ASUR Announces Passenger Traffic for April 2002

Mexico City, May 8, 2002, Grupo Aeroportuario del Sureste, S.A. de C.V. (NYSE: ASR; BMV: ASUR) (ASUR) today announced that total passenger traffic for the four-week period ended April 30, 2002, (April 2002) decreased by 11.7 percent from the comparable period last year.

Due to the current situation following the events of September 11, 2001, in the U.S., ASUR's management is doing an extraordinary effort to publish passenger traffic figures for the company's airports on a monthly basis to keep investors well informed. Once the situation has normalized, ASUR management expects to return to normal quarterly reporting procedures.

All figures in this announcement reflect comparisons between the 28-day period from April 3 through April 30, 2002, and the equivalent 28-day period last year from April 4 through May 1, 2001. Transit and general aviation passengers are excluded from these comparisons.
