NEWS RELEASE

New Misting Product Receives Rave Reviews

VANCOUVER, B.C. -- February 20, 2002 -- Raytec Development Corp. ("Raytec") today announced it will commercialize its new *EUROBAR™* misting system. A prototype of the *EUROBAR™* was exhibited at the Food Marketing Institute Show in Chicago, Illinois, and received a number of Purchase Order inquiries. This ultra-low profile grocery misting system will further diversify Raytec's product line and offer customers more choice in meeting their individual needs.

Final product proofing and manufacturing details are currently being developed, and the company anticipates client deliveries in the fall of 2002.

Raytec today also announced the appointment of Jerry Minni to President and CEO of Raytec, adding to his title of Chairman. Mr. Minni has been effectively running operations since December 2001. Former Raytec President, Bernardo Rico, has been appointed President of Raytec Technologies Inc. ("RTI"). Raytec is currently taking RTI public. Raytec and RTI will operate as two distinct companies with separate management teams.

Jerry Minni remarked, "I am excited to be at the helm. Bernardo has done an excellent job utilizing Raytec's cash flow to build the antimicrobial division. For Raytec, the opportunities on the equipment and services side of its business have never been greater. We are aggressively expanding sales and the geographical reach of our service network. At the same time, we are trimming the costs associated with the development of RTI's technologies. I'm confident Raytec shareholders will benefit from this focus."

Commenting on his new role, Bernardo Rico said, "I'm excited about my new role and look forward to RTI's transition into a public company. A key focus of the coming months will be assembling a management team best suited to advancing this business."

RTI is currently awaiting Environmental Protection Agency (EPA) approval of its chlorine dioxide product for use as a hard-surface sanitizer.

About RTI

RTI, a subsidiary of Raytec, is an emerging manufacturer, developer and marketer of antimicrobials and sanitation products. The company holds patents in the uses of dry-media chlorine dioxide, a well-known biocide. RTI's current available products based on this chemistry include: *SANI-T-BAG™*, *OdorGUARD™*, *EthylGUARD™*. These products allow for the safe and low-cost production of chlorine dioxide for a variety of uses, such as: hard surface disinfecting, food processing, odor control, and in controlling the ripening and shrinkage of produce.

About Raytec

Established in 1979, Raytec currently ranks as the leading manufacturer, developer and marketer of perishable-food control systems for the North American commercial grocery industry. Clients include such household names as: Albertson's, Fred Meyer, Lowes Foods, Safeway and Winn-Dixie. Raytec's technologies help the food industry improve profit margins by reducing product loss, enhancing product quality and controlling safe food processing.

NEWS RELEASE

EPA Responds to *SANI-T-BAG™* Application

VANCOUVER, B.C. -- March 6, 2002 – Raytec Development Corp. ("RAY") today announced that its subsidiary, Raytec Technologies Inc. ("RTI"), has received a formal response from the U.S. Environmental Protection Agency (EPA) to the company's application regarding the use of *SANI-T BAG™* as a hard surface disinfectant. The EPA has requested some additional testing data and product label amendments. The company is assembling the required information in response to this request.

"They've provided us a short and straightforward list," commented Bernardo Rico, RTI's President and CEO. "The registration of the *SANI-T-BAG™* as a surface sanitizer will expand the applications of this innovative technology, and bring this product closer to market-launch."

The *SANI-T-BAG™* is used to produce chlorine dioxide—a powerful and safe biocide that's well known for its effectiveness as a disinfectant. Until now, chlorine dioxide's use has been limited to large industrial applications where economies of scale justify the costly generators required to produce it on-site. With *SANI-T-BAG™*, the end-user can produce a desired quantity of chlorine dioxide by simply placing a sachet in water—like making a cup of tea.

As the incidents of food-borne illness continue to increase, consumers and health care organizations will press for improved safety practices. According to independent research, the food safety and surface sanitation markets alone for this product exceed US\$400 million, and RTI has identified numerous other demands for the technology. Surface sanitation includes the treatment of surfaces such as the counters, walls and ceilings where food is handled, stored and prepared.

Pursuant to an employee services agreement made as of August 1, 1996 and amended December 30, 1996 (the "Agreement") between the Company and Jerry Minni, the Company pays to Mr. Minni the monthly salary of \$10,000. Mr. Minni may terminate the Agreement by giving one month's written notice to the Company and the remuneration payable under the Agreement shall be proportioned to the date of such termination. The Company may terminate the Agreement upon the disability of Mr. Minni, or for just cause, as defined in the Agreement, without any remuneration payable to him.

Pursuant to an employee services agreement made as of April 1, 2000 (the "Old Agreement") between Raytec Corporation ("Raytec"), one of the Company's wholly-owned subsidiaries, and Bernardo Rico, Raytec paid to Mr. Rico, an annual salary of US\$130,000. On Mr. Rico's resignation as Chief Executive Officer of Raytec, effective December 19, 2001, the Old Agreement was terminated. Mr. Rico currently receives a monthly salary of \$2,000 and is in the process of negotiating a new employee services agreement with Raytec Technologies, Inc., also a wholly-owned subsidiary of the Company.

There are no other compensatory plans or arrangements with respect to the Named Executive Officers resulting from the resignation, retirement or other termination of employment or from a change of control of the Company.

Compensation of Directors

Compensation for the Named Executive Officers has already been disclosed above. No cash compensation was paid to any director of the Company for the director's services as a director during the fiscal year ended October 31, 2001.

The Company has no standard arrangement pursuant to which directors are compensated by the Company for their services in their capacity as directors except for the granting from time to time of incentive stock options in accordance with the policies of the Canadian Venture Exchange. During the most recently completed financial year, the Company granted incentive stock options to purchase an aggregate 100,000 common shares to directors. Subsequent to the Company's fiscal year ended October 31, 2001, 25,000 options were cancelled and 48,000 stock options were granted to a director.

MANAGEMENT CONTRACTS

Management functions of the Company are substantially performed by directors or senior officers of the Company and not, to any substantial degree, by any other person with whom the Company has contracted.

INTEREST OF INSIDERS IN MATERIAL TRANSACTIONS

Except as disclosed herein, since the commencement of the last completed fiscal year, no insider of the Company, nominee for director, or any associate or affiliate of an insider or nominee, had any material interest, direct or indirect, in any transaction or any proposed transaction which has materially affected or would materially affect the Company, or any of its subsidiaries.

On April 19, 2001, the Company announced that it had finalized an agreement (the "Agreement") with Tim Edwards pursuant to which the Company acquired 585,000 Class "A" common shares of Miatech International, Inc. ("Miatech") held by Mr. Edwards, in exchange for 450,000 common shares of the Company at a deemed price of \$0.20 per share, and a promissory note in the amount of US\$60,000. In addition to being a shareholder of Miatech, Mr. Edwards is also a former employee of Miatech, Inc., a subsidiary of Miatech. Mr. Edwards is also a former officer of the Company. By agreement dated January 20, 2002, the parties terminated the Agreement effective as of October 31, 2001. As a result, the consideration comprising the US\$60,000 promissory note was cancelled and the 450,000 pre-consolidated shares of the Company will be returned to treasury.

On November 13, 2001, the Company announced that it had completed the private placement of 715,000 units of the Company at the price of \$0.20 per unit to Jerry Minni, the Chairman of the Board, President, Chief Executive Officer, Chief Financial Officer and a director of the Company (as to 540,000 units), and Jerry Bella, a director of the Company (as to 175,000 units). Each unit consists of one common share of the Company and one non-transferable share purchase warrant. Each warrant entitles Messrs. Minni and Bella to purchase an additional common share of the Company at a price of \$0.20 per share for six months and \$0.30 per share for an additional six month period.

The Company leased property in Reno, Nevada from a company of which a director of the Company is a shareholder, at a monthly rental of US\$7,800. The lease terminated effective March 1, 2001.

Certain officers and directors of the Company may have material interests in the proposed sale of one of the Company's wholly-owned subsidiaries. Reference is made to "Approval of Proposed Sale of Raytec Technologies, Inc." for detailed particulars.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed herein, no Person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting. For the purpose of this paragraph, "Person" shall include each person: (a) who has been a director, senior officer or insider of the Company at any time since the commencement of the Company's last fiscal year; (b) who is a proposed nominee for election as a director of the Company; or (c) who is an associate or affiliate of a person included in subparagraphs (a) or (b).

NUMBER OF DIRECTORS

ELECTION OF DIRECTORS

At the Company's annual general meeting held on April 23, 2001, the shareholders approved a special resolution adopting new Articles for the Company which came into effect on June 4, 2001. Pursuant to the new Articles, the board of directors is divided into three classes, designated as Class I, Class II and Class III and each director shall, when nominated for election, be nominated to be a designated classification unless there is only one class to be elected.

The term of office of the present directors expires at the Meeting. The terms of office of the newly elected directors shall initially be one year for Class I, two years for Class II, and three years for Class III. Management proposes to nominate Robin Blues as a Class I director whose term of office shall expire at the general meeting of the Company in 2003, Jerry Bella as a Class II director whose term of office shall expire at the general meeting of the Company in 2004, and Jerry Minni as a Class III director whose term of office shall expire at the general meeting of the Company in 2005. Each director elected will hold office until the expiration of his respective term or until his successor is elected or appointed, unless his office is earlier vacated in accordance with the Articles of the Company or with the provisions of the *Company Act* (British Columbia) ("Company Act").

The persons named below will be presented for election at the Meeting as management's nominees. Management does not contemplate that any of these nominees will be unable to serve as a director. The following table sets out the names of the nominees for election as directors, the country in which each is ordinarily resident, all offices of the Company now held by each of them, their principal occupations, the period of time for which each has been a director of the Company and the number of common shares of the Company or any of its subsidiaries beneficially owned by each, directly or indirectly, or over which control or direction is exercised, as at the date hereof.

Copies of such Advance Notice of Meeting were delivered to the British Columbia and Alberta Securities Commissions and the Canadian Venture Exchange pursuant to the regulation under the Company Act.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE AND SENIOR OFFICERS

During the last completed fiscal year, no director, executive officer, senior officer or nominee for director of the Company, or any of their associates, has been indebted to the Company, or any of its subsidiaries, nor has any of these individuals been indebted to another entity which indebtedness is the subject of a guarantee, support in agreement, letter of credit or other similar arrangement or understanding provided by the Company, or any of its subsidiaries.

APPOINTMENT AND REMUNERATION OF AUDITOR

Shareholders will be asked to approve the appointment of Manning Elliott, Chartered Accountants, as the auditor of the Company to hold office until the next annual general meeting of the shareholders at a remuneration to be fixed by the directors. SPECIAL BUSINESS

Approval of Proposed Sale of Raytec Technologies, Inc.

The Company is seeking the approval and authorization of its shareholders to complete the sale (the "Sale") of its wholly-owned technology subsidiary, Raytec Technologies, Inc. (the "Subsidiary"), pursuant to a letter agreement (the "Agreement") dated February 4, 2002 among the Company, My Venture Inc. ("MVI"), a capital pool company whose shares are trading on the Canadian Venture Exchange ("CDNX"), and the Subsidiary. Under the terms of the Agreement, the Company will sell to MVI all of the outstanding shares of the Subsidiary, for a total purchase price of US\$1,890,000 payable by the issuance of shares of MVI. The Sale will constitute a Qualifying Transaction for MVI under the policies of the CDNX.

The Subsidiary operates from its principal offices in Lake Oswego, Oregon and is an emerging manufacturer, developer and marketer of antimicrobials and sanitation products. The Subsidiary holds patents in the uses of dry-media chlorine dioxide, a well known biocide, and has current available products based on this chemistry which include *SANT-BAG™*, *OdorGUARD™* and *EthyGUARD™*. These products allow for the safe and low cost production of chlorine dioxide for a variety of uses, such as hard surface disinfecting, food processing, odor control, and controlling the ripening and shrinkage of grocery produce.

The Company currently ranks as the leading manufacturer, developer and marketer of perishable food control systems for the North American commercial grocery industry. Clients include such household names as Albertson's, Fred Meyer, Lowes Foods and Safeway. The Company's technologies help the food industry improve profit margins by reducing product loss, enhancing product quality and controlling safe food processing.

Under the terms of the Agreement, MVI has agreed, as a pre-condition to closing, to subdivide its common shares on a one old share for four new shares basis. On closing, MVI will issue to the Company, in exchange for all of the issued and outstanding shares of the Subsidiary, 29,300,000 post subdivided common shares (the "Shares") of MVI at a deemed price of CDN\$0.10 per Share (and having an aggregate value of approximately US\$1,890,000). The

Shares will represent 78% of the then issued and outstanding share capital of MVI. The Shares will be subject to escrow as prescribed by CDNX.

Jerry Minni, the Chairman of the Board, President, Chief Executive Officer, Chief Financial Officer and a director of the Company, is also the President, Chief Executive Officer and a director of the Subsidiary and MVI. Mr. Minni also owns 666,001 common shares of MVI. Jerry Bella, a director of the Company, and Toni Vodola, the Secretary of the Company, own an aggregate of 22,000 common shares of MVI.

The proposed Sale is subject to the approval of the shareholders and CDNX.

Management Recommendation

Management of the Company is of the opinion that the Sale will enable both the Company and the Subsidiary to independently focus on growth opportunities in their most promising markets. The Company and the Subsidiary will still have a close relationship as the Company, through its ownership of the Shares, will maintain, indirectly, control of the Subsidiary. The Company's distribution network to the North American retail grocery industry will continue to provide a strategic channel for the Subsidiary's antimicrobial products. Accordingly, management recommends approval of the Sale believing that the formation of two distinct companies will give each greater flexibility, agility and focus.

Shareholder Approval

Management is asking shareholders, as a group, excluding votes held by interested parties, namely, Jerry Minni, Jerry Bella and Toni Vodola, to approve the following ordinary resolution.

"Whereas pursuant to a letter agreement (the "Agreement") dated February 4, 2002 among the Company, My Venture Inc. ("MVI") and the Company's wholly owned technology subsidiary, Raytec Technologies, Inc., (the "Subsidiary"), the Company has agreed to sell to MVI all of the outstanding shares of the Subsidiary, for a total purchase price of US\$1,890,000, which will be paid by the issuance of 29,300,000 common shares of MVI as more particularly set out in the Agreement;

Resolved that:

1. subject to regulatory approval, the sale (the "Sale") of the Company's Subsidiary, in accordance with the terms of the Agreement, be and is hereby ratified and approved;
2. the Company is hereby authorized to abandon or terminate all or any part of the Sale if management deems it to be in the best interest of the Company to do so, without further shareholder approval;
3. the board of directors, by resolution, be and is authorized to make such amendments to the Agreement as may, in its discretion, be considered appropriate, provided always that such amendments be subject to the approval of all applicable regulatory authorities; and
4. the directors and officers of the Company are hereby authorized and directed to perform all such acts, deeds and things and execute, under the seal of the Company or otherwise, all such documents and other writings as may be required to give effect to the true intent of this resolution."

As of March 14, 2002, the Company had a total of 4,657,305 common shares issued and outstanding. To the best knowledge of management, insiders, excluding Jerry Minni, Jerry Bella and Toni Vodola, and their associates beneficially own a total of 1,224,582 common shares. Accordingly, the total number of shares held by disinterested shareholders will be 3,432,723.

Approval of Potential Change of Control

As at the date of this Information Circular, Jerry Minni ("Minni") holds, directly and indirectly through JVM Management Ltd. ("JVM"), a private B.C. company owned 50% by Minni and 50% by his wife, 734,884 common shares of the Company representing 15.78% of the Company's current issued and outstanding share capital. Minni has also acquired, by way of various non-brokered private placements, 730,000 warrants (the "Warrants") to purchase 730,000 additional common shares of the Company. If Minni exercises all of the outstanding Warrants, he will beneficially own an aggregate of 1,464,884 common shares of the Company, which would represent 31.45% of the then issued and outstanding shares in the capital stock of the Company. As such, the exercise of Warrants would have the effect of making Minni a "control person" of the Company, inasmuch as he would immediately thereafter hold common shares of the Company to which are attached in excess of 20% of the outstanding voting rights of the Company. Minni does not currently hold any stock options to purchase common shares of the Company. Additional common shares of the Company may also be acquired by Minni as a result of his participation in future private placements of common shares and/or warrants and from purchases of common shares made in the open market.

CDNX policies provide that, prior to consenting to the issuance of securities in the capital stock of a listed company that would result in a change of control, evidence of disinterested shareholder approval of the issuance is required. For the purposes of the CDNX policy, a change of control includes situations where, after giving effect to the contemplated transaction, and as a result of such transaction:

- (a) any one Person, meaning a company or an individual, holds a sufficient number of the voting shares to affect materially the control of the Company, or
- (b) any combination of Persons, acting in concert by virtue of an agreement, arrangement, commitment or understanding, hold in total a sufficient number of the voting shares of the Company to affect materially the control of the Company,

and in the absence of evidence to the contrary, any Person or combination of Persons holding more than 20% of the voting shares of the Company is deemed to materially affect the control of the Company.

Shareholder Approval

As the exercise of the Warrants held by Minni, the exercise of any future stock options that may be granted to Minni, and the acquisition of additional common shares that Minni may acquire as a result of his participation in future private placements of common shares and/or warrants and from the purchases of common shares made in the open market could result in Minni acquiring greater than 20% of the Company's shares, the CDNX requires shareholder approval to this potential change of control. Accordingly, management is asking shareholders, as a group, excluding votes held by interested parties, namely, Minni and JVM, to approve the following ordinary resolution.

"Resolved that:

1. subject to regulatory approval, the potential change of control of the Company to Jerry A. Minni, be and is hereby approved; and
2. the directors and officers of the Company are hereby authorized and directed to perform all such acts, deeds and things and execute, under the seal of the Company or otherwise, all such documents and other writings as may be required to give effect to the true intent of this resolution."

As of March 14, 2002, the Company had a total of 4,657,305 common shares issued and outstanding. To the best knowledge of management, insiders, excluding Jerry Minni and JVM, and their associates beneficially own a total

of 937,784 common shares. Accordingly, the total number of shares held by disinterested shareholders will be 3,719,521.

Approval of Amended and Restated Stock Option Plan

Under the Company's stock option plan dated April 15, 1998 (the "1998 Plan"), the Company was permitted to grant stock options under which up to 477,821 (2,389,105 pre-consolidated) common shares could be purchased. As at March 14, 2002, the Company had granted stock options under the 1998 Plan under which 366,300 common shares could be purchased, all of which remain outstanding. Accordingly the Company was, as at March 14, 2002, only permitted to grant additional stock options to purchase up to 111,521 common shares under the 1998 Plan.

Prior to the date of the Meeting the directors of the Company will consider, and if they deem it appropriate, approve an amended and restated stock option plan (the "Amended Plan"). The Amended Plan will provide that the Company may grant stock options under which up to 931,461 common shares may be purchased, which represents 20% of the issued and outstanding shares of the Company as at the record date. The 931,461 shares available for issuance upon the grant of stock options under the Amended Plan includes the 366,300 shares which are issuable upon the exercise of existing options.

The Company has not granted stock options to purchase any additional common shares of the Company since November 22, 2001. The Amended Plan is similar in all other material respects to the 1998 Plan with the exception that:

1. the definition of "Employee" has been revised to include "service providers" (as that term is defined by The Toronto Stock Exchange) and "consultants" (as that term is defined under BCI 45-507 issued by the British Columbia Securities Commission); and
2. the definition of "Market Price" has been changed to refer to the closing trading price of the shares immediately preceding the grant date rather than the weighted average trading price of the shares for those days that the shares traded over the 10 days immediately preceding the grant date.

A copy of the Amended Plan will be available at the Meeting for review by the shareholders. In addition, upon request, shareholders may obtain a copy of the Amended Plan from the Company prior to the Meeting.

Shareholder Approval

CDNX requires that listed companies obtain the approval of their shareholders for amendments to stock option plans.

In addition, under the rules and policy of the CDNX, disinterested shareholder approval is required to be obtained prior to the exercise of options granted to insiders, whether granted under the 1998 Plan or otherwise, which have been amended, other than in respect of amendments reducing the number of shares under option, increasing the exercise price or cancelling an option.

To ensure that the Amended Plan is acceptable to the Company's shareholders, and provided that the Company's directors approve the Amended Plan, disinterested shareholders, as a group, excluding insiders to whom options may be issued, and their associates, will be asked to approve the following ordinary resolution.

"Resolved that:

1. the Company's amended and restated stock option plan (the "Amended Plan") be and it is hereby adopted and approved;
2. the Company be authorized to grant stock options under the Amended Plan, which (together with the existing stock options that were granted prior to the amendment and

restatement of the stock option plan) may be exercised to purchase up to 931,461 common shares of the Company, whether or not the grant results in:

- (a) the Company having options outstanding to insiders which, in aggregate, are exercisable to acquire over 10% of the outstanding common shares of the Company; or
 - (b) the issuance to insiders, within a one year period, of common shares which, in aggregate, exceed 10% of the outstanding common shares of the Company; or
 - (c) the issuance to any one insider and such insider's associates, within a one year period, of common shares which, in aggregate, exceed 5% of the outstanding common shares of the Company; or
 - (d) the decrease of the exercise price of stock options previously granted to insiders of the Company;
3. the board of directors, by resolution, be and is authorized to make such amendments to the Amended Plan, from time to time, as may, in its discretion, be considered appropriate, provided always that such amendments be subject to the approval of all applicable regulatory authorities; and
4. any one or more of the directors or senior officers of the Company be and he or she is hereby authorized and directed to perform all such acts, deeds and things and execute, under the seal of the Company, or otherwise, all such documents and other writings, including treasury orders, as may be required to give effect to the true intent of this resolution."

As of March 14, 2002, the Company had a total of 4,657,305 common shares issued and outstanding. To the best knowledge of management, insiders, excluding insiders to whom options may be issued, and their associates beneficially own a total of 1,226,082 common shares. Accordingly, the total number of shares held by disinterested shareholders will be 3,431,223.
