Fiscal 2001/2002 Interim Revenues Up 9.8%, including 3.2% Organic Growth

Paris, April 10, 2002 - In the first six months of fiscal 2001/2002, consolidated revenues rose by 9.8% to EUR 6.6 billion from EUR 6.0 billion in the prior-year period.

The increase was driven by the following :

- 3.2% from organic growth.
- 7.6% from acquisitions.
- A negative 1.0% from the currency effect.

Revenues by activity were as follows:

- **Food and Management Services : EUR 6.1 billion, up 9.9%, including 2.7% organic growth.**

Organic growth by region:

- **North America : 0.9%**

In North America, the Healthcare and Education segments continued to grow, led by a number of new contract wins but in the Business & Industry segment, following ongoing layoffs and cutbacks in catering services, especially during the year-end holiday season, the revenues have been going down 9.4 %. Sodexo has seen a significant decrease in customers since January 2001 due to downsizing.

- **Continental Europe : 5.2 %**

Business & Industry revenues increased in the United Kingdom and Continental Europe despite the challenging economic environment.

- **UK & Ireland : 2.6 %**

In the Healthcare segment, in the United Kingdom and in France, as the hospital's team members want to stay civil servants, Sodexo revamped its offering, adding, for example, the Dewsbury's hospital to its client list, in "executive lease".

- **Rest of the World : 7.8 %**
