DuPont Canada Acquisition of Liqui-Box Corporation gets Shareholder Approval

News from DuPont Canada Inc.

Mississauga, Ontario (May 28, 2002) --- DuPont Canada Inc. (TSE: DUP.A) and Liqui-Box Corporation (NASDAQ: LIQB) announced today that Liqui-Box shareholders voted in favor of the previously announced proposal whereby DuPont Canada's wholly-owned subsidiary, Enhance Packaging Technologies Inc. will acquire all of the outstanding common shares of Liqui-Box. Under the terms of the Agreement and Plan of Merger, which was approved today at a special meeting of Liqui-Box shareholders held in Columbus, Ohio, shareholders will be entitled to receive a cash payment of US\$67 per share. As all regulatory consents have been obtained, the merger is expected to be completed on May 31, 2002.

Liqui-Box is a leading manufacturer of packaging systems for pumpable food products for institutional applications. Upon completion of the merger, the combined businesses of Liqui-Box and Enhance will operate as Liqui-Box, a DuPont Canada company. The combined business will offer complete turnkey systems for the aseptic and refrigerated liquid packaging of beverages, dairy products or pumpable foods, in retail as well as institutional applications, anywhere in the world. Ash Sahi, Enhance's President and CEO, will lead the unit, which has operations in North America, South America, Europe and Asia and more than 1,000 employees. Liqui-Box will no longer have a NASDAQ listing.

This acquisition is expected to contribute to DuPont Canada's earnings in the first 12 months of combined operations.
