PRESS RELEASE

WashTec AG concludes framework agreement with ExxonMobil

Augsburg, April 11, 2002 – The framework agreement signed by the leading provider of cleaning systems for the transport sector, WashTec AG (security code number 750750), with ExxonMobil, the oil company, represents another milestone in the company's history. In a Europe-wide bid process, WashTec was selected as one of two potential suppliers of car washes for the oil group's European network of petrol stations.

The framework agreement has an initial term of three years with optional extension. According to WashTec, the agreement confirms the continuous high quality of the company's services and products. WashTec is particularly proud to have won this contract because the company has for the first time been selected as a potential Europe-wide Esso supplier. This framework agreement proves that a customer and service-oriented market presence and innovative products lead to success, said Wolfgang Decker, Board Chairman of WashTec AG.

About ExxonMobil:

ExxonMobil is one of the world's leading groups in the energy and oil sectors. The Group including its associated companies conducts business in over 200 countries and explores for oil and natural gas on six continents. ExxonMobil markets a broad range of petroleum products and fuels under the ExxonMobil, Esso and Mobil brands.
