Recitals

Following an authorisation by the AGMs in 2000 and 2001, AB Electrolux ("Company") has acquired own shares of series B. In 2000 the Company acquired 25,035,000 shares, equal to 6.84 per cent of the total number of shares. In 2001, 11,570,000 shares were acquired, equal to 3.16 per cent of the total number of shares. The Company now owns 36,605,000 shares, equal to slightly less than 10 per cent of the total number of shares in the Company (366,169,580).

In order to enable further acquisitions of own shares, the number of shares of series B not required to fulfil undertakings under the incentive programs must be withdrawn. To receive the possibility to commence a new program of acquiring shares, the Board of Directors proposes that the AGM make the following resolutions.

A. Reduction of the share capital

The Board of Directors proposes to the AGM to decide on a reduction of the Company's share capital by SEK 137,285,000 ("reduction amount") by way of withdrawal, without repayment, of 27,457,000 shares of series B which the Company has acquired. The purpose of the reduction is that the reduction amount shall be allocated to a fund to be utilised pursuant to resolutions by meetings of shareholders.

B. Amendment of the articles of association

The Board of Directors proposes that the wording of article 5 of the articles of association shall be amended, to the principal effect that a new series of shares, series C, is introduced, whereby a maximum of 27,457,000 shares of series C may be issued. Shares of series C shall entitle to one tenth of a voting right per share and have no rights to dividend and be subject to redemption at the request of holders of shares of series C, the Board of Directors or the AGM. At redemption, the redemption amount shall be the par value of the share adjusted as per the day of redemption with an interest rate corresponding to STIBOR 30 days plus 0.05 percentage points.

C. New issue of shares of series C

The Board of Directors also proposes that the AGM decides to increase the Company's share capital by SEK 137,285,000, by way of a new issue of 27,457,000 shares of series C, each at a par value of SEK 5, and on the following terms and conditions. By deviation from the shareholders' preferential rights, Svenska Handelsbanken AB shall subscribe for the new shares. Subscription and payment for the new shares shall be made not later than May 6, 2002. The subscription price shall be equal to the nominal value, SEK 5. The new shares shall not entitle to dividend.

The reason for deviation from the shareholders' preferential rights is as follows. The resolution to withdraw shares of series B may be executed without the time restraint of obtaining a court's approval, if at the same time, an amount equal to the reduction amount is contributed to the Company by way of a new issue of shares.

The resolution on a new issue of shares shall be subject to the AGM's resolution on amendment of the articles of association in accordance with Clause B. above and the registration of such amendment, and on reduction of the share capital and allocation to the statutory reserve in accordance with Clause D. below.

D. Reduction of the share capital by redemption of shares of series C and allocation to the statutory reserve

The Board of Directors proposes that the AGM resolves on a reduction of the Company's share capital by SEK 137,285,000 (the reduction amount) by way of redemption of all 27,457,000 shares of series C, and that the reduction amount be allocated to the statutory reserve. The purpose of the reduction is repayment to shareholders. Redemption shall be made immediately after registration of the new shares of series C issued in accordance with Clause C. above.

The resolution on reduction of the share capital and allocation to the statutory reserve shall be subject to the AGM resolution to amend the articles of association in accordance with Clause B. above and that such resolution has been registered, and on an issue of new shares in accordance with Clause C. above.

The Board of Directors proposes that the AGM authorises the Board, for the period until the next AGM, to acquire the Company's own shares on the following conditions. The total amount of shares of series A and/or series B to be acquired may amount to, at the most, so many shares that, thereafter, the Company holds at a maximum 10 per cent of all shares issued by the Company. The shares may be acquired by operations on any stock exchange, authorised marketplace or any other regulated market within the European Economic Area (EEA), where the shares in the Company are listed. An acquisition of shares through operations on a stock exchange or any other regulated market may only be made at a price per share at each time within the registered price interval for the share. Payment for the shares shall be made in cash.

The reason for acquisition of own shares is to continuously be able to adapt the Company's capital structure to its capital needs with the object of contributing to increased shareholder value, and in order to be able to assign shares in connection with the financing of possible acquisitions of companies.

F. Transfer of own shares

- (i) The Board of Directors furthermore proposes that the AGM authorises the Board, for the period until the next AGM, to decide on transfer of the Company's own shares on the following terms. Shares of series A and/or series B held by the Company at the time of the Board's decision may be transferred. Such transfer may be made by deviation from the shareholders' preferential rights in connection with company acquisitions. Transfer of shares in connection with acquisitions shall be made at a minimum price per share corresponding to an amount in close connection with the price of share of the series concerned on Stockholmsbörsen at the time of the decision of the transfer. Payment for the transferred shares may be made in cash or by contributions in kind or by a set-off of Company debt and the transfer may be subject to conditions.

The reason for deviation from the shareholders' preferential rights in share transfers and the basis for the price of the shares are to make it possible to finance potential company acquisitions in a cost-effective manner.

- (ii) The Board of Directors proposes that the AGM decide to transfer shares in the Company on the following terms and conditions.
1. A maximum of 3,595,800 shares of series B may be transferred.
 2. Preferential rights to acquire the shares shall fall to the persons ("Option Holders") who are entitled to acquire shares under the terms and conditions of the Company's incentive programs 2000 and 2002 ("Programs"), each of the Option Holders having the right to acquire at a maximum the number of shares which result from the terms of the Programs.
 3. The preferential rights of the Option Holders to acquire shares against payment shall be exercised during the period when the Option Holders have a right to acquire shares under the Programs, that is, not later than February

26, 2006 as concerns incentive program 2000 and not later than seven years from grant (which is expected to take place at the beginning of May 2002) as concerns incentive program 2002.

4. For each share the Option Holders shall pay an amount which as concerns program 2000 amounts to SEK 170 and as concerns program 2002 an amount which, where applicable subject to a certain rounding, exceeds by 10 per cent the average closing listed price in accordance with the official price list of Stockholmsbörsen for shares of series B during a period of 10 trading days prior to the grant of options under the program. The price and the number of shares may be recalculated according to the terms of the Programs as a consequence of bonus issues, splits, new share issues or the like.

The reason for deviation from the shareholders' preferential rights is that it is a cost-effective way to fulfil the Company's undertakings under the Programs.

- (iii) The Board of Directors proposes, due to the Company's incentive programs 1998-2002, that the AGM decides that the Company shall have the right, for the period until the next AGM, to transfer not more than 1,112,000 shares of series B, in order to cover costs, mainly social security charges, which may occur due to the above-mentioned incentive programs. Such transfer of shares shall be effected on Stockholmsbörsen at a price at each time within the registered price interval for the share.

In order for the resolutions by the AGM in accordance with the Board's proposal in Clauses A. – C., E. and F.(i) and (iii) above to be valid, the resolutions must be accepted by shareholders holding not less than two thirds of both the votes cast and the shares represented at the AGM. In order for a resolution by the AGM in accordance with the proposal in Clause F.(ii) above to be valid, the resolution must be accepted by shareholders holding not less than nine tenths of both the votes cast and the shares represented at the AGM.

The Board of Directors' complete proposal for a decision will be available at the Company – AB Electrolux, C-J, SE-105 45 Stockholm – and will, on request, be sent to shareholders at the address given, as from April 4, 2002 and is also available at the group's homepage on the Internet: www.electrolux.com/agm.
