These will direct both consumers and other businesses to a business based upon their information. We consult with the business owner to continually review their site every 2-3 months so it is up to date, so when a user visits that businesses website it represents the business as it is now, not 6 months ago. We supply to each business the following for an all-inclusive, one-price model. Businesses can list up to 4 employment opportunities, list up to 4 sales events, list coupons for their products and services, receive an audio introduction on each individual listing to promote their business, instructed how to utilize the "Rate a Business" tool to get immediate feedback from clients about their business as well as suggestions for improvement and new products, given its' own motion view gallery (if applicable to the business) so people can actually see and "feel the ambiance" of the business (there is no need for special software to view). We give every business it's own URL address at no extra cost if they want one, under GoToTheBusiness.com/businessname and they will be able to keep their business name in most cases. They can have up to 5 links to other websites at no extra charge. They receive an email account if they desire one. Each business is listed under multiple business types as applicable, such as gift store or collectibles so users, depending upon their search criteria will be directed to a specific business or group of businesses. Each business presence can contain the following: business name, address, and phone number, business hours.

products and services offered, references, employment opportunities, pictures of products, brochures, flyers, coupons, specials, e-mail addresses, links to other web sites, and our Motion View which is a virtual tour. GoToTheBusiness.com contains 4 search engines for which the Company has applied for patents. The major search engine is the Business Search that allows for users to locate a business based upon 1 of 3 search criteria. They can search by business name, business type, or by keyword that is driven by a business's product or service. The three smaller search engines also allow for statewide search as well as city or zip code and business type. These are the Coupon Corner, which allows for a business to advertise a coupon that can be printed and presented to the business for a product or service, the Sales Corner, which allows for businesses to list sales or promotional events that can be found by searching under a business type and Employment Opportunities which a business can utilize at no extra cost to seek employees. GoToTheBusiness.com boasts several features not available on any business search engine including the major search engines. Provided below are some of the key features which are available no matter which internal search engine a user utilizes, i.e. Business Search, Coupon Corner, Sales Corner, or Employment.

MOTION VIEW;

Our clients, who are small to midsize business owners, located throughout Eastern Nebraska, Western Iowa, and Kansas have on their specific business listing, a Motion View link. It is a virtual tour of the client's store, office, or place of operation. It is created through licensing purchased from PixAround.com It utilize software that takes still pictures and creates overlapping scenes that provide a moving picture of a business. It enables visitors to view products in the store and has the ability to zoom in on a particular product. It allows for a tour of the business as to how it would look if one were to visit the business in person. Motion View does not require Real Player for viewing, as all a user whether it is a potential customer, another business, or anyone viewing the business page needs to do is click on the motion view listing of the specific business and it downloads onto a screen created through Pixaround through a computers virtual file. GoToTheBusiness.com has the actual file on its' server. Most computers have the virtual file installed via computer operating systems known as Windows 95, Windows 98, Windows 2000, Windows NT, Windows ME, and Netscape software that enable a user to view this file. It is fast downloading based upon suggested downloading average time of 8-10 seconds for websites, published by www.business2.com citing Jupiter Media Metrix on July 13, 2001, even with a 56k modem, and even more so with DSL or cable modem which connect at a faster speed. This is affected by the speed of the users Internet connection; local ISP's and overall use of the Internet worldwide so there may be some slowdown. It also has audio capabilities, which, the Company will add in the future so a specific product or description can be promoted in the motion view scene.

SEARCH ENGINES;

There are 4 distinct search engines within GoToTheBusiness.com. These are BUSINESS SEARCH, COUPON CORNER, SALES CORNER, and EMPLOYMENT OPPORTUNITIES. Each one has a starting page where user first selects state they want to search in. They may also optionally choose a city or zip code within a specific state to narrow search criteria to those specific designations. The search engine allows users to do a 3-way search through KEYWORD, BUSINESS NAME, or BUSINESS TYPE. With KEYWORD SEARCH, the user can enter the specific item or service such as angels, bibles, burrito, or tune up or whatever they are looking for and GoToTheBusiness.com KEYWORD SEARCH will provide them with a list of companies in our database that provide that item and they can then click any business and go to a more descriptive explanation of business. The BUSINESS NAME SEARCH will allow for users to put in a specific business name or derivative or partial name and GoToTheBusiness.com BUSINESS SEARCH will provide a list of businesses with that name or partial name from our database. They can then click on the business of their choice for more information regarding that business. The BUSINESS TYPE SEARCH is a step-by-step sequential confirmation of what product or service a user is looking for. An example would be under Business Type user clicks on Automotive then hits search or return and another screen comes up asking for select category and user clicks on Automotive Service/Repair, and hits return or search, then another screen comes up for an optional search (not required) to find a Automotive business that carries a specific product and or performs a specific service. Example would be AC/Delco products and Tune up for service). Hit the search button and another screen comes up showing who carries AC/Delco products and who does tune ups. User may then choose to go to the business by clicking on which business does both for more detailed information. Coupon Corner, Sales Corner, and Employment Opportunities work in the same fashion, except they don't allow for Business Name or Keyword search. They are driven by Business Type search to provide which type of business is having a sale or coupon or looking for employment help.

RATE A BUSINESS;

Rate a Business is an online survey that allows a businesses clients to rate a that business based on their experience, products, services provided, and personnel. With Rate a Business, companies refer their customers to the web site to provide feedback on that business and the Del-Rene Co. provides them with the results of the survey, saving them time and money by utilizing our site instead of mailed feedback forms, thus enabling them to quickly focus on meeting their customers' needs through feedback supplied by the Del-Rene Company to that business. We either email or fax results immediately to the business. We do not allow anonymous ratings in fairness to the business. We felt that if someone is going to give feedback whether it is good or bad, the business should be allowed to respond for fairness so the issue can be addressed.

WHAT'S NEW SECTION:

This is used to notify users of new businesses on our site as well as for businesses to use to present new products that have come to the marketplace or they specifically wish to promote. This is the section where pop-ups, banner ads, and other types of promotional marketing can be utilized. The Internet user can then choose whether or not they want to view these promotional types of ads. Businesses must be a client represented on GoToTheBusiness.com to utilize this feature. Depending on the type of ad they wish to display and the frequency of change, the cost will vary from \$30 per month to \$300 per month. It will also have audio as well as visual.

The Company proposes to become the first "American" Business Encyclopedia by uniting every small to medium size business in the U.S., (except adult orientated, x-rated businesses) on one Internet location that will allow every business to have the above mentioned features as well as an Internet URL address so consumers and businesses alike are able 24 hours a day, 7 days a week to access information regarding sales, coupons, employment offerings, what products are carried, services performed, newsletters, etc. We will consult with each business via our sales consultants for the incorporation of this tool into the business's overall marketing strategy. Each business will be contacted in person to build a relationship based on first hand knowledge of each business so we can consult with each business on its needs and as to how to make the Internet as a viable tool for their business. We intend to market our concept in other countries via licensing or ourselves through expansion to create other business encyclopedias for each country.

- (b) Describe *how* these products or services are to be produced or rendered and how and when the Company intends to carry out its activities. If the Company plans to offer a new product(s), state the present stage of development, including whether or not a working prototype(s) is in existence. Indicate if completion of development of the product would require a material amount of the resources of the Company, and the estimated amount. If the Company is or is expected to be dependent upon one or a limited number of suppliers for essential raw materials, energy or other items, describe. Describe any major existing supply contracts.

Del-Rene Co. is deeply committed to personal customer service and support. With our philosophy of face to face contact on a quarterly or monthly basis, dependent upon individual needs of each business owner, we intend to build a relationship that creates trust. Businesses are more readily acceptable of businesses that utilize a personal contact while trying to solicit their business, based upon feedback the Company has received from its clients. This will possibly provide an edge over web designers and business guides that utilize the Internet and telephone only to conduct business. We must present ourselves as reputable and honest, while servicing our clients with the highest quality service. If they have a suggestion we will work with them to see if it is viable for them. If a customer has a difficulty we will work diligently to rectify this immediately through corporate or local consultancy. As with any client, customer support and service is mandated by each need of each client, so we will be diligent in understanding each clients approach. We guarantee that when a company signs on their preliminary information will be available within 24 hours. Other information that the client would like on the site, but is not available will be within 24 hours of date we received information. We offer them all of the above tools for a cost of \$24.99 per month on a monthly paid basis or \$19.99 a month when they prepay for the year, and we will guarantee in writing never to increase their prices. This does not mean at some time it may be necessary to increase new clients prices beyond \$24.99 per month, but it is our expectation at this time not to. Based upon Management experience with our client feedback, the Company has differentiated itself from customized web designers and positioning itself as a clear and viable alternative for low priced, high quality web sites for small businesses. Each business's web site development takes only approximately 30 minutes to create based upon an interview of approximately 15 with the business owner. In addition to developing the web site, Del-Rene Co. makes all revisions and upgrades free of charge (limited to 2 per month) saving business owners time and

money and allowing them to focus on their business. Because of the standardized set up, it takes less than 5 minutes to make the necessary changes to a client's web page. Internet technology is changing at a rapid pace and with this in mind, the Del-Rene Co. software is designed to isolate the various aspects of the process so that if new technology affects a portion of the design Del-Rene can incorporate it without impacting the total design. Isolated areas include: the search engines, the data base processes, virtual tours, and the web page layout. The Company's database and software program are both designed to be modified, or extended with minimal impact on existing processes. At some point in the future, as voice activated technology becomes more capable of recognizing cultural and regional nuances in speech as well as word or phrase pronunciation and identification, we will look to this technology for incorporation into our search programs. When this becomes a viable resource through technological advancement as well as accessible via equipment to utilize it, the Company will look closely for its incorporation into our service. Company is not dependent upon any supplier for raw materials, energy or other items.

- (c) Describe the industry in which the Company is selling or expects to sell its products or services and, where applicable, any recognized trends within that industry. Describe that part of the industry and the geographic area in which the business competes or will compete. Indicate whether competition is or is expected to be by price, service, or other basis. Indicate (by attached table if appropriate) the current or anticipated prices or price ranges for the Company's products or services, or the formula for determining prices, and how these prices compare with those of competitors' products or services, including a description of any variations in product or service features. Name the principal competitors that the Company has or expects to have in its area of competition. Indicate the relative size and financial and market strengths of the Company's competitors in the area of competition in which the Company is or will be operating. State why the Company believes it can effectively compete with these and other companies in its area of competition. **Note: Because this Offering Circular focuses primarily on details concerning the Company rather than the industry in which the Company operates or will operate, potential investors may wish to conduct their own separate investigation of the Company's industry to obtain broader insight in assessing the Company's prospects**

The Del-Rene Company's industry/market where they are looking to sell their products and service is the Internet. The Company is offering a web presence incorporated into a business encyclopedia format that can be used by businesses to advertise their business. This format will provide a one stop informational resource for businesses and consumers to get substantial information about businesses. Currently, the industry is comprised the Yellow Pages (locally and nationally), Thomas Register (manufacturing only) and various other business guides and local city guides. These resources are very similar in design and information to one another. They consist of business name, telephone, address and maybe a map to locate businesses and sometimes business hours or business category. This is, in the management's belief and management's viewing of various business guides or indexes located on the Internet, an apparent standard format across the country for information regarding businesses that has been posted to the Internet, exclusive of full web sites paid for by individual companies. It varies in cost to the business, from free (Yellow Pages transfer rudimentary data from their print database to the Internet of clients consisting of name, address, and maybe a map) to \$124.00 per month or more (exact figures vary depending upon region and provider of service from Management's research of various prices quoted on their websites). Some will give businesses a more pronounced presence with a full web site, but the cost again varies from \$25 per month to \$500 per month plus set up fees, hosting fees, and extra charges for audio, and other features. There are also independent web designers who create a web presence for businesses, but again prices and feature vary from free to thousands of dollars. They in turn then need to submit to different search engines for people to find this information and charge a range of \$30 to \$150 per hour for changes and submission. Even this price can vary depending upon the region and developer doing the changes. The Del-Rene Company is seeking to redefine this field by providing in-depth business information on GoToTheBusiness.com, THE "American" Business Encyclopedia by providing a comprehensive web presence, and an internal search engine portal that can locate businesses by name, products, services, sales, coupons, employment, and business category, at a local, state, national and global level. Since there is no one company or comparable company, to management's knowledge, looking to exclusively provide all of this information under one service, without other information like white papers and other information that Search Engines like Yahoo.com and Altavista.com provide across the U.S.A. or

globally, this market trend is an unknown, even though USA TODAY published a poll in August 2001, that stated "comprehensive information, ease of use of source, and consistency were important factors that people were looking for when they use the Internet". GoToTheBusiness.com may or may not become the accepted way of viewing information about businesses, yet since we are looking to access first to market based upon managements sampling of various business guides and indexes on the Internet, with our design it may be possible to create this usage. Businesses cited by Dun & Bradstreet, in August 14, 2001 Press Release of Small Business Survey published on www.Dnb.com realize that at some point, they will need to have a presence on the Internet in order to remain competitive, they are just not sure at to the where and how to utilize the Internet's capabilities to market businesses. There is just no consensus as to the format or way of use or even how to incorporate into a businesses marketing plan. The Company's target market is comprised of three groups; small businesses including self employed persons, mid-size businesses, (approximately 25 million small per Small Business Administration, published on their web site www.sba.gov/aboutsba/) and consumers with Internet access, which in July 2001, as researched and published by Nielsen-Netratings.com currently are numbered at 58% penetration of U.S. households, approximately 104 million users, and even up to 70% penetration in certain geographical regions of the West and East Coasts of the country. According to Dun & Bradstreet's 20th Annual Small Business Study, released August 14, 2001, and published on www.dnb.com , only 50% of the total of 11,000,000 small businesses listed with D & B have a web presence. With such a penetration compared to overall totals of 25 million small businesses as published on <http://www.sba.gov/aboutsba/> there is a potential market of 12.5 million small business owners for a web presence as well as all 25 million potentially to be listed or utilize our service possibly as a primary business advertising portal.

Provided below is a breakdown of the market size in the Company's initial target area, the Midwest. As the Company seeks growth in other areas, they will target all 25 million small and mid-size businesses for their services and products

State	Small Businesses	Self-employed
Illinois	274,015	332,227
Indiana	121,662	197,799
Iowa	67,245	140,293
Kansas	65,639	107,478
Michigan	210,443	296,933
Missouri	125,367	193,599

Figures in the above chart come supplied from the SBA Office of Advocacy Website <http://www.sba.gov/aboutsba/> , statistics by state are at <http://www.sba.gov/advo/stats/profiles/>

Competitive threats may be perceived to come from independent web designers who produce customized web sites that are very costly for set up and design (prices vary from \$500 to hundreds of thousands of dollars or more as published in "My Business Magazine" in May/June 2000 issue). Their clients pay monthly hosting fees (\$5 per month to \$300 per month), high hourly rates for revisions and updates (\$50 to \$200 per hour), and fees for marketing the web address to search engines and local guides (\$100 to \$900 per year). Verio, a partner with AOL offers 9 different formats prices from \$10 per month for email only to \$124.99 per month for an e-commerce site. Competition may come also from online local directories and guides. The small web site designers, based upon personal experience of searches throughout the Internet of people who supply the service of providing a web presence, populate the market for our business. There are large companies that offer a service that might be perceived as similar to ours. These would include InfoUSA, Dun & Bradstreet, Thomas Register, Hoovers.com, Qwest, AOL-Digital Cities, Business.com, and the National Yellow Pages which is supplied by American Busines Index Company. American Business Index charges businesses \$280 for a two-year listing which includes business name, address, phone, web address if business has one, and man. The pricing of the others above range anywhere from \$10 to \$300 per month for

inclusion on their business web site and then there is extra developmental costs for a web presence with more than name, address, and phone etc., based upon their published costs on these websites. In order to access more company information, i.e. financial records, credit ratings, etc, instead of the basic name, address, phone and contact, from Dun & Bradstreet, Thomas Register, Hoovers.com, InfoUSA, and others of this vein, it is necessary to either purchase a catalog or CD or pay for usage on a per basis or some other form of group identification costs. Since this is of questionable benefit to the consumer to pay for this type of information they are left with acquiring only basic information about businesses from these companies. It is our belief, based upon the personal experience of management, no perceived competitor we have been able to locate through searches on the Internet offers the exact presence and in-depth view of businesses that GoToTheBusiness.com offers, and a search engine that offers exclusive use by zip code, city, and or state level, encompassed with Business Name Search, Category Search or Key Word Search, Coupon Corner, Sales Corner, and Employment Search. Our software and developmental side offer an a language transition to other countries if and when expansion occurs in those areas. Del-Rene Co. provides its services for an all-inclusive monthly fee, which can be very cost effective for small and mid-size businesses based upon our own client feedback regarding the price. We are capable of covering every state and across the U.S. without any extra costs incurred by businesses for that inclusion. While the Company fully expects competition to materialize in some form, management also believes based upon professional interaction with our clients, its business model will mitigate competitive threats and capitalize on the identified opportunity gaps such as superior customer service, personalization, usability, first to market, and services provided as defined in what the company does and intends to do in Q's 3 (a) and 3 (b). Since none of the competitors mentioned above, provide to our professional knowledge, the complete line of products and service we do to all clients nor at our price, management believes this will put us in a position to present our products and service as an alternative and or replacement to what businesses are currently paying for and where Internet users will look for information. We believe this will lead to our cultivating a market share of the Internet advertising industry. There currently is no known named or Internet business source called "American" Business Encyclopedia to our knowledge, other than ourselves, that has been created to provide the in-depth information about every business in the U.S or any other country as we propose to do. If anyone searches for "American Business Encyclopedia" on www.Yahoo.com you will find the Del-Rene Company listed there first under GoToTheBusiness.com. As we move towards a more pronounced marketing presence as to what we do and how we do it, we believe this will provide leadership in this industry.

The above statements regarding our potential leadership and growth is based upon the forward thinking of management and in no way guarantees this will occur. Please perform your own due diligence regarding this industry and as to how the Del-Rene Company may or may not compete and their potential position within this industry.

The Company plans to establish strategic alliances with reputable businesses. These alliances will help strengthen the Company's brand name and provide it with access to established distribution channels.

With funding the Company plans to venture into television advertising and place ads in publications such as CEO, Red Herring, The Wall Street Journal, and Time Magazine. In addition to current marketing efforts, the Company plans to use secondary distribution channels such as links and placements on other web portals or search engines. The Company will actively pursue the establishment of links with sites that have high traffic and can also benefit from the services provided by Del-Rene Co.

The Company plans to set up a department that will be responsible for contacting businesses on a daily basis and setting up appointments for the sales team. There are various suppliers of telephone numbers and addresses of business entities in the U.S. Currently we have purchased a CD collection from Del-Lorme which is used to contact businesses for appointments. They re-issue updated lists every October. The objective of the sales team is to get the business owners to subscribe to the service of GoToTheBusiness.com at the initial meeting and to work with them on a continual basis to provide guidance and suggestions of utilization of their presence on GoToTheBusiness.com. Currently we are represented by clients in Nebraska that are located the cities of North Platte, York, Lincoln, Norfolk, Metro Omaha, Beatrice, Columbus, Grand Island, Hastings, Blair, and Kearney. In the state of Iowa they are located in Council Bluffs and in Kansas our clients are in Manhattan, Junction City, and Wichita.

Currently, GoToTheBusiness.com is also listed as a preferred provider for the Kansas State Restaurant and Hospitality Association and is working on forming beneficial partnerships with radio stations, television stations, magazines, Internet service companies and other professional associations with which our product and service could possibly provide a benefit to members or advertisers. This is a market we will continue to seek as more sales personnel are put into place within regional areas designated for growth.

- (e) State the backlog of written firm orders for products and/or services as of a recent date (within the last 90 days) and compare it with the backlog of a year ago from that date.

As of 12/31/01 \$0
(a recent date)

As of 12/31/00 \$0
(one year earlier)

Explain the reason for significant variations between the two figures, if any. Indicate what types and amounts of orders are included in the backlog figures. State the size of typical orders. If the Company's sales are seasonal or cyclical, explain.

There are no differences in the backlog of orders, because sales personnel daily sign on the clients. This prevents any backlog as they are provided a preliminary listing on the service within 24 hours of acceptance of service, providing the client provides all information necessary. Copies of brochures and flyers must be made available to us in order to guarantee the time frame window for full completion of presence. If not supplied, as soon as it is received it will be entered within 24 hours. Seasonal or cyclical are not at issue, as the product and service the Del-Rene Company offers is usable by businesses at any time.

Office space will be rented to compensate for significant growth at a cost of approximately \$1400.00 per month, and moved from present location at 5921 S. 91st Street, Lincoln, Nebraska 68526. Company previously occupied 1600 sq. ft. located in Lincoln Office complex from June 2000 until September 2001. Company moved from that garden suite location in September of 2001 after experiencing flooding of sewer lines of raw sewage and mold and mildew inside drywall and carpet. Company is temporarily presently located in the home of President and Vice President, in their walkout, which occupies 1500 sq. ft. as they seek outside office locations compatible with intended growth of Company. There is currently no lease on present location and on previous location there is no outstanding lease or issues of litigation. Properties company intends to acquire is another 4 Office computers for use with increased client base at a cost of \$4500. This will be financed through funds raised in this offering. Equipment will only be purchased on an as need basis to compensate for client growth. Currently, the company owns no real estate and dependent upon the benefit to the company may or may not purchase, instead opting to lease. If leasing, the terms will be negotiated to allow company growth and physical occupation needs for company personnel so the business can function without any disruption in the Company's product and service distribution. Funding of said lease will occur through present and future sales of products and services as well as funding from this offering to allow for satisfactory growth without any disruption of the Company's products and services.

- (h) Indicate the extent to which the Company's operations depend or are expected to depend upon patents, copyrights, trade secrets, know-how or other proprietary information and the steps undertaken to secure and protect this intellectual property, including any use of confidentiality agreements, covenants-not-to-compete and the like. Summarize the principal terms and expiration dates of any significant license agreements. Indicate the amounts expended by the Company for research and development during the last fiscal year, the amount expected to be spent this year and what percentage of revenues research and development expenditures were for the last fiscal year.

The Company has applied the United States Patent and Trademark Office for registration of the mark Del-Rene Company's GoToTheBusiness.com on the Principal Register as well at to the U.S. Patent Office its software for its search engine/program. Trademark application was filed April 18, 2001 and is pending under serial # 7805891, and expected that granting of trademark will be within next two months as it is in the final stage of clarification of category designation. Patent for software was filed 10/26/00 and is pending under # 09/709262 and is in the preliminary stage of evaluating code of software and is currently docketed to Mr. Durita in the USPTO office. Expectation for completion or granting of patent is unknown and because it is our professional belief that our website is creatively different we expect it to be granted, but there is no guarantee to this belief.. Copyrights of website are inherent as a published design of GoToTheBusiness.com per U.S. copyright laws. The Company's policy is to pursue registrations of its marks wherever possible and to oppose vigorously any infringement of its marks. The Company is not aware of any infringing uses that could materially affect its business or any prior claim to trademarks that

would prevent the Company from using trademarks in its business. The Company plans to protect its intellectual property through patents, trademarks, copyrights and a program of maintaining certain technology and network management techniques as trade secrets. Del-Rene Company plans to apply for patent protection for new inventions in the future as they are developed. Company has in place contracts to be utilized for non-competition of personnel. Any and all contracts and agreements that will be entered with any companies, associations, affiliates, and personnel will utilize non-disclosure agreements and any other contractual bindings recommended by our attorney, for the protection of Company and its investors, between any and all parties, and be strictly enforced through legal proceedings if necessary. R & D expenditures for the last fiscal year, 2001, amounted to \$3,535, or 7% of revenues. It is expected that the R & D expenditures for this fiscal year will amount to \$3,000, which will amount to less than 1% of revenues. Regarding future R & D, costs will be dependent upon new technologies developed for computers, networking, connectivity, and accessibility. We will be continually upgrading our Internet presence and that of our clients to compensate for future technologies, including voice activation and search capabilities. We fully expect that R & D costs will be at a maximum level of 5% of revenues for the next couple of years. This is due in part to the backbone of the Internet, which is currently lagging behind program capabilities that are contingent upon Internet speed and data communications. As of July 2001, published on MediaPost.com, 7/16/2001, only about 10 million households who use the Internet in the U.S. utilizes a high speed connections such as DSL, cable modems, and wireless. Until this percentage is increased significantly, it will continue to hamper high-speed programs acceptability to the public as a dial up modem takes considerable time to download data transmissions. We will utilize R & D dollars on compatibility with our software for the maintenance of our Internet informational site for continued high speed loading, audio, and visual products for our clients and consumers so we can present new technologies through the integration into our programs. Since our intellectual property is perceived by management, based upon their own research of sites on the Internet, to be different, and which the Company relies on for its core business, we must continue to keep the Company's Internet site, GoToTheBusiness.com at the leading edge of information available. We must integrate into our computer code any visual, audio, and search dynamics to maintain and enhance our position within the market place.

The Company, Del-Rene Company, is a 17-month-old entity that was originally incorporated in Nebraska of May 2000 as an "S" corporation, and in June of 2001 filed incorporation papers in Nevada to become a "C" corporation. Original Nebraska "S" corporation merged into the Nevada corporation in January of 2002 and dissolved the "S" corporation in Nebraska. The Del-Rene Company's principal business activities include providing technical, development, management of the Company's products and services. Our period of existence has seen the online development of GoToTheBusiness.com, The "American" Business Encyclopedia. This was done over a period of 17 months, in which the first 5 months were utilized for in-depth analysis of the product and service through focus group discussions on the needs, wants, and likes of businesses and consumers alike. We incorporated these in our web site, GoToTheBusiness.com. After our initial development stage of 5 months, we then expanded to a more aggressive advertising and marketing campaign and expansion into other geographical areas. With only one part-time sales person we were able to acquire over 200 clients in a period of less than 10 months. The Company has not recently undergone a stock split, stock dividend or re-capitalization in anticipation of this offering.

- 4 (a) If the Company was not profitable during its last fiscal year list below in chronological order the

events which in management's opinion must or should occur or the milestones which in management's opinion the Company must or should reach in order for the Company to become profitable, and indicate the expected manner of occurrence or the expected method by which the Company will achieve the milestones.

EVENT #1. Project management analysis and identification of necessary personnel and the projected developmental hardware to accomplish company growth. Establishing and identifying market growth regions. Establish communications between employees as to their roles and responsibilities within the company. Identify and establish support and administration services to create the development and training of personnel within specific regions for Company growth. Interview and employ marketing specialists for launch of regional and national advertising campaign. Seek and employ regional specific personnel for the regional specific launching of GoToTheBusiness.com. This should be accomplished over a 3-month period.

EVENT #2. Finalization of regional and national growth markets with accompanying advertising and marketing venues defined for maximum exposure. Launching of marketing campaign for branding and awareness of GoToTheBusiness.com. Hiring of extended personnel within specific regional venues to accomplish growth pattern necessary for saturation and branding of company product and service, GoToTheBusiness.com. Analysis of growth impact upon Company's hardware and equipment so growth pattern is not inhibited by any equipment failures or hardware deficiencies. This will accomplished over a 3-month period.

EVENT #3. Development of market analysis for projected new markets and on-going regional advisory meetings for marketing strategies for current and potential clients. Review and critique each region for expected growth and utilize cross regional information that has benefited specific regions with higher growth and incorporate into other regions. Identify new markets within each region for potential increase of client base and then market our service to specific needs of potential clients. Develop marketing campaigns necessary for client identification with specific strategies within sub-regional (rural) areas. Expected time frame of completion of this is 4 months.

EVENT #4. Expansion of company's service GoToTheBusiness.com across national and global venues for a client base that is regionally diversified and encompasses various businesses such as retail, manufacturing, professional, and technical. This will necessitate the hiring of personnel across the entire U.S. in significant numbers that allow for personal interaction with new clients regardless of their geographical location. Locate and cultivate international markets for international growth of specific country business encyclopedia development either through licensing or expansion within the Del-Rene Company. We must build a comprehensive information resource that is recognized across the country as the primary resource to utilize for information on businesses beyond typical business indexes. This event will be time developed across the next 12 to 18 months.

- (b) State the probable consequences to the Company of delays in achieving each of the events or milestones within the above time schedule, and particularly the effect of any delays upon the Company's liquidity in view of the Company's then anticipated level of operating costs. (See Question Nos. 11 and 12)

The probable consequence of the delay in achieving each or of any event or milestone within the above time schedule will have an effect on management's estimated time frame for positive cash flow, as this is dependent upon how quickly each milestone can be instituted within a sequential order of completion. These delays can prevent client base growth and movement towards profitability by preventing the achievement of necessary market penetration. The Company's liquidity will be maintained from monies received from offering as well as from its limited client base growth. Since the costs projected to be incurred within each event or milestone would be less than projected, we would not be expending resources on each milestone until the preceding or concurrent event is accomplished. These events are paramount to the Company's potential growth.

Note: After reviewing the nature and timing of each event or milestone, potential investors should reflect upon whether achievement of each within the estimated time frame is realistic and should assess the consequences of delays or failure of achievement in making an investment decision.

First 17 months of operation were dedicated to R & D and promotional advertisement to create branding of business within geographical region. With most startups and developmental companies there is sometimes a need to spend significantly on the development of a specific product as well as advertise in various venues to create a name recognition base for its product or service. The offering price of the shares has been arbitrarily set by the Directors of the Company for the purpose of raising funds for expansion in selected markets and to comply with the Statement of Policy of the North American Securities Administrators Association (NASAA) regarding Small Company Offering Registrations. The Company must set an offering price for common stock or common ownership interests that is equal to or greater than US \$1.00 per share or unit of interest. These values also assume an increase in cash in the Company by the amount of any cash payments that would be made upon cash exercise of options, warrants or rights included in the calculations. The amount of such cash would be: **\$0**

(For above purposes, assume outstanding options are exercised in determining "shares" if the exercise prices are at or less than the offering price. All convertible securities, including outstanding convertible securities, shall be assumed converted and any options, warrants or rights in this offering shall be assumed exercised.)

Note: After reviewing the above, potential investors should consider whether or not the offering price (or exercise or conversion price, if applicable) for the securities is appropriate at the present stage of the Company's development.

Company anticipates if minimum of this mini/maxi offering is achieved the Company will be able to move forward with its' expansion. Company not subject to any judgments or legal proceedings. Company is not in default of any payments of any kind. Company is current with all obligations of trade payables.

12. Indicate whether proceeds from this offering will satisfy the Company's cash requirements for the next 12 months, and whether it will be necessary to raise additional funds. State the source of additional funds, if known.

Yes, this offering will satisfy the Company's cash requirements for the next 12 months. The minimum-offering amount will provide for expansion in limited areas, targeting a few major markets. This will allow for continued growth in the Midwest that will bring more brand recognition to areas we have not been able to service yet. With this growth, if more funds become available through sales and this offering we will move to other regional and national areas for expansion of our product and service. There is at this time no belief by management that it will be necessary to raise any additional funds beyond the \$5,000,000 maximum offering, in order to reach positive cash flow and profitability as seen by management at this time.

The above statements regarding our potential growth are based upon the forward thinking of

management and in no way guarantees this will occur. Please perform your own due diligence regarding this industry and as to how the Del-Rene Company may or may not compete and their potential position within this industry.

Officers and Directors, Nancy Alsbury and Steve Alsbury were transferred to Canada for a period of four years to grow and establish the Canadian Division of Millward Brown International as Director and Associate Director of Operations. The entity was a newly purchased company that was in early development with a small list of clients. The company at that time (1995) had about 10 employees and sales of around \$400,000. During their tenure the company size increased to around 110 and had sales of around \$9,000,000 per year in year 1999. They were directly responsible for the hiring of new personnel, sales, P & L, computer systems development, marketing efforts, creating relationships with companies including Hill & Knowlton, Opinion Impact, General Motors, Ford, Chrysler, Coca-Cola, and other Fortune 500 companies with a presence in

Canada. They created a cross departmental organization that lowered costs, increase efficiencies, developed training programs for increased promotional opportunities within the company in Canada as well as internationally. The Canadian operation was small with 10 employees and limited relationships with Fortune 500 companies. Nancy and Steve with a direct relationship with U.S. and English Millward Brown companies were able to obtain avenues into their Fortune 500 clients and help create relationships for Canadian divisions of these companies as they had previously worked with these clients in the U.S. This was of paramount importance for the Fortune 500 companies as they relied upon a working relationship with MBI personnel that could guarantee performance in the Canadian market. Without a previous working relationship, it would have been more difficult to obtain a market share from these companies, as the Canadian company was an unknown quantity in the research industry.

Report of Independent Accountants

To the Stockholders
Del-Rene Co.

We have audited the accompanying balance sheet of Del-Rene Co. (a Nevada Company in the Development Stage) as of January 31, 2002, and the related statements of operations, stockholders' deficit, and cash flows for the year ended December 31, 2001 and for the periods from January 1, 2002 through January 31, 2002, May 17, 2000 (inception) through December 31, 2000 and May 17, 2000 (inception) through January 31, 2002. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Del-Rene Co. as of January 31, 2002, and the results of its operations and its cash flows for the year ended December 31, 2001 and for the periods from January 1, 2002 through January 31, 2002, May 17, 2000 (inception) through December 31, 2000 and May 17, 2000 (inception) through January 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

DEL-RENE CO.
(a Nevada Company in the Development Stage)
NOTES TO FINANCIAL STATEMENTS

1. The Company and It's Significant Accounting Policies:

Del-Rene Co. (the "Company") was incorporated in Nevada on June 12, 2001 (inception) to facilitate a public stock offering under Regulation A of the Securities Act of 1933. The Company has the same name as its predecessor Nebraska corporation, which was formed on May 17, 2000.

Effective January 19, 2002, the Board of Directors and stockholders of both corporations approved an agreement and plan of merger whereby the Nebraska corporation would be merged with and into the Nevada corporation. The shares of the Nebraska corporation, which were previously issued, were cancelled on the effective date. All operations were conducted by the Nebraska corporation through December 31, 2001.

The Company will continue to engage in the development of an internet website service, GoToTheBusiness.com, the American Business Encyclopedia. The Company offers small and mid-size businesses a web presence at an affordable price, which is comprised of standard built web pages with content that is unique to the business.

Since inception, the Company and its predecessor have been in the development stage. Their operations have been in the design and development of websites and markets for sales to potential customers. The following is a summary of the significant accounting policies followed in the preparation of these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS, Continued

1. The Company and It's Significant Accounting Policies, Continued:

Allowance for Doubtful Accounts

The Company provides for estimated losses on accounts receivable based on prior bad debt experience and a review of existing receivables. Based on these factors, there is no provision for doubtful accounts as of January 31, 2002.

Furniture and Equipment

Depreciation is provided on a straight-line basis over the estimated useful lives of the assets. Renewals and betterments are capitalized and maintenance and repairs are charged to expense.

Upon disposition, the asset cost and related accumulated depreciation are eliminated from the respective accounts. Any gain or loss is included in current operations.

Research and Development

Research and development costs are expensed as incurred. Research and development costs were \$3,535 for the year ended December 31, 2001 and \$24,424 for the period May 17, 2000 through December 31, 2000.

Revenue Recognition

The Company records income in the period website fees are earned. Revenues are recognized when the Company has substantially accomplished its services related to the earnings process, based upon the dates covered by its customers' use of the related website. Unearned fees are reflected as a current liability. Adoption of SAB 101 did not affect the Company's financial statements.

Income Taxes

The Nevada Company has adopted Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS No. 109"). Under SFAS No. 109, the liability method is used in accounting for income taxes. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax basis of assets and liabilities and are measured using the enacted tax rates and laws. Temporary differences include primarily the difference in cash versus accrual methods of accounting.

NOTES TO FINANCIAL STATEMENTS, Continued

1. The Company and It's Significant Accounting Policies, Continued:

Income Taxes, Continued

Effective June 1, 2000, the Nebraska Company elected Subchapter S corporation status for income tax purposes. Consequently, all income and related tax liabilities through December 31, 2001 flow through to the shareholders, and no provision or liability has been recorded in the accompanying financial statements.

2. Note Payable:

Note payable at January 31, 2002 consists of a revolving credit note payable to a local bank, due June 13, 2002, bearing interest at 9.5% with quarterly payments of interest. The note provides for borrowings up to \$140,000 and is collateralized by the personal guarantee of certain shareholders.

3. Going Concern:

The Company's predecessor experienced operating losses since inception, which raises substantial doubt about the Company's ability to continue as a going concern. Management has developed plans to increase sales and contain costs. Management is also pursuing additional capital through the stock offering referred to in Note 1. The Company's continued existence is dependent upon obtaining additional cash flow from various sources, including operations improvement, additional borrowings or capital infusions.

4. Preferred Stock:

Dividends on the Company's nonvoting preferred stock are payable when and as declared by the Board of Directors, out of the earnings of the Company in preference and prior to any dividends on the Company's common stock. No preferred stock was issued or outstanding as of January 31, 2002. Preferred shares may be redeemed as determined by the Board of Directors. In case of liquidation or dissolution of the Company, the holders of the preferred shares will receive an amount as determined by the Board of Directors.

NOTES TO FINANCIAL STATEMENTS, Continued

5. Income Taxes

Deferred income taxes reflect the impact of "temporary differences" between the amount of assets and liabilities for financial reporting purposes and such amounts as measured by tax laws and regulations. The following is a summary of the deferred tax asset and liability accounts at January 31, 2002:

Deferred tax assets	\$ 1,100
Deferred tax liabilities	<u>(900)</u>
	200
Valuation allowance for deferred tax assets	<u>(200)</u>
Net deferred taxes	<u>\$ 0</u>

The Company has recorded a valuation allowance to reflect the estimated amount of deferred tax assets, which may not be realized principally due to expiration of its net operating loss. For tax purposes, at January 31, 2002, the Company had a net operating loss of approximately \$3,000.

The current income tax benefit was not recorded since it may not be realized.

**MANAGEMENT'S DISCUSSION AND
ANALYSIS OF CERTAIN RELEVANT FACTORS**

47. If the Company's financial statements show losses from operations, explain the causes underlying these losses and what steps the Company has taken or is taking to address these causes.

The losses were due to the Company start-up, R & D development of company's product, and from advertising and marketing for of the Company. As Del-Rene Company is an early stage development company and with our specific product and service that is directed at small to mid-size businesses, and users of the Internet, it was necessary to advertise and market our company to reach a regional area of coverage and establish that we are in business and what we do. This is a time consuming and expensive undertaking, but necessary as most potential clients and users need to be aware that a company they might work with has significant branding or identification in the area. In conjunction with the marketing of our website GoToTheBusiness.com, it was necessary to develop a product and service that the Company felt was different in its' design and usage. We utilized Company personnel to interview businesses and Internet users as to what they would find appealing in a website that would represent their business as well as from a users viewpoint as to how a website should be constructed for viewing, ease of use, consistency, and maneuverability. As we created and utilized our initial design it was necessary to sometimes change or alter the usability to reach our initial goal. Currently, company is experiencing growth of sales and clients and with projected sales personnel company will strive to reach goals of projected growth. Very little need for R & D at this stage of growth as software has been developed that allows for quick updating and for technological advances without infringing upon current client or potential clients. Our primary focus has been on a strategy of developing marketing systems that will enable the company to expand beyond Eastern Nebraska, Western Iowa and Northern Kansas. Our primary revenues for the fiscal year of 2001 were derived from sales of GoToTheBusiness.com product to businesses within Iowa, Kansas and Nebraska. The packages were on a month-to-month basis to take into account fears of businesses prepaying for a service for a long duration when that company has little operating history. After our 1 year anniversary we commenced with 6 month and 1 year commitments from our clients for those that it was economically feasible and giving them a discount of either 10 % or 20 percent depending upon length of pre-payment. This allows for more cash flow consistent with growth then waiting for monthly accounts receivable and the overall costs associated with this practice. With our Offering we will look to expand our presence across the Midwest Region of the U.S. More clients that will provide increased cash flow income for the Company. Previously, costs and losses were funded by client base developed since July of 2000 and SBA loan that majority stockholders Nancy Alsbury and Steve Alsbury originated for the start-up of the Company, and personal assets invested by current stockholders. We will continually monitor our growth pattern and adjust our expenditures to compensate and supplement for a strategic growth and debt control. Company will undertake continual management analysis of the Company's goals and current operational status to guide where and how we market our Company so it is effective and fits in with the overall business development goals.

48. Describe any trends in the Company's historical operating results. Indicate any changes now occurring in the underlying economics of the industry or the Company's business which, in the opinion of Management, will have a significant impact (either favorable or adverse) upon the Company's results of operations within the next 12 months, and give a rough estimate of the probable extent of the impact, if possible

Historical trends have shown that since our inception we have consistently grown on month- to-month basis with 1 sale personal in a part-time position, whom averaged over 1 new client sign on per day. We have added businesses in cities across Eastern and Middle Nebraska as well as Western Iowa and Northern Kansas. Considering that these states are geographically spread out, with very few cities of substantial size we spend a considerable amount of time traveling to expand our presence. With more personnel and expansion into states more beneficial to expansion quickly we believe there is no reason we cannot continue to add 1 or more businesses per day, per sales person, as our product becomes more recognizable. William White, of the Better Business Bureau of Nebraska approached us in February of 2001 and asked us to join their organization and the Company did at that time. This has proven beneficial to the Company, as the Better Business Bureau membership provides a sense of trust when we approach potential clients. Current economic trends are in a slow down period for spending at the consumer and business level and this may continue on for a period of months, even though there are economic signs that this is letting up. With this in mind though, the growth of the Internet as a viable resource for marketing of businesses and utilization of consumers, it is believed that there is and will continue to be a growth of businesses in this industry that will have a competitive need to be associated with the company's type of business. Due to the cost of the

company's product and with advertising that is complimentary to the company, it is believed that there is an untapped area that the company will cultivate for continued growth in all regions as foreseen currently in the economic climate of the U.S. With our face-to-face philosophy and interaction on a personal level we believe that this can offset to an extent any slowdown of our growth. Of course with any business there can be unforeseen economic issues that may create a more rigid economic climate.

The above statements regarding our potential growth are based upon the forward thinking of management and in no way guarantees this will occur. Please perform your own due diligence regarding this industry and as to how the Del-Rene Company may or may not compete and their potential position within this industry.

49. If the Company sells a product or products and has had significant sales during its last fiscal year, state the existing gross margin (net sales less cost of such sales as presented in accordance with generally accepted accounting principles) as a percentage of sales for the last fiscal year: **40 %**. What is the anticipated gross margin for next year of operations? Approximately **40 %**. If this is expected to change, explain. Also, if reasonably current gross margin figures are available for the industry, indicate these figures and the source or sources from which they are obtained.

No current figures for the industry as known as our specific business model with its' products and services is non-existent to the managements' knowledge or a known exact competitor for products and services. Small enterprises are non-public in nature and therefore do not post margins anywhere to our knowledge.

50. Foreign sales as a percent of total sales for last fiscal year: **N/A %**. Domestic government sales as a percent of total domestic sales for last fiscal year: **N/A %**. Explain the nature of these sales, including any anticipated changes:

RE: Opinion of Counsel regarding legality of Shares to be offered by Del-Rene Company

Dear Directors:

In connection with the proposed offer and sale of up to 5,000,000 shares of the Del-Rene Company's Common Stock, I have made such legal examination and inquiries as we have deemed advisable or necessary for the purpose of rendering this opinion and have examined originals or copies of the following documents and corporate records:

1. The Company's Articles of Incorporation, as amended,
 2. The Company's Bylaws,
 3. The Company's resolutions of the Board of Directors authorizing the issuance of stock, and
 4. The application for registration, including the Disclosure Document, as filed by Del-Rene Company.
- with the Securities Administrator of the United States on October 29, 2001,

Based on our examination and inquiry, we are of the opinion that, upon effectiveness of the registration, and when issued and sold in the manner referred to in the registration and under the applicable subscription agreement, the Shares of Common Stock will be duly authorized, fully paid and nonassessable.

I consent to the filing of this opinion as an exhibit to the application for registration filed with the Securities Administrator.

Very truly yours,

The Company is located at 5921 S. 91st Street, Lincoln, NE 68526. The Escrow Agent is located at 3643 S. 48th Street P.O. Box 82535, Lincoln, NE 68501-2535. The Company, Depositors and Escrow Agent are collectively referred to as "Signatories" in this Agreement.

The Company has applied to register its Equity Securities with the Securities Administrator of the State of Nebraska (the "Administrator"), and if applicable, with the Securities Administrator of other states. The Depositors are the owners of the shares of common stock or similar securities and/or convertible securities, warrants, options or rights which may be converted into, or exercised to purchase shares of common stock or similar securities of the Company ("Equity Securities") listed opposite their names on Exhibit A to this Agreement. As a condition to registering the Company's Equity Securities, the Depositors, who are security holders of the Company and who, for the purposes of this Agreement, are deemed to be Promoters of the Company, have agreed to deposit the Equity Securities listed opposite their names on Exhibit A to this Agreement ("Promotional Shares") with the Escrow Agent.

D. This Agreement is subject to the provisions of the Statement of Policy Regarding Corporate Securities Definitions adopted by the North American Securities Administrators Association, Inc. ("NASAA") on April 27, 1997 and amended September 28, 1999, and the Statement of Policy Regarding Promotional Shares adopted by NASAA as amended November 17, 1997 and September 28, 1999.

The Escrow Agent represents that it is not affiliated with the Company or any Depositors and that it is willing to serve as Escrow Agent and hold the Promotional Shares according to this Agreement.

D.

The Signatories further agree as follows:

Deposit of Promotional Shares

1. The Depositors' Promotional Shares have been deposited into an Escrow Account ("Escrow") with the Escrow Agent, and the Escrow Agent acknowledges receipt of the Promotional Shares as of the date of this Agreement.

Exercise or Conversion of Promotional Shares

2. If the Promotional Shares have exercise rights or conversion rights, the Escrow Agent will, upon receipt of the Company's written request, provide the documents that evidence and/or which are necessary to execute the exercise rights or conversion rights. The exercised or converted Promotional Shares will remain in Escrow subject to the terms of this Agreement.

Term

3. This Agreement and the Escrow begin on the date this Agreement was entered into as indicated above. The Escrow Agent will hold the Promotional Shares until the release conditions of paragraph 4 below are satisfied.

Release Of Promotional Shares

4. a. Subject to the documentation requirements in paragraph 5 below, the Escrow Agent will release the Promotional Shares per the written authorization of the Company, as approved by the Company's accountant, who has completed the following calculations:

(1) (A) If the Company's Aggregate Revenues are less than \$500,000: beginning two years after the completion date of the registered offering, two and one-half percent (2 1/2%) of Promotional Shares held in Escrow may be released each quarter pro rata among the Depositors. All remaining Promotional Shares will be released from Escrow on the fourth anniversary of the completion date of the registered offering; or

(B) If the Company's Aggregate Revenues are \$500,000 or more and there is no statement in the Company's financial statements or its auditors' report regarding the Company's ability to continue as a going concern: beginning one year after the completion date of the registered offering, two and one-half percent (2 1/2%) of Promotional Shares held in Escrow may be released each quarter pro rata among the Depositors. All remaining Promotional Shares will be released from Escrow on the second anniversary of the completion date of the registered offering; or

(2) One hundred percent (100%) of the Promotional Shares will be released from Escrow if:

(A) The registered offering has been terminated, and no securities were sold; or

(B) The registered offering has been terminated, and all of the gross proceeds that were received have been returned to investors; or

(C) The Equity Securities did not qualify to be registered by the Administrator.

b. If the Company enters into any merger, reorganization, liquidation, dissolution or other transaction or proceeding with a person who is not a Promoter that results in the distribution of the Company's assets or securities ("Distribution") while this Agreement remains in effect, the Depositors agree that:

(1) All holders of the Company's Equity Securities will initially share on a pro rata, per share basis in the Distribution, in proportion to the amount of cash or other consideration that they paid per share for their Equity Securities (provided that the Administrator has accepted the value of the other consideration), until the shareholders who purchased the Company's Equity Securities in the registered offering ("Shareholders") have received, or have had irrevocably set aside for them, an amount that is equal to one hundred percent (100%) of the offering price per share times the number of shares of Equity Securities that they purchased in the registered offering and which they still hold at the time of the Distribution, adjusted for stock splits, stock dividends recapitalizations and the like;

(2) After a Distribution, all holders of the Company's Equity Securities will participate on an equal, per share basis times the number of shares of Equity Securities they held at the time of the Distribution, adjusted for stock splits, stock dividends, recapitalizations and the like; and

(3) A Distribution may proceed on lesser terms and conditions than the terms and conditions stated in paragraphs 4.b(1) and (2) above if a majority of the Equity Securities that are not held by Promoters, or their Associates or Affiliates, vote, or consent by consent procedure to approve the lesser terms and conditions at a special meeting called for that specific purpose.

c. If the Company enters into any merger, reorganization, liquidation, dissolution or other transaction or proceeding with a person who is a Promoter that results in a Distribution while this Agreement remains in effect, the Depositors' Promotional Shares will remain in escrow subject to the terms of this Agreement.

d. If the securities in Escrow become "Covered Securities," as defined in Section 18(b)(1) of the Securities Act of 1933, all securities held in Escrow will be released.

Documentation Regarding the Release of Promotional Shares:

5. a. A written request for release of the Promotional Shares ("request for release"), based upon paragraph 4 above, accompanied by the Company's Certified Public Accountant Certificate, will be forwarded to the Escrow Agent;

b. The Company will provide appropriate documentation to the Escrow Agent to show that the requirements of paragraph 4 above have been met; and

c. The Escrow Agent will terminate the Agreement and/or release some or all of the Promotional Shares from Escrow if all the applicable provisions of the Agreement have been satisfied. The Escrow Agent will maintain all records relating to the Agreement for a period of three (3) years following the termination of the Agreement. Copies of all records retained by the Escrow Agent will be forwarded to the Administrator promptly upon written request.

Restrictions on the Transfer, Sale or Disposal of Promotional Shares.

6. While this Agreement is in effect, no Promotional Shares, any interest in Promotional Shares, or any right or title to Promotional Shares may be sold, transferred, hypothecated or otherwise disposed of ("transfer" or "transferred"), except as provided below. The Promotional Shares will not be released by Escrow Agent and may not be transferred until the Escrow Agent has received a written statement, signed by the proposed transferee ("transferee"), which states that the transferee has full knowledge of the terms of this Agreement, the transferee accepts the Promotional Shares subject to the terms of this Agreement, and the transferee realizes that the Promotional Shares will remain in Escrow and subject to the terms of the Agreement until the Promotional Shares are released pursuant to paragraph 4 above. Depositors are prohibited from selling any of their Promotional Shares that are not subject to Escrow during the time that the Company is offering its securities in a self-underwritten registered offering.

All certificates representing stock dividends and shares resulting from stock splits of escrowed shares, recapitalizations and the like, that are granted to or received by Depositors while their Promotional Shares are held in Escrow will be deposited with and held by the Escrow Agent subject to the terms of this Agreement. Any cash dividends that are granted to or received by the Depositors while their Promotional Shares are held in escrow, will be promptly deposited with and held by the Escrow Agent subject to the terms of this Agreement unless such cash dividends are approved by a majority of the Independent Directors of the Company. The Escrow Agent will invest cash dividends as directed by the Depositors. The cash dividends and any interest earned on the cash dividends will be disbursed by the Escrow Agent in proportion to the number of shares released from the Escrow as provided by paragraph 4. above.

A director who votes in favor of corporate action shall have no right to dissent thereto.

Section 11. Interests of Directors in Transactions. No contract or other transaction between the corporation and one or more of the directors, or between the corporation and any corporation, firm or association in which one or more of its directors are directors or are financially interested, shall be either void or voidable by reason of the fact that such director or directors are present at the meeting of the Board of Directors or a committee thereof which authorizes or approves such contract or transaction, or that the votes of such director or directors are counted for such purposes, if (1) the fact of such common directorship or financial interest be disclosed or known to the Board of Directors or committee and noted in the minutes, and the Board or committee shall authorize, approve or ratify such contract or transaction in good faith by a vote sufficient for such purpose without counting the vote or votes of such director or directors; or (2) the fact of such common directorship or financial interest be disclosed or known to the shareholders and they approve or ratify such contract or transaction in good faith by a majority vote or written consent of shareholders entitled to vote; or (3) the contract or transaction be just and reasonable as to the corporation at the time authorized or approved. Such common or interested directors may be counted in determining the presence of a quorum at such meeting.

Section 12. Indemnification of Directors, Officers, Employees and Agents. (a) The corporation shall indemnify any person who was or is a party or who is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative other than an action by or in the right of the corporation by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe that such person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that such person did not act in good faith and in a manner which such person reasonably believed to be in or not opposed to the best interests of the corporation, nor, with respect to any criminal action proceeding, shall it create a presumption that such person had reasonable cause to believe that such person's conduct was unlawful.

(b) The corporation shall indemnify any person who was or is a party or threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses, including attorneys' fees, actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit if such person acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of such person's duty to the corporation unless and only to

the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

(c) Any indemnification under paragraphs (a) and (b) of this Section, unless ordered by a court shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in paragraphs (a) and (b) of this Section. Such determination shall be made by the Board of Directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or, if such a quorum is not obtainable, by independent legal counsel in a written opinion, or by the shareholders or members, as the case may be. If a quorum of disinterested directors so directs, such determination may, in any event, be made by such independent legal counsel in a written opinion or by the shareholders or members, as the case may be.

(d) The expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding as authorized in the manner provided in paragraph (c) of this Section, upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount, unless it shall ultimately be determined that he or she is entitled to be indemnified by the corporation as authorized in this Section.

(e) Notwithstanding any decision of the Board of Directors made pursuant to subsection (c), the corporation shall indemnify any director who is wholly successful, on the merits or otherwise, in the defense of any proceeding to which the director has been made a party due to holding such position for the reasonable expenses incurred by the director in connection with the proceeding.

(c) Whether the shares of that series shall be redeemable and, if so, the terms and conditions of such redemption, including the date or dates upon or after which they shall be redeemable, the event or events upon or after which they shall be redeemable or at whose option they shall be redeemable, and the amount per share payable in case of redemption (which amount may vary under different conditions and at different redemption dates) or the property or rights, including securities of any other corporation, payable in case of redemption;

(d) Whether that series shall have a sinking fund for the redemption or purchase of shares of that series and, if so, the terms and amounts payable into such sinking fund;

(e) The rights to which the holders of the shares of that series shall be entitled in the event of voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, and the relative rights of priority, if any, for payment of shares of that series in any such event;

(f) Whether the shares of that series shall be convertible into or exchangeable for shares of stock of any other class or any other series and, if so, the terms and conditions of such conversion or exchange, including the rate or rates of conversion or exchange, the date or dates upon or after which they shall be convertible or exchangeable, the duration for which they shall be convertible or exchangeable, the event or events upon or after which they shall be convertible or exchangeable or at whose option they shall be convertible or exchangeable, and the method (if any) of adjusting the rates of conversion or exchange in the event of a stock split, stock dividend, combination of shares or similar event;

(g) Whether the issuance of any additional shares of such series, or of shares of any other series, shall be subject to restrictions as to issuance, or as to the powers, preferences or rights of any such other series; and

(h) Any other preferences, privileges and powers and relative, participating, optional or other special rights and qualifications, limitations or restrictions of such series, as the Board of Directors may deem advisable and as shall not be inconsistent with the provisions of these Articles of Incorporation and to the full extent now or hereafter permitted by the laws of the State of Nevada.

(3) Payment of dividends shall be as follows:

(a) The holders of any series of Preferred Stock, in preference to the holders of the Common Stock and the holders of any junior-ranking series of Preferred Stock, shall be entitled to receive, as and when declared by the Board of Directors out of funds legally available therefore, dividends in cash, property or rights, or in shares of the Corporation's capital stock, at the rate for such series fixed in accordance with the provisions of paragraph A(2)(b) of this Article FOURTH.

(b) No dividend shall be paid upon, or declared or set aside for, any series of Preferred Stock with respect to any dividend period unless (i) all dividends on all senior ranking series of Preferred Stock shall, for the same dividend period, and for all past dividend periods (to the extent the dividends on such senior-ranking series of Preferred Stock are cumulative), have been fully paid or declared and provided for, and (ii) at the same time a like proportionate dividend with respect to the same dividend period, ratably in proportion to the respective annual dividend rates fixed therefore, shall be paid upon, or declared and provided for, all equally-ranking series of Preferred Stock.

(c) So long as any shares of any series of Preferred Stock shall be outstanding, in no event shall any dividend, whether in cash, property (excluding shares of Common Stock of the Corporation) or rights, be paid upon, or declared and provided for, nor shall any distribution be made, on the outstanding shares of Common Stock, unless all dividends on all cumulative series of Preferred Stock with respect to all past dividend periods and unless all dividends on all series of Preferred Stock for the then current dividend period shall have been paid upon, or declared and provided for, and unless the Corporation shall not be in default under any of its obligations with respect to any sinking fund for any series of Preferred Stock. The foregoing provisions of this paragraph (c) shall not, however, in any way prohibit or limit the Corporation from making a dividend or other distribution of shares of Common Stock on the outstanding shares of Common Stock.

(d) No dividends shall be deemed to have accrued on any share of any series of Preferred Stock with respect to any period prior to the date of the original issuance of such share or the dividend payment date immediately preceding or following such date of original issue, except as may otherwise be provided in the resolution or resolutions of the Board of Directors creating such series. Accruals of dividends shall not bear interest.

(4) In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, the holders of the shares of any series of Preferred Stock then outstanding shall be entitled to receive out of the net assets of the Corporation (whether capital or surplus), but only in accordance with the preferences, if any, provided for such series, before any distribution or payment shall be made to the holders of the Common Stock and the holders of any junior-ranking series of Preferred Stock, the amount per share fixed by the resolution or resolutions of the Board of Directors to be received by the holders of such shares on such voluntary or involuntary liquidation, dissolution or winding-up, as the case may be. If such payment shall have been made in full to the holders of all outstanding Preferred Stock of all series, or duly provided for, the remaining net assets of the Corporation shall be available for distribution to the holders of the Common Stock to the extent the Board of Directors shall determine as provided for in paragraph B(2) of this Article FOURTH. If, upon any such voluntary or involuntary liquidation, dissolution or winding up, the net assets of the Corporation available for distribution among the holders of any one or more series of the Preferred Stock which (i) are entitled to a preference over the holders of the Common Stock upon such voluntary or involuntary liquidation, dissolution or winding-up, and (ii) rank equally in connection therewith, shall be insufficient to make payment in full of the preferential amount to which the holders of such series shall be entitled, then such assets shall be distributed among the holders of each such series of the Preferred Stock ratably according to the respective amounts to which they would be entitled in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full. Neither the consolidation nor merger of the Corporation, nor the sale, lease or conveyance (whether for cash, securities or other property) of all or part of its assets, shall be deemed a voluntary or involuntary liquidation, dissolution or winding-up of the Corporation within the meaning of the foregoing provisions.

(5) The shares of Preferred Stock shall have no voting power or voting rights with respect to any matter whatsoever, except as may be otherwise required by law or may be provided in the resolution or resolutions of the Board of Directors creating the series of which such shares are a part.

B. Common Stock.

(1) After the requirements with respect to preferential dividends, if any, on any series of Preferred Stock (fixed pursuant to paragraph A(2)(b) and as further provided for in paragraph A(3), both of this Article FOURTH) shall have been met, and after the Corporation shall have complied with all requirements, if any, with respect to the setting aside of sums in a sinking fund for the purchase or redemption of shares of any series of Preferred Stock (fixed

pursuant to paragraph A(2) of this Article FOURTH), then, and not otherwise, the holders of Common Stock shall receive, to the extent permitted by law and to the extent the Board of Directors shall determine, such dividends as may be declared from time to time by the Board of Directors.

(2) After distribution in full of the preferential amount, if any (fixed pursuant to paragraph A (2)(e) and as further provided for in paragraph A(4), both of this Article FOURTH), to be distributed to the holders of any series of Preferred Stock in the event of the voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, the holders of the Common Stock shall be entitled to receive, pro rata, the net assets of the Corporation, distribution thereof to be made in such manner as the Board of Directors shall determine.

(3) Except as may be otherwise required by law or by these Articles of Incorporation, each holder of Common Stock shall have one vote in respect of each share of such stock held by him on all matters voted upon by the Shareholders.

FIFTH: The governing board of the Corporation shall be known as directors, and the number of directors may from time to time be increased or decreased in such manner as shall be provided by the Bylaws of the Corporation, provided that the number of directors shall not be less than two (2) nor more than fifteen (15), except that in cases where all the shares of the Corporation are owned beneficially and of record by one shareholder, the number of directors may be one (1).

The initial number of directors shall be two (2).

The names and post office address of the first Board of Directors is as follows:

Nancy Alsbury	5921 S. 91 st Street Lincoln, Nebraska 68526
Steve Alsbury	5921 S. 91 st Street Lincoln, Nebraska 68526

SIXTH: The capital stock, after the amount of the subscription price, or par value, has been paid in, shall not be subject to assessment to pay the debts of the Corporation.

SEVENTH: The names and post office addresses of the incorporators signing these Articles of Incorporation are:

NAME	STREET ADDRESS
Nancy Alsbury	5921 S. 91 st Street Lincoln, Nebraska 68526

EIGHTH: The Corporation shall have perpetual existence.

NINTH: The Corporation shall indemnify those persons determined to be entitled to indemnification, as hereinafter provided, in the manner and under the circumstances described in this Article NINTH.

A. Permissive Indemnification.

(1) Subject to the case by case determination required to be made under paragraph A(3) hereof, the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of the Corporation, by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interest of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation, nor that, with respect to any criminal action or proceeding, he had reasonable cause to believe that his conduct was unlawful.

(2) Subject to the case by case determination required to be made under paragraph A(3) hereof, the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses, including attorneys' fees actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interest of the Corporation, but no indemnification shall be made under this paragraph A(2) in respect to any claim, issue or matter as to which such person has been adjudged by a court of competent jurisdiction, after exhaustion of all appeals there from, to be liable to the Corporation or for amounts paid in settlement to the Corporation, unless and only to the extent that the court in which such action or suit was brought or other court of competent jurisdiction determines upon application that in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper.

(3) Any indemnification under paragraphs A(1) and A(2), unless ordered by a court, shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in paragraphs A(1) and A(2). Such determination shall be made:

- (a) By the stockholders;
- (b) By the Board of Directors by majority vote of a quorum consisting of directors who were not parties to such act, suit or proceeding;
- (c) If such a quorum of disinterested directors so orders, by independent legal counsel in a written opinion; or
- (d) If such a quorum of disinterested directors cannot be obtained, by independent legal counsel in a written opinion.

B. Mandatory Indemnification.

To the extent that a director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in paragraphs A(1) and A(2), or in defense of any claim, issue or matter therein, he shall be indemnified by the Corporation against expenses, including attorneys' fees, actually and reasonably incurred by him in connection with such defense.

C. Advancement of Expenses.

Expenses incurred in defending a civil or criminal action, suit or proceeding shall be paid by the Corporation in advance of the final disposition of such action, suit or proceeding, upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount if it is ultimately determined by a court of competent jurisdiction that he is not entitled to be indemnified by the Corporation. The provisions of this paragraph C do not affect any rights to advancement of expenses to which corporate personnel other than directors or officers may be entitled under any contract or otherwise by law.

D. Other Rights.

The indemnification and advancement of expenses provided by this Article NINTH does not exclude any other rights to which a person seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, for either an action in his official capacity or an action in another capacity while holding such office, except that indemnification, unless ordered by a court pursuant to paragraph A(1) or (2) or Nevada Revised Statute 78.7502, or advancement of expenses pursuant to paragraph C or Nevada Revised Statute 78.751(2) may not be made to or on behalf of any director or officer if a final adjudication establishes that his acts or omissions involved intentional misconduct, fraud or a knowing violation of the law and was material to the cause of action. The indemnification provided by this Article NINTH shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

E. Insurance.

The Corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and liability and expenses incurred by him in any such capacity, or arising out of his

status as such, whether or not the Corporation has the power to indemnify him against such liability under the provisions of this Article NINTH.

TENTH: No director or officer of the Corporation shall be personally liable to the Corporation or to its shareholders for damages for breach of fiduciary duty as a director or officer, provided, however, this Article TENTH shall not limit the liability of a director or officer for: (a) acts or omissions which involve intentional misconduct, fraud or a knowing violation of law; or (b) the payment of distributions in violation of Nevada Revised Statute 78.300 and any amendment or recodification thereof.

ELEVENTH: In furtherance and not in limitation of the rights, powers, privileges and discretionary authority granted or conferred by the laws of the State of Nevada, the Board of Directors is expressly authorized:

A. Subject to the Bylaws, if any, adopted by the shareholders, to make, amend, alter or repeal the Bylaws of the Corporation;

B. To authorize and cause to be executed mortgages and liens upon the real and personal property of the Corporation; and

C. To set apart out of any funds of the Corporation available for dividends, a reserved or reserves for any proper purpose and to reduce any such reserve in the manner in which it was created.

TWELFTH: The books of the Corporation may be kept (subject to any provision contained in the statutes) outside the State of Nevada at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation.

THIRTEENTH: The Corporation reserves the right to amend, alter, change or repeal any provisions herein contained, in the manner now or hereafter prescribed by statute, and all rights, powers, privileges and discretionary authority granted or conferred herein upon shareholders or directors are granted subject to this reservation.

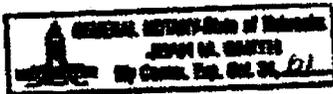

THE UNDERSIGNED, being the incorporators hereinbefore named, for the purpose of forming a corporation pursuant to Chapter 78 of the Nevada Revised Statutes, do execute these Articles of Incorporation this 21 day of May, 2001.

TERMS AND CONDITIONS FOR COMMUNICATION SERVICES

Definitions

"You," "your," and "Customer" mean the person, company, or business that subscribes to Communication Services or purchases or leases Equipment. "We," "our," "us," and "ALLTEL" refer to ALLTEL Communications, Inc. and its subsidiaries and affiliates. "Communication Service(s)" or "Service(s)" refer to the communication services you have asked us to provide to you. "Service Order" means the form (whether paper or electronic) on which you apply for services and includes certain terms and conditions of the Services such as the length of time you will subscribe to them, rate plans, access charges, choice of long distance carrier, and the equipment you have selected. "Equipment" means any communications equipment or accessories you purchase or lease from us.

Term

- Fixed Term.** You agree to subscribe to the Services for the length of time identified in the Service Order. The Services you receive after the end of the term will be provided on a month-to-month basis.
- Month-to-Month Term.** If no length of time is identified on the Service Order, then the term is month-to-month.

Termination By You

- Fixed Term.** If you subscribe to a Service for a fixed term and you terminate the Service before the end of the term, or if you do not honor any advance notice of termination requirement, then you will be required to pay us an early cancellation fee as specified on your Service Order. In addition, you remain liable for payment of all outstanding charges for all Services you used and Equipment you purchased prior to termination.
- Month-to-Month Term.** You may terminate a Service to which you subscribe on a month-to-month basis at any time by notifying us. You remain liable for payment of all outstanding charges for all Services you used and Equipment you purchased prior to termination.
- Bundled Services.** If you receive special rates in return for subscribing to multiple Services ("bundling") and you subsequently terminate, terminate, or discontinue any of those Services at any time, then we may adjust the rates for the remaining Service(s).
- Change in Location.** A change in your service address or the location to which any Service is provided to you may constitute your termination of that Service.

Termination By Us

We may interrupt or terminate a Service: (1) if you do not honor any provision of these Terms and Conditions (including payment obligations); (2) if you use a Service in a manner that adversely affects Service to other customers or hampers our customers or employees; or (3) if you or others use a Service to engage in fraud or unlawful conduct or are suspected of doing so. We may restore such interrupted or terminated Service, in our sole discretion, following cessation of the violation and payment of any amounts due, including any restoration charges we assess for restoring your service.

Charges for Services and Equipment

- In General.** You are responsible for paying all charges applicable to your account, including but not limited to access, airtime, features, roaming, toll, long distance, directory assistance, and the cost of Equipment. In addition, you are responsible for paying any taxes, surcharges, fees, and assessments imposed from time to time in connection with the Services and the Equipment.
- Wireless Telephone Services.** Airtime usage on each call is billed in full minute increments, with a minimum charge of one minute per call. Partial minutes of use are rounded up to the next full minute. Access charges are billed in advance and will not be refunded in the event of termination. Unused plan minutes are not carried over to subsequent monthly billing cycles. The length of a call will be measured from when you initiate it (typically, when you press the "Send" or "Yes" key) until you terminate it (typically, when you press the "End" or "No" key). In addition to airtime charges, you may be charged toll for long distance calls. Rates and charges while roaming outside of your local ALLTEL service area may be different than your ALLTEL service area rates. We reserve the right to select the carrier you will use while roaming. Rates during peak hours may be higher than rates during off-peak hours. Use of custom calling features (such as vicemail) or three-way calling will be billed like any other call. To be eligible for Service, we may require you to reside in our Service area and to use most of your Service on a network owned or operated by ALLTEL.
- Internet Access Service.** Internet access may be billed in full hour increments. Partial hours of use may be rounded up to the next full hour. Unused hours may not be carried over to subsequent monthly billing cycles. Access time may be measured from the time the port is seized to the time the port is released by your computer.

Payments

We will bill you monthly for all charges associated with the Services, and we will invoice you for all charges associated with Equipment. Payment in full is due no later than the due date indicated on your bill. If you have authorized payment for Services or Equipment by credit card or by debiting a bank account, no additional notice or consent is required before we invoice the credit card or debit the bank account for all amounts due to us for any reason. We may accept late payments, partial payments or any payments marked as being "payment in full" or as being settlement of any dispute without losing any of our rights under this Agreement. You agree to pay costs and fees we incur to collect an unpaid balance from you.

Credits And Deposits

You authorize us to ask credit-reporting agencies for credit information about you. We may, in our discretion, require you to submit a deposit as security for payment of charges. An additional deposit may be required if either the amount or number of Services is increased or your credit rating changes. Simple interest will be paid on the cash deposit for the period it is held by us and will be refunded if satisfactory credit has been established or upon termination of service. We reserve the right to apply the deposit to any amount due and unpaid. We may require a guarantee of payment by an individual or entity approved by us.

Internet Access Service

If you subscribe to our Internet Access Service, then you agree to abide by our Acceptable Use Policy, available via a link on the ALLTEL.net home page (www.ALLTEL.net), and by any other policies posted there. The Acceptable Use Policy generally provides that you may not use our Internet Access Service to (1) engage in illegal activity, (2) violate the network policies of any network accessed through our Service or (3) engage in any activity that interferes with other Internet users' use and enjoyment of the Internet or our Service. The Acceptable Use Policy may

change periodically, and it is your responsibility to review it from time to time and comply with the changes.

Telephone Numbers and E-mail Addresses

We assign telephone numbers and e-mail addresses in connection with the Services. You have no proprietary right to any such identifiers, and we reserve the right to change them upon notice to you.

Services Provided by Third Parties

The Services will be provided either by us or by our third party vendors or contractors. We reserve the right to change or modify the source of any Services provided to you without notice.

Privacy and Customer Proprietary Network Information

You authorize us to monitor and record communications to us regarding your account or the Services for purposes of quality assurance. We will not give you notice of any subpoenas or court orders related to your account or use of Services unless required by law. Information in our billing and customer care systems concerning your account and your use of Services belongs to us, and you have no expectation of privacy with respect to such information. We may analyze your account and usage information and share this information with other ALLTEL entities. We will not share this information with other companies. If you do not want us to use your information internally, please notify us.

Theft and Fraud

If your Service or Equipment is lost or stolen or fraudulently used, then you are responsible for all usage incurred before we receive notice from you of such loss or theft. You agree to cooperate in the investigation of fraud or theft and to provide us with such information and documentation as we may request (including affidavits and police reports).

LIMITATION OF LIABILITY

OUR LIABILITY REGARDING YOUR USE OF THE SERVICES OR EQUIPMENT, OR THE FAILURE OF OR INABILITY TO USE THE SERVICES OR EQUIPMENT, IS LIMITED TO THE CHARGES YOU INCUR FOR SERVICES OR EQUIPMENT DURING THE AFFECTED PERIOD. THIS MEANS WE ARE NOT LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES (SUCH AS LOST PROFITS OR LOST BUSINESS OPPORTUNITIES), PUNITIVE OR EXEMPLARY DAMAGES, OR ATTORNEYS' FEES.

DISCLAIMER OF WARRANTIES

WE MAKE NO WARRANTY REGARDING THE SERVICES AND DISCLAIM ANY IMPLIED WARRANTY, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. WE ARE NOT RESPONSIBLE FOR CIRCUMSTANCES BEYOND OUR CONTROL, INCLUDING WITHOUT LIMITATION ACTS OR OMISSIONS OF OTHERS, ATMOSPHERIC CONDITIONS, OR ACTS OF GOD. WE DO NOT MANUFACTURE EQUIPMENT OR SOFTWARE, AND YOUR ONLY WARRANTIES AND REPRESENTATIONS WITH RESPECT TO EQUIPMENT OR SOFTWARE ARE THOSE PROVIDED BY THE MANUFACTURER (WITH RESPECT TO WHICH WE HAVE NO LIABILITY WHATSOEVER).

About These Terms and Conditions

BY USING ANY ALLTEL COMMUNICATIONS SERVICES, YOU ARE AGREEING TO THESE TERMS AND CONDITIONS. If you do not wish to be bound by these Terms and Conditions, do not use the Services and notify us immediately. We may change these Terms and Conditions at any time if we give you advance notice of the changes. You accept the changes if you use Services after you receive our notice. If you do not accept the changes, you may terminate your Agreement by giving us notice, in which case you will not be subject to an early cancellation fee. You will still be responsible for all charges for Service and Equipment made before you terminated your Agreement.

About Tariffs

Your Agreement and ALLTEL's provision of Communication Services are subject to the provisions of any applicable federal or state tariffs.

Entire Agreement

These Terms and Conditions, together with the Service Order and any applicable tariff, are the entire Agreement between you and us, which may only be amended as described above. These Terms and Conditions supersede any inconsistent or additional promises made to you by any of our employees or agents.

Assignment

We may assign this Agreement to another entity without any advance consent from or notice to you. You may not assign this Agreement without our consent.

No Waiver; Severability

If we do not enforce any right or remedy available under this Agreement, that failure is not a waiver. If any part of this Agreement is held invalid or unenforceable, the remainder of this Agreement will remain in force.

Arbitration

Any dispute arising out of this Agreement or relating to the Services and Equipment must be settled by arbitration administered by the American Arbitration Association. Each party will bear the cost of proposing and prosecuting its case. We will reimburse you for any filing or hearing fees to the extent they exceed what your case costs would have been if your claim had been resolved in a state court having jurisdiction. The arbitrator has no power or authority to alter or modify these Terms and Conditions, including the foregoing Limitation of Liability section. All claims must be arbitrated individually, and there will be no consolidation or class treatment of any claims. This provision is subject to the United States Arbitration Act.

- c) deliver both the Agreement and payment to:

Del-Rene Company
5921 S. 91st Street
Lincoln, Nebraska 68526

The Company may accept or reject any subscription you tender, in whole or in part. This means that the Company may allocate to you a smaller number of Shares than you subscribed to purchase. If accepted by the Company, then this Agreement will constitute a subscription for shares of the Company's Common Stock (\$1.00 per value per share).

The minimum subscription is \$500 for 500 shares. You should pay by check, money order or wire transfer payable to "The Del-Rene Company". If the Company rejects your subscription in whole, the Company will return this Agreement and your payment.

If the Company accepts your subscription in whole or in part, a copy of this Agreement will be returned to you as your receipt. This will confirm your subscription and indicate how much of your subscription the Company has accepted. All proceeds of the Offering will be held in an Impound Account at Union Bank & Trust, Lincoln, Nebraska.

When the Company sells its Minimum Subscription, the funds held in the Impound Account will be disbursed to the Company and stock certificates will be issued with 10 days. After that, you will be mailed stock certificates no more than 30 days after the Company mailed written confirmation of the subscription to you. If the Company accepts only part of your subscription, the Company will return the unused portion of your payment to you with interest, if any. If the Minimum Subscription is not sold prior to the Termination Date of the Offering, then all deposits will be returned to subscribers with interest earned, if any.

You irrevocably submit this Agreement for the purchase of _____ Shares at \$1.00 per Share. With this Agreement, you also submit payment in the amount of \$ _____ (\$1.00 per Share) for the Shares subscribed.
