NOTES TO THE FINANCIAL STATEMENTS
(Expressed in Canadian Dollars)
(Unaudited – Prepared by Management)
FEBRUARY 28, 2002

1. BASIS OF PRESENTATION

The financial statements contained herein include the accounts of Bradner Ventures Ltd. (the "Company").

The interim period financial statements have been prepared by the Company in accordance with Canadian generally accepted accounting principles. All financial summaries included are presented on a comparative and consistent basis showing the figures for the corresponding period in the preceding year. The preparation of financial data is based on accounting principles and practices consistent with those used in the preparation of annual financial statements. Certain inform and footnote disclosure normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. These interim period statements should be read together with the audited financial statements and the accompanying notes included in the Company's latest annual report. In the opinion of the Company, its unaudited interim financial statements contain all adjustments necessary in order to present a fair statement of the results of the interim periods presented.

2. NATURE OF OPERATIONS

The Company's common shares are listed on the OTC Bulletin Board under the trading symbol "BVLTF".

On July 4, 2001, the Company announced that it had signed a letter of intent pursuant to which the Company intended to purchase all of the issued and outstanding shares of Bestshot.com Inc. ("Bestshot"). Bestshot is a Nevada company which currently has 20,515,492 shares issued and outstanding. Closing of the acquisition is subject to a number of conditions, including the preparation and execution of a definitive acquisition agreement and approval by the Company's shareholders.

Bestshot is a provider of computer generated digital video images and clips, stock footage and related services, to the design and broadcast industry.

The Company had agreed to effect a 2:1 reverse split (consolidation) of its issued and outstanding share capital and has agreed to complete a private placement of its common shares to raise a minimum of US \$750,000 at no less than US \$1.00 per share (post consolidation).

On January 22, 2002, the Company announced that its shareholders had approved the Share Exchange Agreement (see note 6) between Bestshot.com and the Company. Changing the name of Bestshot.com Inc. to Mouve' Image Inc. was also approved by the shareholders. The name change will take place once all terms and conditions under the Share Exchange Agreement have been completed.

These financial statements have been prepared in accordance with generally accepted accounting principles with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. Its ability to continue as a going concern is dependent on obtaining continued financial support, completing public equity financings, or generating profitable operations in the future. It is management's plan to seek additional capital through equity financing.

9. CONTINGENCY

Pursuant to a decision of the United States Department of the Interior/Bureau of Land Management (“BLM”), the Company was advised that a Notice of Record of Non-compliance, relating to land reclamation, was issued against the Company. The Company was to respond to the Notice and its requirements, which included a US \$12,078 (CAD \$17,875) purchase of an interim bond and a reclamation plan, by January 6, 2000, at which time the BLM was to be in a position to pursue a court order through the Federal Court system.

To date, no action has been commenced by the BLM and a reclamation plan has not been submitted. The potential cost of the reclamation work cannot be accurately estimated by the Company because it has not obtained an assessment estimating the costs and scope of work required for the necessary reclamation work. However, the potential liability could exceed the amount of the interim bond of US \$12,078 (CAD \$17,875). No estimate can be made for the potential liability arising from the reclamation plan because of this reason. Therefore, the outcome of settlement, if any, cannot be determined, and accordingly, no amount of settlement has been accrued on these financial statements. Any amount will be recorded in the year of settlement.

10. SUBSEQUENT EVENTS

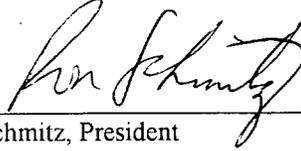

On March 6, 2002, 494,737 warrants at a price of \$0.25 per warrant were exercised for gross proceeds of \$123,684.
